*Trash Bag Murderer* Tony Stewart, 2011-03-10 This book is an unauthorized biography of serial killer Patrick Wayne Kearney. Is the Zodiac killer still alive? In all my years as a crime writer, there has only been one murder story that I've never been able to completely clear from my mind. Told for the first time, the author, who is also a survivor tells this account of tremendous suffering and great loss of life is more horrific than words can possibly describe. With a genius level intelligence quotient (I.Q.) of 180, Patrick Wayne Kearney outsmarted police and the criminal judicial system to become one of the deadliest serial killers ever to escape the death penalty. Serial killer Patrick Wayne Kearney succeeded in destroying thousands of innocent lives during his inhuman bloody rampage that made satanic cult leader Charley Manson look benign in comparison. Forgotten and buried within the subterranean files of homicide cases, the Trash bag murders remain the most gruesome criminal case in American history.

Daughters of the Stone Dahlma Llanos-Figueroa, 2009-09-01 Finalist for the PEN/Robert Bingham Fellowship for Writers It is the mid-1800s. Fela, taken from Africa, is working at her second sugar plantation in colonial Puerto Rico, where her mistress is only too happy to benefit from her impressive embroidery skills. But Fela has a secret. Before she and her husband were

separated and sold into slavery, they performed a tribal ceremony in which they poured the essence of their unborn child into a very special stone. Fela keeps the stone with her, waiting for the chance to finish what she started. When the plantation owner approaches her, Fela sees a better opportunity for her child, and allows the man to act out his desire. Such is the beginning of a line of daughters connected by their intense love for one another, and the stories of a lost land. Mati, a powerful healer and noted craftswoman, is grounded in a life that is disappearing in a quickly changing world. Concha, unsure of her place, doesn't realize the price she will pay for rejecting her past. Elena, modern and educated, tries to navigate between two cultures, moving to the United States, where she will struggle to keep her family together. Carisa turns to the past for wisdom and strength when her life in New York falls apart. The stone becomes meaningful to each of the women, pulling them through times of crisis and ultimately connecting them to one another. Dahlma Llanos-Figueroa shows great skill and warmth in the telling of this heartbreaking, inspirational story about mothers and daughters, and the ways in which they hurt and save one another.

**Dead Guy's Stuff** Sharon Fiffer, 2009-10-06 Fresh on the heels of Killer Stuff, Sharon Fiffer's auspicious debut, antique picker Jane Wheel is making a career out of going through old stuff; it seems she can't get enough of the piles of vintage clothing, kitchen utensils, Bakelite buttons and post cards she finds at estate sales across the Chicago area. What this saloon keepers' daughter loves, though, is not the items themselves but the stories they tell about the lives of their owners. So needless to say Jane's delighted when a Saturday morning estate sale turns up a serendipitous find: a whole room packed full of 1950's saloon ephemera. As luck would have it, she's been planning to redecorate her parents' pub, still run and recently purchased outright by her folks. Piles of Bakelite darts and dice, countless advertisements from long-defunct liquor suppliers, and, most exciting of all, a bunch of old bar games, employed by untold patrons intent on whiling away the tedious moments in between the sips of so long ago. She makes a deal to buy the whole room, and can't wait to get the stuff back to her hometown. As she's cataloging her find, however, Jane makes a gruesome discovery. Packed between the glassware and bowling trophies and old photographs she's already fallen in love with, she uncovers one highly personal, unusual and creepy collectible that she is sure the saloon keeper would have preferred to have kept to himself. It sure sparks her curiosity about the saloon owners, and when Jane gets curious nothing's going to stop her. Employing her friends Detective Bruce Oh and fellow junkhound Tim Lowry, as well as her erstwhile husband Charley, Jane sets out to lay bare the secrets of long ago, secrets that even people close to her would rather be kept quiet forever. Packed with

as much intrigue and suspense as a long-buried chest in your grandmother's attic, *Dead Guy's Stuff* is a fantastic sophomore effort from acclaimed promising cozy writer Sharon Fiffer.

*Junk Science and the American Criminal Justice System* M. Chris Fabricant, 2022-04-05 Innocence Project attorney M. Chris Fabricant presents an insider's journey into the heart of a broken, racist system of justice and the role junk science plays in maintaining the status quo. Praise from John Grisham, author of *A Time for Mercy*: No one in America will ever know the number of innocent people convicted, sent to prison, and even executed because of the flood of rotten forensics and bogus scientific opinions presented to juries. In this intriguing and beautifully crafted book, Innocence Project lawyer M. Chris Fabricant illustrates how wrongful convictions occur, and he makes it obvious how they could be prevented. Fierce and absorbing . . . Fabricant chronicles the battles he and his colleagues have fought to unravel a century of fraudulent experts and the bad court decisions that allowed them to thrive. —Washington Post *Junk Science* is a book that should be on every true-crime reader's shelves. It is an eye-opening and infuriating tour through the failed idealism of forensic science as a discipline, how certain techniques like analyzing fibers and bite marks wilt under scrutiny, and how the criteria for 'experts' in a courtroom can be laughable at best and dangerous at worst, causing scores of innocent people to lose decades behind bars (or, in some heartbreaking instances, their lives.). —Slate, one of The Best New True Crime That Won't Make You Feel Gross From CSI to Forensic Files to the celebrated reputation of the FBI crime lab, forensic scientists have long been mythologized in American popular culture as infallible crime solvers. Juries put their faith in expert witnesses and innocent people have been executed as a result. Innocent people are still on death row today, condemned by junk science. In 2012, the Innocence Project began searching for prisoners convicted by junk science, and three men, each convicted of capital murder, became M. Chris Fabricant's clients. *Junk Science and the American Criminal Justice System* chronicles the fights to overturn their wrongful convictions and to end the use of the science that destroyed their lives. Weaving together courtroom battles from Mississippi to Texas to New York City and beyond, Fabricant takes the reader on a journey into the heart of a broken, racist system of justice and the role forensic science plays in maintaining the status quo. At turns gripping, enraging, illuminating, and moving, *Junk Science* is a meticulously researched insider's perspective of the American criminal justice system. Previously untold stories of wrongful executions, corrupt prosecutors, and quackery

masquerading as science animate Fabricant's true crime narrative.

**Murder on a Fishing Trip** Ed Teja, What does it take to get a break! When an LA private investigator heads to rural Colorado to visit an old buddy and get in a little fishing, he hopes for a change--a little relaxation. But he he walks squarely into a murder investigation. It's like he never left home. A noir tale of a big-city investigator poking into a small-town murder. Get a copy now.

*Murder by Design: The Unsane Cinema of Dario Argento* Troy Howarth, This book covers the films of Dario Argento, Italy's acknowledged master of horror and suspense, has made a career out of exploring the macabre poetry of images of violent death. He did not, however, set out to be a filmmaker. He established himself early on as a progressive voice in film criticism--lavishing praise on directors like Sergio Leone, who had yet to receive their due from the Italian critical establishment. His efforts attracted the attention of Leone himself, who invited the young critic to help develop the story for his next feature. The end result, *Once Upon a Time in the West*, is often cited as a masterpiece--and from there, Argento went on to enjoy success as a screenwriter before making the all-important switch to directing. His directorial debut, *The Bird with the Crystal Plumage*, became a major hit and helped to popularize the floundering genre of Italian thrillers, also known as *gialli*. In the years since, Argento has established a high profile as one of Italian cinema's most commercially successful artists, earning a level of celebrity which is almost unheard of among film directors. His filmography includes such beloved gems as *Deep Red*, *Suspiria*, *Inferno*, and *Phenomena*, as well as more hotly-debated titles like *The Stendhal Syndrome*, *The Phantom of the Opera*, *Sleepless*, and *Mother of Tears*. *Murder by Design: The Unsane Cinema of Dario Argento* explores the full scope of his work as a writer, a producer, and a director. Lavishly illustrated and with newly conducted interviews with Dario Argento, as well as such colleagues as actress (and daughter) Fiore Argento, actress Sally Kirkland, actress Irene Miracle, composer Claudio Simonetti, and cinematographer Luciano Tovoli, the book provides a comprehensive overview of Argento's life, career, and rich cinematic legacy.

**Legal Executions in Delaware, the District of Columbia, Maryland, Virginia and West Virginia** Daniel Allen Hearn, 2015-06-29 In the century following the Civil War, Delaware, the District of Columbia, Maryland, Virginia and West Virginia legally executed hundreds of men and women convicted of capital crimes. Based on exhaustive research of court records, newspapers death certificates and even gravestones, this book provides the essential details of each case. Arranged by state, entries for each execution are listed in chronological order, giving the name, race and age of the prisoner and a description of the crime of which he or she was convicted. The motive, if known, the date and place of the execution, and relevant sources are also included. Appendices provide preliminary lists of executions in these states before 1866, including some cases dating back to the 17th century. A significant number of hitherto undiscovered executions, further reveals that America's experience with capital punishment is more extensive than previously known.

**Junk** Michael Goodwin, 2003-06 Martin Stallworth is a black man trying to make it on Wall Street. As a junk bond salesman with the investment bank Whorman Skeller & Co., he has a chance to prove his worth when the firm plans

to launch a major high yield bond deal for a satellite communications company called Lodestar. Because Lodestar has important connections to the US Department of Defense, Martin and the other junk bond salespersons know their jobs are on the line if they don't sell the deal. Their desperation to do so leads to an act of espionage and murder. Martin somehow finds himself as the accused perpetrator of both. Both the cops and a gang of Chinese thugs under the command of a rogue hedge fund trader are hot on his trail. Junk combines a satirical send-up of a typical investment bank with elements of a fast-paced thriller. While the narrative action is riveting, Goodwin's characterizations and descriptive writing attain the level of serious literary fiction.

**Murder Under Fire** William Snyder, 2020-10-22 Murder Under Fire involves intrigue, romance, murder, and many intriguing procedural and crime elements that will cause you to desire turning the pages.
