

Just 30 Seconds

Tim Rayborn

30 Seconds Sam, Bettina Giancana, 2008-11-15 Marty

English, advertising executive, seems to be leading the perfect life—no one knows that he is really the estranged son of Chicago's Mafia Don. When he pulls in a multi-million dollar account with Isaac Arrow Pharmaceuticals to promote its new herbal line, it looks like he's a shoe-in to replace the aging president of his agency. The only problem is that the ad must be completed for airing during the Superbowl, less than three weeks away—with practically no time to head to Belize and shoot a commercial that will highlight Isaac Arrow's ecological commitment. Unbeknownst to Marty, the heads of Isaac Arrow have long been in cahoots with the Mob, the CIA, and the heads of Planetlife, a bogus eco-resort that is really a front for the manufacture of a highly potent drug. When Tony Inglesia, Marty's father, refuses to go in on the distribution of this new drug, the others in the crime ring plan to eliminate this roadblock as soon as he relinquishes his CD-Rom disk which contains one third of the code necessary to access a Swiss bank account containing millions. But their plan is thwarted; Tony's right hand man murders his boss to get in on the action, and now all that matters to them is that they recover the disk (which is now, unmarked, with its significance unexplained, in Marty's possession). For the first time, Marty must depend on the help of a county cop, and his beautiful long-time companion Reiki to help him crack the mysterious code the disc contains and bring down the crime ring...and stay alive in the process.

Just 2 Seconds Gavin de Becker, Tom Taylor, Jeff

Marquart, 2008-06 Think of every assassination you've ever heard about. For most people, a few of these major ones come to mind: Caesar, Abraham Lincoln, John Kennedy, Martin Luther King, Mahatma Gandhi, Indira Gandhi, Anwar Sadat, John Lennon, Israel's Prime Minister Rabin, Pakistan's Benazir Bhutto. From start to finish, all of these attacks combined took place in less than one minute. And the hundreds of attacks studied for this book, all of them combined, took place in less than a half-hour. Those thirty minutes, surely the most influential in world history, offer important insights that can help today's protectors defeat tomorrow's attackers. This 650-Page Book Contains: An original work of new insights arising from ten years of research; The Five Essential Lessons for protectors; The Compendium - 400 pages of summarized attacks, near attacks, and incidents against at-risk persons all over the world from 1960-2007, more than 1400 entries; and the Appendices - More than 100 pages of additional material and resources.

The Last 30 Seconds Maria Muia, 1998 Have you ever struggled with emotions so strong you thought you would cough your heart up into your throat and choke to death? Have you ever pondered the meaning to life and then actually found an answer? You will do all of this and more in *The Last 30 Seconds*. Just as fate led Franki Marinari (the heroine) to flying, it too would lead her life on a journey filled with adventure, tragedy, chance and circumstance.
