📖 **You're Hired!** Rae A. Stonehouse,2018-10-29 Looking for work? Having difficulty in landing your dream job... or any job? Don't know how to do it? You're Hired! Job Search Strategies That Work provides powerful strategies and tactics to land your next job. Searching for and landing a job can be a stressful, demoralizing experience, especially, if you don't know how to do it properly. The 'old ways' of finding a job often don't work anymore. Finding rewarding work ... is work! You're Hired! Job Search Strategies That Work, puts you to work in learning how to use 'best practices' to land your 'dream' job. This easy-to-read book is a systematic program providing strategic tactics to maximize your job searching effectiveness. Did you know there is a psychology behind the process of job searching? You're Hired! Job Search Strategies That Work helps you understand the psychology of job-searching and sets you up for envisioning your success. Resumes... It is often said that "resumes are your ticket to job searching success." Resumes are still the not so secret weapon to landing a job. You won't win a lottery if you don't have a ticket and you are unlikely to be invited for a job interview if you don't have a dynamic, effective resume that features you as the solution to a problem. Your resume is your ticket that leads to being invited for an interview where you can expand upon your value. An effective, eye-catching resume will get you an interview. We show you how to craft and fine-tune a magnetic resume that will attract an employer's attention. Are you networking? Many job search industry professionals say that networking is the single most effective strategy for landing your next job. You may think you don't know anyone who can help you with your job search. But you know more people than you think, and they are willing to help you. However, you need to reach out and connect with them first. "It's not who you know... it's who knows you know..." You're Hired! Job Search Strategies That Work helps you build upon your existing network of contacts and take it to the next level, an opportunity-creating machine. References... Do you have your professional and personal references in place? Are they primed to be your personal cheerleaders? No? Well they should be. You're Hired! Job Search Strategies That Work provides you with proven tactics to leverage your references to help nail the job for you. Job Interviewing... While looking for a new job and going through hiring interviews can be exciting for some people, for many of us it can be a stressful experience. Is the thought of a job interview keeping you awake at night? You're Hired! Job Search Strategies That Work systematically builds your skills to excel at interview questions and help you sleep at night. From our experience, one of the biggest problems job seekers often face is they feel they are coming from an inferior position and they don't have a lot of personal power. The belief being that the employer has the superior position and has all the power. Sound familiar? Yes, they have the job and they have the power to give you the job ... or not. What you may not realize is many hiring managers are under similar pressures as you, the job seeker. They are accountable to their superiors should the person they hire not work out. They have the pressure of finding the right candidate for the vacancy they need to fill. You're Hired! Job Search Strategies That Work levels the playing field between you and the employer. Your task is to become the only choice. The right choice!

📖 **The 2-Hour Job Search** Steve Dalton,2012-03-06 A job-search manual that gives career seekers a systematic, tech-savvy formula to efficiently and effectively target potential employers and secure the essential first interview. The 2-Hour Job Search shows job-seekers how to work smarter (and faster) to secure first interviews. Through a prescriptive approach, Dalton explains how to wade through the Internet's sea of information and create a job-search system that relies on mainstream technology such as Excel, Google, LinkedIn, and alumni databases to create a list of target employers, contact them, and then secure an interview—with only two hours of effort. Avoiding vague tips like "leverage your contacts," Dalton tells job-hunters exactly what to do and how to do it. This empowering book focuses on the critical middle phase of the job search and helps readers bring organization to what is all too often an ineffectual and frustrating process.

📖 **Hook Up, Get Hired!** Joyce Lain Kennedy,1995-05-08 A successful author and leading career columnist provides superlative information regarding opportunities offered by electronic job ads, various employment-related online databases and informal bulletin boards available on the Internet. 📖 **Manage Your Job Search** Johanna Rothman,2015-08-13 A job search is an emergent project. How do you handle an emergent project? By creating a system that allows for serendipity and flexibility: personal kanban and one-week timeboxes. Once you have a system, you can use the tips in Part 2 to prepare for your job search: choose your career, write your resume, prepare for your interviews, and decide how you will decide on an offer. In Part 3, you'll learn how to network without feeling slimy. You'll learn to build your target network, where to look for the jobs that you need, and how to spot the warning signs of a job that organizations might no longer need. There are many traps for unsuspecting job hunters, so Part 4 has a section on traps to avoid and tips to try. If you're in special circumstances, such as being a new grad, in a career transition, or over 50, then Part 5 is for you. Even if you've been diligent, any job search can take more than three months. Part 6 addresses your feelings and how to persevere when your search seems as if it takes forever. Written with her trademark practicality, humor, and empathy, Johanna will help you learn how to find your next job. This book was written and produced entirely by the author. We are proud to be distributing it.

📖 **It's Not About You, It's About Them** C. Bruce Flanagan,2010 There is no real silver bullet to find a job. If there were, all you would need would be an order blank, and not a handbook. The job search is about you, but the application of the job search is about them. Throughout this book, you will see the phrase It is not about you, it is about them. You are a worthy person and should be doing a job that is your passion. However, that is not why companies and organizations hire people. People are hired because they have the skills that companies can use to either make a profit or complete their mission. Whether profit, nonprofit, or government position, the skill the company needs and that you offer must match to be assured consideration for the job. A job search is the hardest work for the poorest pay of any job you will ever do. If you are not spending as many hours in your job search as you spent doing your previous job, you will probably not find a job you will enjoy on the same level that you were accustomed to. C. Bruce Flanagan is the lead consultant for LEJ Unlimited. After a career as a nation-leading salesman of custom media, he launched a consulting career for job seekers. He has 11 years of job search experience. He was president of Business and Profession Exchange (BPE), Central Indiana's leading networking group. With Bruce's leadership, BPE received publicity on multiple television stations, including a personal appearance by Bruce on Gerry Dick's television program, Inside Indiana Business. BPE was also the subject of a lead story in The Indianapolis Business Journal.

📖 **The Five O'Clock Club Job Search Workbook** Kate Wendleton,2007 The Five O'Clock Club Job Search Workbook presents a highly, successful national job-search program with an approach to career development. This workbook presents information on how to plan a job search campaign and measure the effectiveness of that campaign, write cover letters and resumes, and prepare for interviews. In addition, the text covers the final stages of the job search process: readers learn how to turn job interviews into offers, and how to negotiate the best possible employment package. Special features of the workbook include assessment exercises, target selection and measurement, resume case studies, campaign planning worksheets, and two-minute pitch development.
