Job Finder Damir Edenhofer, 2020-05-16 Prologue This book is intended to serve you as a decision-making aid, primarily to create a new consciousness or to expand on what already exists. It will also show you how to combine your strengths and your personality with your interests in order to find the ideal profession for you. In this book, I share with you, among other things, experiences that we as parents have had with our children, but also experiences that I have been able to gather during my long professional career. In the ideal case, this decision aid will make you more flexible in your thoughts. Moreover, it should encourage you to think more around corners and it should serve as a good signpost that helps you to look for and find a suitable job for you. No matter if you are looking for your first apprenticeship or if you have already gained some work experience, if you want to break out of unemployment or if you just want to change your job. Even if you should have other reasons and are looking for suitable jobs for yourself or others, this decision maker can help you in your search. Briefly about my career: first apprenticeship at the end of the 80s - car mechanic (IHK), letter carrier, warehouse manager, environmental protection officer, sales inspector, second apprenticeship in 2010 as computer scientist (IHK), database developer, database administrator, sales representative IT security, overall responsibility for order process, distance learning to become a certified computer scientist (SGD), clerk, refugee assistance, system integrator, project manager, support, self-employed. Meanwhile I am in my mid-forties and as you can see from my career, I have already worked in several different professions and fields of activity. The individual fields of activity are again very different and range from simple tasks, project management, management positions with over 100+ employees, to distance learning and self-employment. From this colourful mix and many other aspects, I would like to share my experiences with you. Enjoy reading.
