**Women and Journalism** Suzanne Franks,2013-08-30 In many countries, the majority of high profile journalists and editors remain male. Although there have been considerable changes in the prospects for women working in the media in the past few decades, women are still noticeably in the minority in the top journalistic roles, despite making up the majority of journalism students. In this book, Suzanne Franks looks at the key issues surrounding female journalists - from on-screen sexism and ageism to the dangers facing female foreign correspondents reporting from war zones. She also analyses the way that the changing digital media have presented both challenges and opportunities for women working in journalism and considers this in an international perspective. . In doing so, this book provides an overview of the ongoing imbalances faced by women in the media and looks at the key issues hindering gender equality in journalism.

**Women and Journalism** Deborah Chambers,Linda Steiner,Carole Fleming,2004-06-01 Women and Journalism offers a rich and comprehensive analysis of the roles, status and experiences of women journalists in the United States and Britain. Drawing on a variety of sources and dealing with a host of women journalists ranging from nineteenth century pioneers to Martha Gellhorn, Kate Adie and Veronica Guerin, the authors investigate the challenges women have faced in their struggle to establish reputations as professionals. This book provides an account of the gendered structuring of journalism in print, radio and television and speculates about women's still-emerging role in online journalism. Their accomplishments as war correspondents are tracked to the present, including a study of the role they played post-September 11th.

Women in American Journalism Jan Whitt,2008 Jan Whitt tells the stories of women who have been overlooked in journalism history, offering an important corrective to scholarship that narrowly focuses on the deeds of men like Joseph Pulitzer and William Randolph Hearst. She explores the lives of women reporters who achieved significant historical recognition, such as Ida Tarbell and Ida Wells-Barnett, as well as literary authors such as Joan Didion, Susan Orlean, Willa Cather, and Eudora Welty, whose work blends influences from both journalism and literature. This study shows how numerous women broadened the editorial scope of newspapers and journals, transformed women's professional roles, used journalism as a training ground for major literary works, and led breakthroughs in lesbian and alternative presses.

Women Journalists in the Western World Romy Fröhlich, Sue Ann Lafky, 2008

**Front-Page Girls** Jean Marie Lutes, 2018-09-05 The first study of the role of the newspaperwoman in American literary culture at the turn of the twentieth century, this book recaptures the imaginative exchange between real-life reporters like Nellie Bly and Ida B. Wells and fictional characters like Henrietta Stackpole, the lady-correspondent in Henry James's *Portrait of a Lady*. It chronicles the exploits of a neglected group of American women writers and uncovers an alternative reporter-novelist tradition that runs counter to the more familiar story of gritty realism generated in male-dominated newsrooms. Taking up actual newspaper accounts written by women, fictional portrayals of female journalists, and the work of reporters-turned-novelists such as Willa Cather and Djuna Barnes, Jean Marie Lutes finds in women's journalism a rich and complex source for modern American fiction. Female journalists, cast as both standard-bearers and scapegoats of an emergent mass culture, created fictions of themselves that far outlasted the fleeting news value of the stories they covered. *Front-Page Girls* revives the spectacular stories of now-forgotten newspaperwomen who were not afraid of becoming the news themselves—the defiant few who wrote for the city desks of mainstream newspapers and resisted the growing demand to fill women's columns with fashion news and household hints. It also examines, for the first time, how women's journalism shaped the path from news to novels for women writers.

**Women Making News** Michelle Elizabeth Tusan, 2005 *Women Making News* tells two stories: first, it examines alternative print-based political cultures that women developed during the late nineteenth and early twentieth centuries and second, it explores how British female subjects themselves forged a wide range of new political identities through the pages of their press. Starting in the mid-nineteenth century, a rising cohort of female editors and journalists created a new genre of political journal they proclaimed to be both for and by women, which continued until the 1930s. The development of new specialized periodicals, such as *Women's Penny Paper*, *Votes for Women*, *Women's Gazette*, and *Shafts*, fostered the proliferation of diverse political agendas aimed at re-imagining

women's status in society. At the same time, the institutional infrastructure of the women's press provided new opportunities for women in nontraditional employments. Tusan's approach employs social and cultural historical analysis in the reading of popular printed texts, as well as rare and previously unpublished personal correspondence and business records from archives throughout Britain. *Women Making News* is the first book-length study to uncover the important relationship between print culture and the gender politics that provided a vehicle for women's mobilization in the political culture of modern Britain. Michelle Tusan is an assistant professor of British history at the University of Nevada, Las Vegas. A volume in *The History of Communication* series, edited by Robert W. McChesney and John C. Nerone

**Women, Men and News** Paula Poindexter, Sharon Meraz, Amy Schmitz Weiss, 2010-12-22 This multi-authored scholarly volume explores the divide between men and women in their consumption of news media, looking at how the sexes read and use news, historically and currently, how they use technology to access their news, and how today's news pertains to and is used by women. The volume also addresses diversity issues among women's use of news, considering racial, ethnic, international and feminist perspectives. The volume is intended to help readers understand adult news use behavior--a critical and timely issue considering the state of newspapers and television news in today's multi-media news environment.

**Raising Her Voice** Rodger Streitmatter, 2014-07-11 Each chapter is a biographical sketch of an influential black woman who has written for American newspapers or television news, including Maria W. Stewart, Mary Ann Shadd Cary, Gertrude Bustill Mossell, Ida B. Wells-Barnett, Josephine St. Pierre Ruffin, Delilah L. Beasley, Marvel Cooke, Charlotta A. Bass, Alice Allison Dunnigan, Ethel L. Payne, and Charlayne Hunter-Gault.

Women and Media Carolyn M. Byerly, Karen Ross, 2008-04-15 *Women and Media* is a thoughtful cross-cultural examination of the ways in which women have worked inside and outside mainstream media organizations since the 1970s. Rooted in a series of interviews with women media workers and activists collected specifically for this book, the text provides an original insight into women's experiences. Explains the ways that women have organized their internal and external campaigns to improve media content (or working conditions) for women, and established women-owned media to gain a public voice. Identifies key issues and developments in feminist media critiques and interventions over the last 30 years, as these relate to production, representation and consumption. Functions as both a research case study and a teaching text.

**Re-Evaluating Women's Page Journalism in the Post-World War II Era** Kimberly Wilmot Voss, 2018-09-05 *Re-Evaluating Women's Page Journalism in the Post-World War II Era* tells the stories of significant women's page journalists who contributed to the women's liberation movement and the journalism community. Previous versions of journalism history had reduced the role these women played at their newspapers and in their communities—if they were mentioned at all. For decades, the only place for women in newspapers was the women's pages. While often dismissed as fluff by management, these sections in fact documented social changes in communities. These women were smart, feisty and ahead of their times. They left a great legacy for today's women journalists. This

book brings these individual women together and allows for a broader understanding of women's page journalism in the 1950s and 1960s. It details the significant roles they played in the post-World War II years, laying the foundation for a changing role for women.

Newswomen Joyce Hoffmann, 2015-06-30 NEWSWOMEN: TWENTY-FIVE YEARS OF FRONT-PAGE JOURNALISM is an anthology of stellar work by 17 seventeen great female literary and investigative reporters whose newspaper writing has garnered awards over the past quarter century. Two more anthologies of literary long-form writing are upcoming.
