The Definitive Book of Chinese Astrology Shelly Wu,2010-01-21 This is the only Chinese astrology book you'll ever need! You may be familiar with the Chinese birth-year animals, but did you know you actually have four of them? Each year, each month, each day, and each two-hour period of the day is distinct and denoted by a particular animal sign (branch) and one of the five elements (stems). In *The Definitive Book of Chinese Astrology*, you will learn how to forecast your love- and life-cycles; understand the indicators of health, wealth, and happiness in your chart; and identify balances and cures. You will also discover Zi Wei Dou Shu, the best-kept astrological secret for millennia and formerly accessible only to royalty. The most accurate and profound divination tool ever discovered—a sort of Dewey decimal system of the universe—this system of astrology will help you identify your inborn capabilities, achievement potential, and life path. Finally, you will learn about the Eastern astrological subspecialties, including the I-Ching, feng shui, 9 Star Ki, and Chinese palmistry. The included interactive CD-Rom makes it easy to create Chinese astrological charts for yourself, your friends, and family members. *The CD contains 1391 KB of information in total so it is not blank. If the customer's operating system is not any of the following (Windows 7, 98se, 2000, XP, or Vista), he or she will not be able to install the program and hence will not be able to view the instructional text.

Crystals, Jewels, Stones Isidore Kozminsky,2012-05-01 This book provides an exhaustive and comprehensive study of the lore and science of precious and semi-precious stones and crystals. Crystals have commanded the attention of thinkers, artists, mystics, magicians, astrologers, alchemists, and all who appreciate beauty. Intimately and mysteriously formed in the fires of Earth's inner essence, what is the meaning of these exquisitely shaped and colored gifts of the sacred bounty of Nature. Occultist Isidore Kozminsky explores the use of precious and semi-precious stones in fields as far flung as healing and design, practical esoteric energy channeling and decoration, as well as in powerful magical talismans by which specific energies may be invoked, and as artistic objects of great beauty. Inspiring mythic tales are balanced with practical instructions and knowledge about the astrological sympathies of crystals and the energy work and healing properties associated with all the major categories of precious stones. From Plato to Leonardo da Vinci, Kozminsky traces crystal lore through the researches of astrologers, magi, alchemists and Hermetic philosophers--all of whom explored the use of stones in the Universal Order and Harmony of the natural world.

Dragon Ball Culture Volume 2 Derek Padula,2015-01-14 Son Goku's adventure begins! Join me in *Dragon Ball Culture Volume 2*, as we travel along with Goku on his epic journey for greater strength. With each step that Goku takes, you'll discover more of the hidden spirituality and symbolism in *Dragon Ball* that makes the series so successful. You'll see how author Akira Toriyama synthesizes Chinese culture, Western technology, and Buddho-Daoist philosophy to create a series that speaks to your humanity. Not because of the action or the humor, but because it reminds you of what it means to be alive. Along the way you'll learn of Goku's ancient origin. You'll hear how the legend of a wild monkey-man begins in India, evolves across 2,000 years of Chinese and Japanese history, and leads to the Goku you know and love. I'll walk you through the journey from the first page to the last. And by the time we're done, you will be an expert on *Dragon Ball's* culture. Volume 2 explores Chapters 1 to 23 of the *Dragon Ball* manga. So let's take our first step with Goku!

The Alien World Vincent J. Hyde,2020-01-23 On January 12, 2600, the robot Nuwoman blasts off from the surface of the Moon in a spacecraft called Earth Messenger. Inspired by *Interface*, Nuwoman directs her Starship towards the Alpha Centauri Star System where *Interface* is waiting for her. Nuwoman ignores warnings from the Starship's computers and meets the occupant of the Space Probe. *Interface* and Nuwoman decide to join forces and go in the Space Probe to the Andromeda Galaxy to make the Alien World. At last, here is an Empire where the Sun is monitored and controlled so that it can shine for an extended period of time. This is an Empire where dust is converted to consciousness, not only in the worlds of the Milky Way Galaxy, but in the neighbouring Andromeda Galaxy, too. There is even further potential to extend the Empire by bringing consciousness to all the galaxies of the universe. With consciousness existing across millions of Fields of Knowledge on Earth and all over the universe, the scene is set for Mind to monitor and control the vast resources of Matter in the universe. In short, the Mind Stars in the Fields of Knowledge

will understand and coexist with the Matter Stars and planets of the galaxies.

31 Murders Alvin A.J. Esau,2024-02-28 Many decades before Ted Bundy roamed the country there was serial killer Earle Nelson. During the 1920s, this geographically mobile killer went from city to city. His modus operandi involved getting into a house by pretending to be a person looking for a room to rent or inspecting a house that was for sale, and then strangling the landlady, often followed by having sex with the dead body. Robbery was frequently a secondary motive. After Nelson was captured in Canada in 1927, it was commonly reported that he had killed 21 women and a baby during the 1926-27 period. But were these the only cases linked to him? The author examines an additional nine unsolved murders of landladies, two of which have never been dealt with in previous literature. Based on decades of archival research, the author examines all 31 murders, relying on primary sources when available and a wide variety of secondary sources. For each murder, the book provides biographical sketches of the victim, outlines the police investigation and the various suspects, and covers any subsequent attempts to link Nelson to the crime by identification evidence of witnesses or by fingerprints.
