I need a new bum Dawn McMillan,2012-09-03T00:00:00Z I need a new bum! Mine's got a crack. I can see in the mirror a crack in the back. What to do when you need a new bum? Should you get one that's blue or yellow spotted? A Chevy bum, a rocket bum that's all fire and thrust, or a robo-bum? The options are endless - but wait, Dad's bum crack is showing too? Maybe this is contagious.

The Booty Chronicles Osa Sjoberg, 2016-03-19 This fun, thoughtful, entertaining, bold and outrageous read about Osa Sjoberg and one of her ASSets begins the northern part of Sweden, where she grew up. It is also where her booty began to get attention when she was just 13 years old. Not only has it created quite the stir, it has also partially shaped her life - literally and figuratively. The attention on her derriere continued to gain momentum when she moved to Los Angeles, California. Osa tells the tales of crazy reactions, indecent proposals, jokes and having her ethnicity in question because of her behind. Her booty definitely takes on a life of its own and even begins to talk back in the stories. Packed with smart humor, you will get a lot of booty - BUTT there's also a deeper thread about staying with our truth, stereotyping and how we judge ourselves and others - how it affects us

and what we do with it all. Awesome photos included.

The Uskoks of Senj Catherine Wendy Bracewell, 2015-12-18 In this highly original and influential book, Catherine Wendy Bracewell reconstructs and analyzes the tumultuous history of the uskoks of Senj, the martial bands nominally under the control of the Habsburg Military Frontier in Croatia, who between the 1530s and the 1620s developed a community based on raiding the Ottoman hinterland, Venetian possessions in Dalmatia, and shipping on the Adriatic. Drawing on a broad range of sources, including the archives of the Dalmatian communes under Venetian rule and military frontier records, Bracewell provides the first comprehensive analysis of the uskoks as a social phenomenon, examining

their origins, their military and social organization, their plunder economy, their mental world, and their relations with other groups in this borderland between three empires. The uskoks lived on the Christian-Muslim frontier, and they invoked Europe's struggle against Islam to justify their often bloody deeds. As Bracewell demonstrates, however, their actions were also shaped by the maze of local political and economic rivalries, social conflicts, and confessional antagonisms. In a book that tests the concept of the social bandit, the author analyzes the motives that guided the uskoks and distinguishes these from the factors that impelled various elements of the local population to support them.

Beyond Christian Hip Hop Erika D. Gault, Travis Harris, 2019-11-18 Christians and Christianity have been central to Hip Hop since its inception. This book explores the intersection of Christians and Hip Hop and the multiple outcomes of this intersection. It lays out the ways in which Christians and Hip Hop overlap and diverge. The intersection of Christians and Hip Hop brings together African diasporic cultures, lives, memories and worldviews. Moving beyond the focus on rappers and so-called Christian Hip Hop, each chapter explores three major themes of the book: identifying Hip Hop, irreconcilable

Christianity, and boundaries. There is a self-identified Christian Hip Hop (CHH) community that has received some scholarly attention. At the same time, scholars have analyzed Christianity and Hip Hop without focusing on the self-identified community. This book brings these various conversations together and show, through these three themes, the complexities of the intersection of Christians and Hip Hop. Hip Hop is more than rap music, it is an African diasporic phenomenon. These three themes elucidate the many characteristics of the intersection between Christians and Hip Hop and our reasoning for going beyond Christian Hip Hop. This collection is a multi-faceted view of how religious belief plays a role in Hip Hoppas' lives and community. It will, therefore, be of great interest to scholars of Religion and Hip Hop, Hip Hop, African Diasporas, Religion and the Arts, Religion and Race and Black Theology as well as Religious Studies more generally.

The Grim Reader Miffie Seideman, 2024-01-16 Many authors draw from headlines or movies rather than personal experience to write drug-related scenes, and the result may be more fiction than fact. So, how can you craft a convincing scene involving accidental use of fentanyl-tainted pot or a murder

attempt with grandma's pain pills? A much-needed resource, *The Grim Reader* details how to write medical scenarios that result in realistic page-turners. As drug inaccuracies multiply in screenplays, scripts, novels, and audio plays, Dr. Miffie Seideman, Pharm.D. provides writers (and editors) with the background and authenticity necessary to develop plausible plotlines, including:

- Pertinent drug facts, tips, and symptoms
- Symptom timelines
- Tips for developing historically accurate scenes
- Common street drug names and slang
- Sample scenarios to demonstrate how to weave the information into a believable scene
- Writing prompts to provide scene starters and offer practice

Combining Seideman's pharmacology knowledge with her love for creative writing, *The Grim Reader* is the ultimate guide to help authors craft accurate drug scenes and avoid medical mistakes.

They wish to find if Sveyin is still alive, and if the settlement of Norwegians still remains. What follows is an adventure that is anything but what they expected. They find Sveyin, then journey with him into the depths of an enormous land, the size and nature of which could not have been imagined. **GITCHE' MANITOU** is about the Native Americans and the nations they encountered along the way, nations that existed 500 year before Columbus whose abilities and achievements were in ways equal to any other on earth.

The Materiality of Divine Agency Beate Pongratz-Leisten,Karen Sonik,2015-10-16 Two topics of current critical interest, agency and materiality, are here explored in the context of their intersection with the divine. Specific case studies, emphasizing the ancient Near East but including treatments also of the European Middle Ages and ancient Greece, elucidate the nature and implications of this

intersection: What is the relationship between the divine and the particular matter or physical form in which it is materially represented or mentally visualized? How do sacral or divine things act, and what is the source and nature of their agency? How might we productively define and think about anthropomorphism in relation to the divine? What is the relationship between the mental and the material image, and between the categories of object and image, image and likeness, and likeness and representation? Drawing on a broad range of written and pictorial sources, this volume is a novel contribution to the contemporary discourse on the functioning and communicative potential of the material and materialized divine as it is developing in the fields of anthropology, art history, and the history and cognitive science of religion.
