*The Fights of My Life* Greg Combet, Mark Davis, 2014-08-01 Greg Combet has been central to some of the biggest public struggles of our time - on the waterfront, the collapse of an airline, compensation for asbestos victims, the campaign against unfair workplace laws and then climate change. From an idyllic childhood on the Minchinbury estate in the western suburbs of Sydney, Combet's world changed dramatically with the early death of his wine-maker father. The shy child was uprooted to the suburbs and an uncertain future. A scholarship allowed him to study engineering and saw him appreciate first hand the role of unions in the workplace. He rose to lead the Australian trade union movement and become a senior minister in the Rudd and Gillard Labor governments. Along the way he has battled his own struggles, with political ideology, the impact of work on families and the loneliness of the parliamentary life. His story is not just a personal memoir; it is an insight into how power works in Australia, who holds it, how it is used and the ruthless ways in which it is snatched. *The Fights of My Life* is the story of a man who faces up to the power structures of politics, big business and the media. His latest target is the labour movement, arguing that the Labor Party and the trade unions must democratise to engage the next generation of activists to fight the good fight: to achieve a more fair and just Australia.

My Story Julia Gillard, 2015 Featuring new material. 'I was prime minister for three years and three days. Three years and three days of resilience. Three years and three days of changing the nation. Three years and three days for you to judge.' Featuring new material. 'I was prime minister for three years and three days. Three years and three days of resilience. Three years and three days of changing the nation. Three years and three days for you to judge.' On Wednesday 23 June 2010, with the government in turmoil, Julia Gillard asked Prime Minister Kevin Rudd for a leadership ballot. The next day, Julia Gillard became Australia's 27th prime minister, and our first female leader. Australia was alive to the historic possibilities. Here was a new approach for a new time. It was to last three extraordinary years. This is Julia Gillard's chronicle of that turbulent time, a strikingly candid self-portrait of a political leader seeking to realise her ideals. It is her story of what it was like - in the face of government in-fighting and often hostile media - to manage a hung parliament, build a diverse and robust economy, create an equitable and world-class education system, ensure a dignified future for Australians with disabilities, all while attending to our international obligations and building strategic alliances for our future. This is a politician driven by a sense of purpose - from campus days with the Australian Union of Students, to a career in the law, to her often gritty, occasionally glittering rise up the ranks of the Australian Labor Party. Refreshingly honest, peppered with a wry humour and personal insights, Julia Gillard does not shy away from her mistakes, admitting freely to errors, misjudgements, and policy failures as well as detailing her political successes. In the immediate aftermath of the leadership, here is her account, of what was hidden behind the resilience and dignified courage Gillard showed as prime minister, her view of the vicious hate campaigns directed against her, and a reflection on what it means - and what it takes - to be a woman leader in contemporary politics. With new material and fresh insights, Julia Gillard reveals what life was really like as Australia's first female prime minister.

Creativity and Education Anne Harris, 2016-06-15 This book advances an environmental approach to enhancing creativity in schools, by interweaving educational creativity theory with creative industries environmental approaches. Using Anna Craft's last book *Creativity and Education Futures* as a starting point, the book sets out an up-to-date argument for why education policy should be supporting a birth-to-workplace approach to developing creative skills and capacities that extends across the education lifespan. The book also draws on the voices of

school teachers, students and leaders who suggest directions for the next generation of creative teachers and learners in a rapidly evolving global education landscape. Overall, the book argues that secondary schools must find a way to make more room for creative risk, innovation and imagination in order to adequately prepare students for creative workplaces and publics.

**Women and Leadership** Julia Gillard, Ngozi Okonjo-Iweala, 2022-02-15 A powerful call-to-action for gender equity that offers 10 key lessons for women aspiring to a leadership role—be it in politics, business, law, or their local community. Featuring words of wisdom from female leaders like Hillary Clinton and Theresa May, this empowering study reads like a *You Are a Badass* volume on world leadership. Women make up fewer than 10% of national leaders worldwide. Behind this eye-opening statistic lies a pattern of unequal access to power. Through conversations with some of the world's most powerful and interesting women—including Jacinda Ardern, Hillary Rodham Clinton, Christine Lagarde, Michelle Bachelet, and Theresa May—*Women and Leadership* explores gender bias and asks why there aren't more women in leadership roles. Speaking honestly and freely, these women talk about having their ideas stolen by male colleagues, what it's like to be called fat or a slut in the media, and what things they wish they had done differently. The stories they tell reveal vividly how gender and sexism affect perceptions of women as leaders. Using current research as a starting point, Julia Gillard and Ngozi Okonjo-Iweala—both political leaders in their own countries—analyze the lived experiences of these women leaders. The result is a rare insight into life as a leader and a powerful call to arms for women everywhere.

*Lightning Striking* Lenny Kaye, 2022-01-11 “We have performed side-by-side on the global stage through half a century.... In *Lightning Striking*, Lenny Kaye has illuminated ten facets of the jewel called rock and roll from a uniquely personal and knowledgeable perspective.” —Patti Smith An insider's take on the evolution and enduring legacy of the music that rocked the twentieth century Memphis 1954. New Orleans 1957. Philadelphia 1959. Liverpool 1962. San Francisco 1967. Detroit 1969. New York, 1975. London 1977. Los Angeles 1984 / Norway 1993. Seattle 1991. Rock and roll was birthed in basements and garages, radio stations and dance halls, in cities where unexpected gatherings of artists and audience changed and charged the way music is heard and celebrated, capturing lightning in a bottle. Musician and writer Lenny Kaye explores ten crossroads of time and place that define rock and roll, its unforgettable flashpoints, characters, and visionaries; how each generation came to be; how it was discovered by the world. Whether describing Elvis Presley's Memphis, the Beatles' Liverpool, Patti Smith's New York, or Kurt Cobain's Seattle, *Lightning Striking* reveals the communal energy that creates a scene, a guided tour inside style and performance, to see who's on stage, along with the movers and shakers, the hustlers and hangers-on—and why everybody is listening. Grandly sweeping and minutely detailed, informed by Kaye's acclaimed knowledge and experience as a working musician, *Lightning Striking* is an ear-opening insight into our shared musical and cultural history, a magic carpet ride of rock and roll's most influential movements and moments.

**Twelve Years a Slave** Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet

Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

True Principles A.W. Pugin, Augustus Welby Northmore Pugin, 2003 True Principles of Pointed or Christian Architecture was first published in 1841, when Pugin was 29 years old. Here he presents coherent arguments for the revival of the Gothic style, the case for which he had made pictorially in his sensational book Contrasts (1836). For Pugin, the Gothic Revival was 'not a style, but a principle' and this he laid down in his most influential architectural treatise, True Principles, which introduced functionalist and rationalist as well as moral criteria into architectural discourse, much of it still resonant in the twentieth-century Modern Movement. It is reprinted together with his Apology for the Revival of Christian Architecture, first printed in 1843. Much of his thought here is on architectural education, and in shuffling off the straitjacket of neoclassical architectural principles Pugin exercised a great influence in mid-Victorian architecture and the applied arts, and in a wider design reform movement. These two seminal books, presented in one volume, are introduced by the architectural historian and Pugin authority Dr Roderick O'Donnell

**What We're Up Against** Theresa Rebeck, 2015 Set in a highly competitive architecture firm, What We're Up Against takes an explosive look at the complicated battle of the sexes raging across Cubicle Land. A funny yet insightful view of what it means to be female in a male-dominated career, and one woman's response when she tires of slamming

into the glass ceiling.

**One Study One Summary** John Psathas, 2008-01-01 Psathas's One Study One Summary (2005) is a cutting-edge work for marimba, with junk percussion & digital audio, that is a favourite among virtuosic solo percussionists. As the title suggests, it is cast in two movements, and while the work exhibits the 'busy' motoric textures for which Psathas is well-known, reflective, atmospheric textures predominate throughout. The electronic sounds and beats in the digital audio part provide an evocative palette for the live percussionist to interact with. Please note that the digital audio files are not provided with this version of the score from GooglePlay. You may download the files here: <https://43.dpdcart.com/product/110559>

THE MYSTERIOUS AFFAIR AT STYLES & THE SECRET ADVERSARY Agatha Christie, 2017-10-06 The Mysterious Affair at Styles is a detective novel by Agatha Christie. It was written in the middle of World War I, in 1916, and first published by John Lane in the United States in October 1920 and in the United Kingdom by The Bodley Head on 21 January 1921. Styles was Christie's first published novel, introducing Hercule Poirot, Inspector (later, Chief Inspector) Japp, and Arthur Hastings. The story is told in first person by Hastings and features many of the elements that have become icons of the Golden Age of Detective Fiction, largely due to Christie's influence. It is set in a large, isolated country manor. There are a half-dozen suspects, most of whom are hiding facts about themselves. The book includes maps of the house, the murder scene, and a drawing of a fragment of a will, as well as a number of red herrings and surprise plot twists. The Secret Adversary is a work of detective fiction by Agatha Christie, first published in the United Kingdom by The Bodley Head in January 1922. The book introduces the characters of Tommy and Tuppence who feature in three other Christie books and one collection of short stories written throughout her writing career.
