Watch Me Play T.L. Taylor, 2018-10-16 A look at the revolution in game live streaming and esports broadcasting Every day thousands of people broadcast their gaming live to audiences over the internet using popular sites such as Twitch, which reaches more than one hundred million viewers a month. In these new platforms for interactive entertainment, big esports events featuring digital game competitors live stream globally, and audiences can interact with broadcasters—and each other—through chat in real time. What are the ramifications of this exploding online industry? Taking readers inside home studios and backstage at large esports events, Watch Me Play investigates the rise of game live streaming and how it is poised to alter how we understand media and audiences. Through extensive interviews and immersion in this gaming scene, T. L. Taylor delves into the inner workings of the live streaming platform Twitch. From branding to business practices, she shows the pleasures and work involved in this broadcasting activity, as well as the management and governance of game live streaming and its hosting communities. At a time when gaming is being reinvented through social media, the potential of an ever-growing audience is transforming user-generated content and alternative distribution methods. These changes will challenge the meaning of ownership and intellectual property and open the way to new forms of creativity. The first book to explore the online phenomenon Twitch and live streaming games, Watch Me Play offers a vibrant look at the melding of private play and public entertainment.

The Oxford Handbook of Internet Studies William H. Dutton, 2013-01-10 Internet Studies has been one of the most dynamic and rapidly expanding interdisciplinary fields to emerge over the last decade. The Oxford Handbook of Internet Studies has been designed to provide a valuable resource for academics and students in this area, bringing together leading scholarly perspectives on how the Internet has been studied and how the research agenda should be pursued in the future. The Handbook aims to focus on Internet Studies as an emerging field, each chapter seeking to provide a synthesis and critical assessment of the research in a particular area. Topics covered include social perspectives on the technology of the Internet, its role in everyday life and work, implications for communication, power, and influence, and the governance and regulation of the Internet. The Handbook is a landmark in this new interdisciplinary field, not only helping to strengthen research on the key questions, but also shape research, policy, and practice across many disciplines that are finding the Internet and its political, economic, cultural, and other societal implications increasingly central to their own key areas of inquiry.

Get Together Bailey Richardson ,Kevin Huynh ,Kai Elmer Sotto, 2019-08-20 A practical and heartfelt guide to cultivating a community, online or IRL. Although communities feel magical, they don't come together by magic. Get Together is a practical and heartfelt guide to cultivating a community. Whether starting a run crew, connecting with fans online, or sparking a movement of K-12 teachers, the secret to getting people together is this: build your community with people, not for them. In Get Together, Bailey Richardson, Kevin Huynh, and Kai Elmer Sotto of People & Company share true stories of everyday people who have created thriving communities, both in person and online. They provide clear steps to untangle the challenge of getting passionate people together, helping individuals and organizations navigate the intricacies of leading a community, including: - How to rally the first people - How to get people talking - How to attract new, authentic folks - How to develop leaders and expand globally. The People & Company team reminds us that we each hold the potential to spark a community. Get Together shows readers that if we join forces—as company and customers, artist and fans, organizer and advocates—we'll do more together than we ever could alone.

Mixed Martial Arts and the Law Jason J. Cruz, 2020-01-03 Barbaric. Savage. Violent. Words often used by critics to describe the sport of mixed martial arts. To this can be added lucrative, popular and flourishing. MMA has seen astronomical growth since the 2000s, spurred on by its biggest promotion, the Ultimate Fighting Championships (UFC). Along the way, legal issues have plagued the sport. This book provides an overview of the most important cases and controversies arising both inside and outside of the cage--antitrust suits by fighters against promoters, fighters suing other fighters, drug testing, contractual issues, and the need for federal regulation.

TV Lobotomy Michel Desmurget, 2023-07-04 • TV unleashes the imagination and feeds intelligence. • A child deprived of TV risks social isolation. • TV dumbs you down. • TV makes you obese. It seems that everything—and its opposite—has already been said about TV. But what is it really? How can we distinguish between the radical No TV of some and the supposedly entertaining virtues touted by others? Michel Desmurget, a doctor in neuroscience, has sifted through and synthesized thousands of research articles published over the last fifty years in the most rigorous international journals. The conclusion is unequivocal—we must stop watching television for good, whatever the program. All content, even that meant to teach, can never come close to any other learning method. The data is clear—television viewing is detrimental to school performance. For a child in elementary school, for example, every hour spent daily watching television increases the likelihood that he or she will one day leave the school system without any qualifications. For specialists, there is no doubt that television has a negative influence, not only on intellectual development but also on behavior. Thus, certain eating disorders (anorexia, bulimia) are related to a frantic consumption of—television programs! In short, watching television has an impact on our life expectancy. However, the harmful impact of this risk is largely underestimated, because of the large sector of the public exposed to television (more than 85% of Western households have at least one television set), and because of a debate on the subject that has become inaudible and confused.

Moreover, the results of the research initiated by the big media groups on the subject remain proprietary, i.e., closed to the general public. Believing that we are facing a real public health problem, Michel Desmurget wants to act as a responsible scientist—with a clear, concise and rigorously referenced book, the message cannot go unnoticed. Michel Desmurget is a doctor of neuropsychology. He attended several major American universities (MIT, Emory, UCSF) and is now a research director at INSERM in cognitive neuroscience. He is particularly interested in the problems of brain organization and plasticity. He is the author of the book *TV Lobotomy* (Max Milo, 2022), which is based in part on his personal history. Exasperated by having to constantly justify the choice not to have television at home—and to prevent his children from having access to it—and not to be seen as a sociopath in the eyes of those around him, he has done a massive job to argue his point.

Good Luck Have Fun Roland Li, 2017-09-05 Esports is one of the fastest growing—and most cutthroat—industries in the world. A confluence of technology, culture, and determination has made this possible. Players around the world compete for millions of dollars in prize money, and companies like Amazon, Coca Cola, and Intel have invested billions. Esports are now regularly played live on national TV. Hundreds of people have dedicated their lives to gaming, sacrificing their education, relationships, and even their bodies to compete, committing themselves with the same fervor of any professional athlete. In *Good Luck Have Fun*, author Roland Li talks to some of the biggest names in the business and explores the players, companies, and games that have made it to the new major leagues. Follow Alex Garfield as he builds Evil Geniuses, a modest gaming group in his college dorm, into a global, multimillion-dollar eSports empire. Learn how Brandon Beck and Marc Merrill made League of Legends the world's most successful eSports league and most popular PC game, on track to make over \$1 billion a year. See how Twitch.tv pivoted from a video streaming novelty into a \$1 billion startup on the back of professional gamers. And dive into eSports' dark side: drug abuse, labor troubles, and for each success story, hundreds of people who failed to make it big. With updates on recent developments, *Good Luck Have Fun* is the essential guide to the rise of an industry and culture that challenge what we know about sports, games, and competition.

Get Seen Steve Garfield, 2010-01-12 The era of online video has arrived—now make it work for your business In the last year, the world of online video exploded. Hollywood got into the game, professional actors and writers joined in, and independent producers looked to find their niche. Now, companies are wide awake to the opportunities for product and brand promotion as well as customer engagement. So how do you want to fit into the new online video universe? The must-have guide, *Get Seen* by Steve Garfield, the Paul Revere of video blogging, offers a quick and complete toolkit to get you up to speed on the latest that online video and related media have to offer. Examines success stories of how companies have used online video Presents a series of plans and tools that businesses can follow as they expand onto the social web Provides clear step by step directions on how to record, edit, and export videos, where to post them, how to build a community around their content, and what to do to increase views by making it go viral If you're ready to take full advantage of online video's many benefits, *Get Seen* is the one resource you need.

Enhancing the Human Experience through Assistive Technologies and E-Accessibility Kouroupetroglou, Christos, 2014-06-30 Information Communication Technologies (ICT) have become an increasingly prevalent part of everyday life. Today, there are many cases in which ICT assist the elderly and people with disabilities to complete tasks once thought impossible. *Enhancing the Human Experience through Assistive Technologies and E-Accessibility* discusses trends in ICT in relation to assistive technologies and their impact on everyday tasks for those with disabilities. This reference work provides different perspectives on upcoming technologies and their impact on e-accessibility and e-inclusion, essential topics for researchers, businesses, and ICT product developers in the field of assistive technologies.

International Communications Strategy Silvia Cambié, Yang-May Ooi, 2009-07-03 *International Communications Strategy* is about the cross-cultural challenges currently facing PR practitioners. Offshoring, globalisation and the rise of China and India have been triggering unprecedented change in the communication sector. New channels of global communications are also being opened up by social media tools, bringing different cultures across the world together instantaneously online. Understanding cross-cultural aspects of PR includes understanding the culture of different societies, online culture itself and cross-border uses of social media. Communication is seen less and less as an operational function. While in the past organizations seemed to need communication practitioners only for colourful brochures and press releases, you are now expected to provide strategic advice and help senior executives to engage effectively with stakeholders in various parts of the world. At the same time, you are required to be knowledgeable about social media and internet cultures and to be able to link on-line and off-line PR work successfully. By providing information on alternative approaches as well as containing cross-cultural case-studies and examples, the book will give you points of reference and ideas that you will be able to use every time you are asked to provide strategic communication guidance to senior management/clients.

Justin Bieber: First Step 2 Forever Justin Bieber, 2010-10-12 It's a big, big world It's easy to get lost in it... —Justin Bieber, Up I love those lines in the lyrics. Sometimes I feel like that's what everyone's expecting. My world got very big, very fast, and a lot of people expect me to get lost in it. I grew up in a small town in Canada. I taught myself to sing in front of my bedroom mirror and to play guitar on a hand-me-down. My mom posted my first videos on YouTube. Never in my wildest dreams did I think that I'd sell millions of records, sing for the president of the United States and sell out a massive arena tour. So no, I'm not lost. Not at all. If anything, onstage in front of my fans, I'm home. I'm found. And that's what this book is about: my journey, from singing and busking on the sidewalk in Stratford, Ontario, to performing and showing my appreciation to millions of fans all over the world for making this dream a reality. My music and lyrics give a glimpse of what's in my heart, but I think this book is a window into my world. In here are hundreds of pictures of me that no one's ever seen before, and I'll tell you about who I was before I joined forces with Scooter Braun and Usher and got a record deal, and who I've become since I've been blessed with the opportunity to share my music with the world. This is my gift to you, the fans who've supported and been with me on this amazing journey every step of the way.

This is esports (and How to Spell it) – LONGLISTED FOR THE WILLIAM HILL SPORTS BOOK AWARD 2020 Paul Chaloner, 2020-05-28 ***LONGLISTED FOR THE WILLIAM HILL SPORTS BOOK AWARD 2020 'You need this. Trust me, buy it now.' - Weekly GG 'a triumph... a must-read for newcomers and veterans alike' – Forbes Award-winning broadcaster Paul 'Redeye' Chaloner brings us the definitive book on esports, the fastest growing entertainment phenomenon in the world today. From slapping coins down on arcade cabinets to the lights of Madison Square Garden, competitive video gaming has come a long way. Today, esports is a billion-dollar industry, the best players becoming

stars in their own right, battling for eight-figure prizes in front of a global audience of tens of millions. From Call of Duty to Counter-Strike, FIFA to Fortnite, a generation of players have turned multiplayer video games from a pastime into a profession. But there are questions. How did we get here? What exactly is competitive gaming – is it a sport? How much money do the top stars make? Do you really have to retire at 23? And just what the hell is Dota? This is esports (and How to Spell it) addresses all of this and more, as award-winning broadcaster Paul 'Redeye' Chaloner takes you inside the unstoppable rise of pro gaming to reveal the bitter rivalries, scandals and untold history of esports, from origins to sold-out arenas. With his trademark wit – and unrivalled access – Paul delivers the definitive book on the fastest-growing entertainment phenomenon in the world today. 'Paul Chaloner is a living legend in the esports space.' - Jason Lake, founder and CEO of the esports team Complexity Gaming 'Terrific stories and insights from the inside.' - T.L. Taylor, professor of Comparative Media Studies

Stay Woke Justin Michael Williams, 2020-02-11 A simple, no-nonsense guide to change your life and take hold of your dreams “I have a confession,” writes author Justin Michael Williams. “This is not really a meditation book.” Yes, Williams is going to teach you everything you need to know about meditation—but if you came looking for a typical book on mindfulness, you’re in the wrong place. Stay Woke is FOR THE PEOPLE. All people, of all backgrounds deserve to have access to the information they need to change their lives. And if you grew up in struggle—overcoming homophobia, anxiety, sexism, depression, poverty, toxic masculinity, racism, or trauma—you need a different type of meditation . . . one that doesn’t pretend the struggle doesn’t exist. Now, Williams introduces Freedom Meditation—a distinct approach that addresses disillusionment, social justice, overwhelm, and shame; strengthens intuition; cuts through self-sabotaging programming; and empowers you to make better decisions. Whether you’ve tried meditation but it never sticks, or you’ve heard about it but never gave it a shot, this 10-step guide will cut through the noise and teach you how to create a daily meditation ritual that fits in with your messy, modern life. Stay Woke is a book that breaks barriers and encourages people of all identities, colors, shapes, ages, and economic backgrounds to claim their innate and limitless potential.

Live for Today Carol Lynne, 2008-11-17 Life has been good for Justin Nelson. With a big bowl game mere weeks away, the pressure is on. For some men, being stretched in two different directions might become too much, but not for Justin, he thrives on it. Trying to balance life with his long-time partner, Luc, and his duty to the team gives Justin a rush like no other. Luc Henley hates seeing the love of his life push himself. Every football season it seems to get worse as he watches Justin burn the candle at both ends. When he notices warning signs of a potential health problem, Luc begs Justin to slow down enough to see a doctor. After he ignores his lover's pleas, Justin is suddenly faced with a life-changing illness, and when he gives up, it's up to Luc, Justin's friends and players to pull him back from the brink of despair.

Civility in the Digital Age Andrea Weckerle, 2013-02-13 Re-civilize Life Online! PROVEN Conflict Management and Prevention for Social Media and the Web Ever seem like the Web is just one big screaming match? Ever feel like you’re refereeing a worldwide tantrum on YOUR social media sites, blogs, and online forums? That’s not good for your goals—or your sanity. Stop. Now. Step back. Take a breath. And solve the problem. Thought you couldn’t? You can: there are proven best practices for getting people to be civil online. Even when they disagree. Even if they’re complaining. You can avoid misunderstandings that lead to flame wars, and promote constructive conversation amongst those with strongly held views. And, finally, you can handle the people that just can’t be civilized. Today, these skills are flat-out imperative. Everyone who leads, curates, manages, or participates in online communities needs them. Andrea Weckerle hasn’t just compiled them: she’s created a 30-Day Action Plan for restoring civility to your corner of the digital world. This plan works—and not one moment too soon. Master the foundational skills you need to resolve and prevent conflict online Understand the dynamics of each online conflict, from procedural disputes to online lynch mobs Stay cool and effectively manage conflict in even the highest-pressure online environments Differentiate between what people say and what they really want Create a positive online footprint—or start cleaning up a negative image Recognize online troublemakers and strategize ways to handle them Manage your own anger—and, when necessary, express it online safely and productively Strategically manage others’ online hostility and frustration Limit risks to your organization’s online reputation due to actions it can’t control Draft

and implement corporate social media policies that actually work

Unlocking the Customer Value Chain Thales S. Teixeira,Greg Piechota,2019-02-19 Based on eight years of research visiting dozens of startups, tech companies and incumbents, Harvard Business School professor Thales Teixeira shows how and why consumer industries are disrupted, and what established companies can do about it—while highlighting the specific strategies potential startups use to gain a competitive edge. There is a pattern to digital disruption in an industry, whether the disruptor is Uber, Airbnb, Dollar Shave Club, Pillpack or one of countless other startups that have stolen large portions of market share from industry leaders, often in a matter of a few years. As Teixeira makes clear, the nature of competition has fundamentally changed. Using innovative new business models, startups are stealing customers by breaking the links in how consumers discover, buy and use products and services. By decoupling the customer value chain, these startups, instead of taking on the Unilevers and Nikes, BMW’s and Sephoras of the world head on, peel away a piece of the consumer purchasing process. Birchbox offered women a new way to sample beauty products from a variety of companies from the convenience of their homes, without having to visit a store. Turo doesn't compete with GM. Instead, it offers people the benefit of driving without having to own a car themselves. Illustrated with vivid, indepth and exclusive accounts of both startups, and reigning incumbents like Best Buy and Comcast, as they struggle to respond, Unlocking the Customer Value Chain is an essential guide to demystifying how digital disruption takes place – and what companies can do to defend themselves.
