The 2-Hour Job Search Steve Dalton, 2012-03-06 A job-search manual that gives career seekers a systematic, tech-savvy formula to efficiently and effectively target potential employers and secure the essential first interview. The 2-Hour Job Search shows job-seekers how to work smarter (and faster) to secure first interviews. Through a prescriptive approach, Dalton explains how to wade through the Internet's sea of information and create a job-search system that relies on mainstream technology such as Excel, Google, LinkedIn, and alumni databases to create a list of target employers, contact them, and then secure an interview—with only two hours of effort. Avoiding vague tips like “leverage your contacts,” Dalton tells job-hunters exactly what to do and how to do it. This empowering book focuses on the critical middle phase of the job search and helps readers bring organization to what is all too often an ineffectual and frustrating process.

**The Unwritten Rules of the Highly Effective Job Search: The Proven Program Used by the World's Leading Career Services Company** Orville Pierson, 2010-09-17 The Proven Program Used by 600,000 Job Hunters! You put hours and hours of hard work into your job search and the companies you've contacted never call. It's a story all too common in the fast-paced, highly competitive world of job hunting. Nothing is more discouraging than sending one resumé after another into the job-hunting void. Eventually, you expect silence from the other end. The Unwritten Rules of the Highly Effective Job Search was written so this never happens to you again. These techniques, developed by author Orville Pierson, have been used successfully for ten years by Lee Hecht Harrison (LHH), the world's premier career services company. Here, Pierson provides you with the job-search techniques that up to now have been limited to the LHH consultants he trains. Orville Pierson has helped thousands of job hunters during his career, taking note of the characteristics that have led to success as well as failure. In *The Unwritten Rules of the Highly Effective Job Search*, he supplies key information on how professional job search consultants structure the job search project so you can apply the same winning strategies to your own search. You'll also be privy to inside information on how decision makers operate, enabling you to get the inside track on job openings before they are announced. This insider's guide covers every phase of the job search, leading you step by step through the process of creating a clear-cut plan—essential to every job search. Using the Pierson Method, you'll learn how to Develop a Target List (the key ingredient to every job search) Measure your progress Create a “core message” about yourself that decision makers won't forget Present yourself in the best possible light to prospective employers Using these strategies, Orville Pierson and LHH have helped 600,000 people land great new jobs. Employ the Pierson Method in your hunt for employment and you'll soon be doing what you love in the company that's right for you.

*The Job Search Navigator* Matt Durfee, 2015-12-21 “A no-holds-barred view of career management in a turbulent world . . . provides a reality-based perspective that should be of value to all who read [it].” —Len Schlesinger, president emeritus at Babson College, Baker Foundation professor, Harvard Business School In these uncertain times, *The Job Search Navigator* is a reliable guide to every step of the twenty-first-century job hunt, whether readers are laid off, wanting to change careers after surviving cutbacks, or seeking a better full-time gig in a stagnant marketplace. Author Matt Durfee writes from the perspective of someone who has both recruited for some of America's biggest companies and navigated his way through nine of his own job losses. The book combines practical real-world perspectives with the technical knowledge job seekers need in order to excel at every aspect of their searches. Drawing on the knowledge Durfee accumulated through his own experiences, searches, and big-brand corporate hiring responsibilities, *The Job Search Navigator* abandons the “clinical approach” of many other career-advice books. Instead, Durfee gives easy-to-follow strategies and, perhaps more importantly, recounts in illuminating detail the kinds of mistakes that led him to develop these strategies. “From the strategic to the emotional to the tactical—this is one of the most practical and useful books on career management I've read in a very, very long time.” —L. Kevin Cox, chief human resources officer, American Express Company “Matt's expertise in this space is unmatched. We live in a world where constant reinvention is the rule and *The Job Search Navigator* is essential reading for those who want to take control of their career trajectory.” —Scott Westerman, executive director & associate vice president for alumni relations, Michigan State University

The 2-Hour Job Search, Second Edition Steve Dalton, 2020-04-21 Use the latest technology to target potential employers and secure the first interview--no matter your experience, education, or network--with these revised and updated tools and recommendations. “The most practical, stress-free guide ever written for finding a white-collar job.”—Dan Heath, coauthor of *Switch* and *Made to Stick* Technology has changed not only the way we do business, but also the way we look for work. The 2-Hour Job Search rejects laundry lists of conventional wisdom in favor of a streamlined job search approach that produces results quickly and efficiently. In three steps, creator Steve Dalton shows you how to select, prioritize, and make contact with potential employers so you can land that critical first interview. In this revised second edition, you'll find updated advice on how to efficiently surf online job postings, how to reach out to contacts at your dream workplace and when to follow up, and advice on using LinkedIn, Indeed, and Google to your best advantage. Dalton incorporates ideas from leading thinkers in behavioral economics, psychology, and game theory, as well as success stories from readers of the first edition. The 2-Hour Job Search method has proven so successful that it has been shared at schools across the globe and is a formal part of the curriculum for all first-year MBAs at Duke University. With this book, you'll learn how to make it work for you too.

The Empowered Job Search: Build a New Mindset and Get a Great Job in an Unpredictable World Cathy Wasserman, 2021-06-14 The Empowered Job Search is not your typical job search book. Our starting point isn't with cover letters or resumes, but YOU. Because the process can feel so disempowering, we help you develop the psychological tools to manage your emotions and build an empowered mindset to have true agency in your search. You'll discover powerful tools to navigate every step of your job search, from setting up

your daily schedule and clarifying your ideal work, to creating a one-of-a-kind resume and cover letter. The book also includes interview tips, how to negotiate your offer, a framework for making difficult decisions, and how to start your new job from a place of power. Our approach is based in both theory and practice: we draw on positive psychology, Buddhist principles, and Nonviolent Communication, as well as our leadership and career coaching work with thousands of clients. At its core, *The Empowered Job Search* is a call to action to humanize the job search and create a better work world. We hope that you not only get a great new job, but also feel inspired to create a more compassionate, creative, and equitable workplace.

***The Job Search Solution*** Tony BESHARA, 2012-01-12 When Dr. Phil's viewers need help turning their job search woes into employment success, he calls in Tony Beshara. One of the most successful placement professionals in the United States, Beshara knows what works and what doesn't. In *The Job Search Solution*, he outlines the simple yet powerful system that has helped over 100,000 people land jobs they love. Now, in a completely updated second edition, Beshara addresses the major challenges that confront candidates seeking employment today, including advice for readers who have been out of work for a while, were fired from their last job, are looking to change careers, or may be facing discrimination due to age. Featuring interactive exercises, real-life examples, practical Do's and Don'ts, and other essential tools, the new edition reveals how candidates can create a personal brand online, communicate with potential employers via e-mail, and leverage personal stories throughout the interview process. Both practical and empowering, *The Job Search Solution* gives readers the tools they need to get hired in one of the toughest job markets ever.

***The Academic Job Search Handbook*** Julia Miller Vick, Jennifer S. Furlong, 2013-06-12 For more than 15 years, *The Academic Job Search Handbook* has assisted job seekers in all academic disciplines in their search for faculty positions. The guide includes information on aspects of the search that are common to all levels, with invaluable tips for those seeking their first or second faculty position. This new edition provides updated advice and addresses hot topics in the competitive job market of today, including the challenges faced by dual-career couples, job search issues for pregnant candidates, and advice on how to deal with gaps in a CV. The chapter on alternatives to academic jobs has been expanded, and sample resumes from individuals seeking nonfaculty positions are included. The book begins with an overview of the hiring process and a timetable for applying for academic positions. It then gives detailed information on application materials, interviewing, negotiating job offers, and starting the new job. Guidance throughout is aimed at all candidates, with frequent reference to the specifics of job searches in scientific and technical fields as well as those in the humanities and social sciences. Advice on seeking postdoctoral opportunities is also included. Perhaps the most significant contribution is the inclusion of sample vitas. *The Academic Job Search Handbook* describes the organization and content of the vita and includes samples from a variety of fields. In addition to CVs and research statements, new in this edition are a sample interview itinerary, a teaching portfolio, and a sample offer letter. The job search correspondence section has also been updated, and there is current information on Internet search methods and useful websites.

***Careers in Publishing*** Blythe Camenson, 2002-04-22 Expert guidance on exploring and choosing a career in publishing Ideal if you are a college-bound student or are thinking about making a career change, *Careers in Publishing* offers necessary information needed to explore the profession and then narrow it down to a job that suits you. It details the responsibilities, education and training required, and employment outlooks for dozens of satisfying careers in the publishing field.

***The Worst Jobs in History*** Sir Tony Robinson, 2017-06-27 Whether it's swilling out the crotch of a knight's soiled armor after the battle of Agincourt, risking his neck in the rigging of HMS Victory, or as Groom of the Stool going to places where none of Henry VIII's six wives would venture, Tony endures the worst jobs imaginable to get to the bottom (sometimes literally) of the story. From the Roman invasion to the reign of Queen Victoria, Tony has met the challenge of seeking out the worst jobs of each era. The Gunpowder Plot drew Tony to the role of the Saltpetre Man who collected human waste because its nitrate content could be turned into gunpowder. In the same vein, he has revealed some of the worst jobs behind the building of the great medieval cathedrals. With Tony we discover the dire conditions of Nelson's Victory, where the most common form of retirement was being sewn into a hammock with a couple of cannon balls and dropped over the side. Then there's the impact of the Industrial Revolution, a source of wealth and power for the few, but a cornucopia of lousy jobs for the many. Packed with disgusting yet fascinating professions, this book really gets into the grime of how life was for ordinary people, and provides a vivid alternative (and fairly disgusting) history of Britain.

**The Oxford Handbook of Job Loss and Job Search** Ute-Christine Klehe PhD,Edwin van Hooft PhD,2018-05-08 Job search is and always has been an integral part of people's working lives. Whether one is brand new to the labor market or considered a mature, experienced worker, job seekers are regularly met with new challenges in a variety of organizational settings. Edited by Ute-Christine Klehe and Edwin A.J. van Hooft, The Oxford Handbook of Job Loss and Job Search provides readers with one of the first comprehensive overviews of the latest research and empirical knowledge in the areas of job loss and job search. Multidisciplinary in nature, Klehe, van Hooft, and their contributing authors offer fascinating insight into the diverse theoretical and methodological perspectives from which job loss and job search have been studied, such as psychology, sociology, labor studies, and economics. Discussing the antecedents and consequences of job loss, as well as outside circumstances that may necessitate a more rigorous job hunt, this Handbook presents in-depth and up-to-date knowledge on the methods and processes of this important time in one's life. Further, it examines the unique circumstances faced by different populations during their job search, such as those working job-to-job, the unemployed, mature job seekers, international job seekers, and temporary employed workers. Job loss and unemployment are among the worst stressors individuals can encounter during their lifetimes. As a result, this Handbook concludes with a discussion of the various types of interventions developed to aid the unemployed. Further, it offers readers important insights and identifies best practices for both scholars and practitioners working in the areas of job loss, unemployment, career transitions, outplacement, and job search.

*The Problem of Jobs* Guian A. McKee,2010-06-15 Contesting claims that postwar American liberalism retreated from fights against unemployment and economic inequality, The Problem of Jobs reveals that such efforts did not collapse after the New Deal but instead began to flourish at the local, rather than the national, level. With a focus on Philadelphia, this volume illuminates the central role of these local political and policy struggles in shaping the fortunes of city and citizen alike. In the process, it tells the remarkable story of how Philadelphia's policymakers and community activists energetically worked to challenge deindustrialization through an innovative series of job retention initiatives, training programs, inner-city business development projects, and early affirmative action programs. Without ignoring the failure of Philadelphians to combat institutionalized racism, Guian McKee's account of their surprising success draws a portrait of American liberalism that evinces a potency not usually associated with the postwar era. Ultimately interpreting economic decline as an arena for intervention rather than a historical inevitability, The Problem of Jobs serves as a timely reminder of policy's potential to combat injustice.
