JFK, the Presidency of John F. Kennedy Herbert S. Parmet, 1983 An objective account of the personalities and events and their effects on each other during John Kennedy's presidency.

John F. Kennedy Michael O'Brien, 2006-05-16 John F. Kennedy creates an absorbing, insightful and distinguished biography of one of America's most legendary Presidents. While current fashion in Kennedy scholarship is to deride the man's achievements, this book describes Kennedy's strengths, explains his shortcomings, and offers many new revelations. There are many

specialized books on Kennedy's career, but no first-class modern biography-- one that takes advantage of the huge volume of recent books and articles and new material released by the JFK library. Ten years in the making, this is a balanced and judicious profile that goes beyond the clash of interpretations and offers a fresh, nuanced perspective.

The Letters of John F. Kennedy John F. Kennedy, 2013-10-29 A definitive collection of letters by and to JFK offers unique insights into his character and times, in a volume that includes correspondences with such figures as Martin Luther King Jr., Eleanor Roosevelt, and a young John Kerry.

John F Kennedy iMinds, 2009 Learn about the life and times of John F Kennedy with iMindsJNR audio learning series for younger minds. John Fitzgerald Kennedy, or JFK, was President of the United States of America from 1961 to 1963. From his unlikely rise to power at the age of forty-three to his dramatic death at the hand of an assassin, his presidency marked a transformative and tumultuous period in American history. Kennedy was America's first Catholic President ...

Listening In , 2012-12-18 To mark John F. Kennedy's centennial, celebrate the life and legacy of the 35th President of the United States. In July 1962, in an effort to preserve an accurate record of Presidential decision-making in a highly charged atmosphere of conflicting viewpoints, strategies and tactics, John F. Kennedy installed hidden recording systems in the Oval Office and in the Cabinet Room. The result is a priceless historical archive

comprising some 265 hours of taped material. JFK was elected president when Civil Rights tensions were near the boiling point, and Americans feared a nuclear war. Confronted with complex dilemmas necessitating swift and unprecedented action, President Kennedy engaged in intense discussion and debate with his cabinet members and other advisors. Now, in conjunction with the fiftieth anniversary of the Kennedy presidency, the John F. Kennedy Library and historian Ted Widmer have carefully selected the most compelling and important of these remarkable recordings for release, fully restored and re-mastered onto two 75-minute CDs for the first time. *Listening In* represents a uniquely unscripted, insider account of a president and his cabinet grappling with the day-to-day business of the White House and guiding the nation through a hazardous era of uncertainty. Accompanied by extensively annotated transcripts of the recordings, and with a foreword by Caroline Kennedy, *Listening In* delivers the story behind the story in the unguarded words and voices of the decision-makers themselves. *Listening In* covers watershed events, including the Cuban Missile Crisis, the Space Race, Vietnam, and the arms race, and offers fascinating glimpses into the intellectual methodology of a circumspect president and his brilliant, eclectic brain trust. Just as the unique vision of President John F. Kennedy continues to resonate half a century after his stirring speeches and bold policy decisions, the documentary candor of *Listening In* imparts a vivid, breathtaking immediacy that will significantly expand our understanding of

his time in office.

John F. Kennedy in Quotations , 2013-02-25 John F. Kennedy in Quotations is a compilation of more than 2,000 quotations selected from the speeches and other public addresses that Kennedy delivered to an audience, either in person or in a radio or television broadcast, during his term as president, and earlier, between Kennedy's January 2, 1960, announcement of his intention to seek the Democratic Party's nomination for president and the November 8 general election. The quotations are organized topically into more than 60 primary subject areas, many with subsections, covering a broad range of both domestic and foreign policy issues, such as Communism and the Cold War, Space Exploration, Nuclear War, the Peace Corps, and Civil Rights. The title and date of the speech from which each quotation was taken, as well as, where

appropriate, the speech's venue and audience, are also provided. John F. Kennedy in Quotations is the most comprehensive and accessible collection of Kennedy quotations available, offering new and revealing insights into the mind and heart of the nation's 35th president.

John F. Kennedy, 1991

The Road to Dallas David Kaiser, 2008-03-31 The assassination of President John F. Kennedy was an appalling and grisly conspiracy. In this unvarnished story, Kaiser shows that the events of November 22, 1963, cannot be understood without fully grasping the two larger stories of which they were a part: the U.S. government's campaign against organized crime, which began in the late 1950s and accelerated dramatically under Robert Kennedy; and the furtive quest of two administrations to eliminate Fidel Castro. This book brings to light the complete, frequently shocking, story of the JFK assassination and its aftermath.
