When their mom's boyfriend took them in, Della had Suki. When that same boyfriend did something so awful they had to run fast, Della had Suki. Suki is Della's own wolf--her protector. But who has been protecting Suki? Della might get told off for swearing at school, but she has always known how to keep quiet where it counts. Then Suki tries to kill herself, and Della's world turns so far upside down, it feels like it's shaking her by the ankles. Maybe she's been quiet about the wrong things. Maybe it's time to be loud. In this powerful novel that explodes the stigma around child sexual abuse and leavens an intense tale with compassion and humor, Kimberly Brubaker Bradley tells a story about two sisters, linked by love and trauma, who must find their own voices before they can find their way back to each other. Della's matter-of-fact narration manages to be as funny and charming as it is devastatingly sad. . . . This is a novel about trauma [but] more than that, it's a book about resilience, strength and healing. Now, she's passionate about her work, but that's the only passion in her life. “Never love something that can't love you back,” is advice her father-in-law gives her, but Hattie doesn't follow it and falls head-over-heels for a money pit of a house. She's determined to make it work, but disaster after disaster occurs, and Hattie's dream might cost Kavanaugh & Son their livelihood. Hattie needs money, and fast. When a slick Hollywood producer shows up in her hometown of Savannah, Georgia, she gets a once-in-a-lifetime opportunity: star in a beach house renovation reality show called The Homewreckers, cast against a male lead who may be a love interest, or may be the ultimate antagonist. Soon, there's more at stake than bad pipes and dry rot: during the demolition, evidence comes to light that points to the mysterious disappearance of a young wife and mother years before. With a burned out detective investigating the case, an arsonist on the loose, two men playing with her emotions, and layers upon layers of vintage wallpaper causing havoc, it's a question of who will flip, who will flop, and if Hattie will ever get her happily-ever-after.

The Cortisol Connection Shawn Talbott,2011-01-01 Why does stress make you fat? What can you ultimately do about it? Shawn Talbott answered these questions in THE CORTISOL CONNECTION. Cortisol is the body's main stress hormone, prompting our fight or flight mechanism when dealing with a highly stressful situation, like being chased by a lion. However, the human body was made to deal with short bursts of stress (like being chased by a lion), not prolonged, continuous levels of stress (like mortgage payments, project deadlines, and traffic jams). This kind of stress causes the body's cortisol levels to rise, and scientific research has shown that high cortisol levels are associated with obesity, diabetes, fatigue, and even Alzheimer's disease. This new edition describes the results of the latest research about the connection between cortisol and HSD, and cortisol and testosterone. If we keep cortisol and HSD and testosterone within normal ranges, we're able to maximize the metabolic effect of diet and exercise regimen - and improve weight loss. In the first edition, Talbott introduced his SENSE program, that teaches participants how to manage stress and reduce cortisol levels. The program has been refined in the second edition with the help of the new research and the results of Talbott's test of the SENSE program over the past 5 years - he know it works. For the past 5 years, he has been actively researching (and refining and tweaking) this popular program to make it more and more effective in helping people to lose weight. SENSE is a program that combines Stress management, Exercise, Nutrition, Supplementation, and Evaluation into a comprehensive and highly effective (yet easy to follow) program that delivers results. During these 5 years, Talbott has combined different dietary approaches with varied exercise regimens and myriad supplement combinations - until finding just the right combination that works best for the majority of people. This edition contains 25% new material and a revised program to help everyone manage cortisol, stress, and their weight.

Southern Exposure Jeff Hovik,2011-01-03 What happens in Mexico stays in Mexico. Or does it? When twenty-eight-year-old restaurateur Nick Jensen and two friends fly from their hometown of Phoenix, to a small resort town in Mexico, they're expecting a few days of fun, sun, and sand - with some humanitarian house-building thrown in. After all, Nick had been to the same town once before, and had fallen in love with it. He had also fallen for a beautiful local named Gabriella, but she had quickly disappeared years earlier, shortly after she had appeared through an unlikely twist of fate. Once Nick and his pals land in Rocky Point, however, Nick's memories - good and bad - come crashing back like the Sea of Cortez surf. Those vivid memories of a summer trip almost seven years earlier - memories that had haunted him more than he had ever admitted to himself, and changed his life more than he ever could have imagined - confront him at every turn. As much as Nick pretends to his friends that it's all fun and games, when fate once more steps in, he learns this time, that what happens in Mexico doesn't stay in Mexico.

Desert Oracle Ken Layne,2020-12-08 The cult-y pocket-size field guide to the strange and intriguing secrets of the Mojave—its myths and legends, outcasts and oddballs, flora, fauna, and UFOs—becomes the definitive, oracular book of the desert For the past five years, Desert Oracle has existed as a quasi-mythical, quarterly periodical available to the very determined only by subscription or at the odd desert-town gas station or the occasional hipster boutique, its canary-yellow-covered, forty-four-page issues handed from one curious desert zealot to the next, word spreading faster than the printers could keep up with. It became a radio show, a podcast, a live performance. Now, for the first time—and including both classic and new, never-before-seen revelations—Desert Oracle has been bound between two hard covers and is available to you. Straight out of Joshua Tree, California, Desert Oracle is “The Voice of the Desert”: a field guide to the strange tales, singing sand dunes, sagebrush trails, artists and aliens, authors and oddballs, ghost towns and modern legends, musicians and mystics, scorpions and saguaros, out there in the sand. Desert Oracle is your companion at a roadside diner, around a campfire, in your tent or cabin (or high-rise apartment or suburban living room) as the wind and the coyotes howl outside at night. From journal entries of long-deceased adventurers to stray railroad ad copy, and musings on everything from desert flora, rumored cryptid sightings, and other paranormal phenomena, Ken Layne's Desert Oracle collects the weird and the wonderful of the American Southwest into a single, essential volume.

Clean Alejandro Junger,2009-05-12 How many of us can honestly say we do not suffer from at least one of the following: Colds or viruses each year Allergies or hay fever Extra pounds that won't come off Restless nights Recurrent indigestion, constipation, or irritable bowel syndrome Itchy skin, acne, or any other troubling skin condition Depression, anxiety, or frequent fatigue If you were to seek medical advice for any of the above, you would likely be prescribed pills, topical lotions, injections, or even surgery. Such treatments are used to manage the symptoms and do not address the root of the problem. Too often, doctors treat these common ailments as inevitable costs of living a modern life. The result is a patchwork approach to health care that has become the norm. In *Clean*, a New York City cardiologist and a leader in the field of integrative medicine, Dr. Alejandro Junger offers a major medical breakthrough. Dr. Junger argues that the majority of these common ailments are the direct result of toxic buildup in our systems accumulated through the course of our daily lives. As the toxicity of modern life increases and disrupts our systems on a daily basis, bombarding us through our standard American diet and chemical-filled environments, our ability to handle the load hasn't accelerated at the same rapid pace. The toxins are everywhere, but *Clean* offers a solution. *Clean* is an M.D.'s program that provides all the tools necessary to support and reactivate our detoxification system to its fullest capabilities, and can be easily incorporated into a busy schedule. The effect is transformative: nagging health problems will suddenly disappear, extra weight will drop away, and for the first time in our lives we will experience what it truly means to feel healthy. Every day spent on the *Clean* program is a major step in healing not just the symptom but the root of the problem, effectively and simply. Dr. Junger's life-changing program restores what rightfully belongs to you—your health, vitality, and peace of mind.
