First Time Barry Able,2015-03-09 An innocent first year undergraduate at an Oxford College is sent down for alleged sexual impropriety. Through a misunderstanding he lands a job in the City, where he makes a particularly favourable impression on the owner of the firm for which he works, a colourful and hopelessly politically incorrect figure. He relishes life in the financial world and the experiences that it brings, not least the art of seduction. After a series of erotic adventures through a light-hearted satire of education, life in the City, psychiatrists, the police and the legal profession, the hero decides to set up a company for innocents such as himself, and discreetly returns to Oxford.

Dead Voices Katherine Arden, 2019-08-27 New York Times bestselling author Katherine Arden returns with another creepy, spine-tingling adventure in the critically acclaimed Small Spaces Quartet. Having survived sinister scarecrows and the malevolent smiling man in Small Spaces, newly minted best friends Ollie, Coco, and Brian are ready to spend a relaxing winter break skiing together with their parents at Mount Hemlock Resort. But when a snowstorm sets in, causing the power to flicker out and the cold to creep closer and closer, the three are forced to settle for hot chocolate and board games by the fire. Ollie, Coco, and Brian are determined to make the best of being snowed in, but odd things keep happening. Coco is convinced she has seen a ghost, and Ollie is having nightmares about frostbitten girls pleading for help. Then Mr. Volland, a mysterious ghost hunter, arrives in the midst of the storm to investigate the hauntings at Hemlock Lodge. Ollie, Coco, and Brian want to trust him, but Ollie's watch, which once saved them from the smiling man, has a new cautionary message: BEWARE. With Mr. Volland's help, Ollie, Coco, and Brian reach out to the dead voices at Mount Hemlock. Maybe the ghosts need their help--or maybe not all ghosts can or should be trusted. Dead

Voices is a terrifying follow-up to *Small Spaces* with thrills and chills galore and the captive foreboding of a classic ghost story.

Letters from Klara Tove Jansson, 2017-06-01 The rich seam that is Jansson's adult prose continues with this penultimate collection of short stories, written in her seventies at the height of her Moomin fame and translated into English for the first time. In these light-footed, beautifully crafted yet disquieting stories, Jansson tells of discomfiting encounters, unlooked for connections and moments of isolation that span generations and decades. *Letters From Klara* proves yet again her mastery of this literary form.

The Games Master David Brosbell,2015-03-21 Stunned and grateful to have survived a ferocious battle against an impossible foe, the Games Master, four comrades and warriors contemplate what future awaits them. War is brewing in the lands, but it is not glorious. These are tense times for all who live in the path of conflict. The Silver Allegiance, the dominant ruling kingdom, has expanded as far north and west as it can. And a new, powerful consortium known as the Dark Realm has grown as far east and south as it can. Caught between these two powerhouse kingdoms is a small strip of towns and villages, where terrified citizens await what comes next. As each side prepares for battle, the people caught in the middle do all they can to survive. Kruno and his men have no interest in being a part of the impending conflict, but how can they stay out of it? Their adventures will take them to

hostile lands, where they meet exceptional creatures. Can they survive their encounters with the sand sorceresses, gargoyles, cryptons, and the most feared beasts of all - dragons? Can they avoid the inevitable horrors of war?

Trial Run Anne Metikosh,2012-09-17 In affluent Kingsport, New Hampshire, a particularly gruesome murder has been committed. There is no doubt in anyone's mind as to who did it: Randy Outray has all but confessed. Still, he wants his day in court. His lawyer hires trial consultant Kerrin Adams to help design a credible defense and Kerrin assembles a mock jury in order to test public

opinion on various aspects of the case. Among Kerrin's jurors is her sister, Nina Ryan. Life has not been altogether kind to Nina. She has built a successful business but, at thirty-two, she is single and lonely. Her relationship with Kerrin is strained. Nina objects to what she sees as manipulation of the justice system but she agrees to serve on Kerrin's mock jury, if only as a way of getting closer to her sister. Then she meets David Maitland, a new arrival in town. The two form an instant bond and, at last, Nina can indulge her romantic dreams. Her happiness is short-lived. What she doesn't know about her lover threatens both their futures. David knew the murder victims well. He has come to Kingsport to make sure the man who killed them pays for his crime. When the accused murderer is himself murdered, David falls under suspicion. And Nina must face some harsh realities in order to save him and their future together. The Fairies' Path (Fate: The Winx Saga Tie-in Novel) Ava Corrigan, 2021-02-02 Don't miss this bold new reinvention of the classic animated Winx Club series! This is the first YA novel based on the new NETFLIX series Fate: The Winx Saga. It is a retelling of the first season packed with bonus

scenes and character backstory not seen on the show. At the Alfea International School, students come from all over the Otherworld to train. To learn magic. To discover how to control their powers. Inside the school's castle, five students-complete strangers-are assigned as roommates: Aisha is an athlete and a classic overachiever whose control over water is the envy of her fellow students. Terra is an awkward do-gooder whose power over the natural world can overwhelm rivals unexpectedly. Musa is an introvert who keeps to herself so her mind isn't overwhelmed by the emotions of those around her. Stella is a princess - yes, a real princess - whose command over light inspires but also intimidates. And then there's Bloom, the outsider, the girl from the human world whose power over fire almost destroyed her family. These five teenagers want what every teenager wants . . . to figure out who they are. To make friends. To fit in at their new school. But when an ancient, long-vanquished evil suddenly resurfaces outside the castle walls, these five teenagers be forced to put their powers to the test. And they'll discover a secret so powerful, it will challenge everything they know about the Otherworld . . . and themselves.
