Slime Green Beats

My New Roots Sarah Britton,2015-03-31 At long last, Sarah Britton, called the “queen bee of the health blogs” by Bon Appétit, reveals 100 gorgeous, all-new plant-based recipes in her debut cookbook, inspired by her wildly popular blog. Every month, half a million readers—vegetarians, vegans, paleo followers, and gluten-free gourmets alike—flock to Sarah’s adaptable and accessible recipes that make powerfully healthy ingredients simply irresistible. My New Roots is the ultimate guide to revitalizing one’s health and palate, one delicious recipe at a time: no fad diets or gimmicks here. Whether readers are newcomers to natural foods or are already devotees, they will discover how easy it is to eat healthfully and happily when whole foods and plants are at the center of every plate.

Open Source Intelligence Tools and Resources Handbook i-intelligence,2019-08-17 2018 version of the OSINT Tools and Resources Handbook. This version is almost three times the size of the last public release in 2016. It reflects the changing intelligence needs of our clients in both the public and private sector, as well as the many areas we have been active in over the past two years.

The Future of Finance Henri Arslanian,Fabrice Fischer,2019-07-15 This book, written jointly by an engineer and artificial intelligence expert along with a lawyer and banker, is a glimpse on what the future of the financial services will look like and the impact it will have on society. The first half of the book provides a detailed yet easy to understand educational and technical overview of FinTech, artificial intelligence and cryptocurrencies including the existing industry pain points and the new technological enablers. The second half provides a practical, concise and engaging overview of their latest trends and their impact on the future of the financial services industry including numerous use cases and practical examples. The book is a must read for any professional currently working in finance, any student studying the topic or anyone curious on how the future of finance will look like.

A Grammar of Mavea Valérie Guérin,2011-11-30 Spoken on Mavea Island by approximately 32 people, Mavea is an endangered Oceanic language of Vanuatu. This work provides grammatical descriptions of this hitherto undescribed language. Fourteen chapters, containing more than 1,400 examples, cover topics in the phonology and morphosyntax of Mavea, with an emphasis on the latter. Of particular interest are examples of individual speaker variation presented throughout the grammar; the presence of three linguo-labials (still used today by a single speaker) that were unexpectedly found before the rounded vowel /o/; and a chapter on numerals and the counting system, which have long been replaced by Bislama’s but are remembered by a handful of speakers. Most of the grammatical descriptions derive from a corpus of texts of various genres (conversations, traditional stories, personal histories, etc.) gathered during the author’s fieldwork, conducted for eleven months between 2005 and 2007.

After the Gig Juliet Schor,2021-07-27 When the sharing economy launched a decade ago, proponents claimed that it would transform the experience of work -- giving earners flexibility, autonomy, and a decent income. But this novel form of work soon sprouted a dark side: exploited Uber drivers, neighborhoods ruined by Airbnb, racial discrimination, and rising carbon emissions. Several of the most prominent platforms are now faced with existential crises as they prioritize growth over fairness and long-term viability. Based on nearly a decade of pioneering research, *After the Gig* dives into what went wrong with this contemporary reimagining of labor. The book examines multiple types of data from thirteen cases to identify the unique features and potential of sharing platforms that prior research has failed to pinpoint

Black Butler, Vol. 11 Yana Toboso,2014-04-08 Whispers turn into screaming headlines in Earl Ciel Phantomhive's morning paper as word of the dead being resurrected takes society by storm. But when the unsavoury details of the business reach Ciel's ear, he and his superlative butler, Sebastian, book themselves on a luxury liner to look into these alleged miracles and the Aurora Society conducting them. As the waters lap and crash all around the vessel, mysterious individuals gather under the banner of the Phoenix. Ciel and Sebastian may be one step closer to the truth, but have they sealed their fates by conducting an investigation on what could easily become a floating coffin...?

How to Make Beats Slime Green Beats,2021-01-28 Unleash your creative potential and start producing hip hop music today. This beginner's guide breaks down the basics of music production and gives you the tools to start creating. Beat making isn't a linear process, and there's no exact science or method. Slime Green Beats provides a complete overview of the equipment, strategy, and mentality that you need to produce mind-blowing music, all without stifling your creativity. Whether you're looking to produce your own music or start a career in music production, this handbook is a must-have. Learn beat making rules for different genres and musical styles, including hip hop, trap, R&B, and rap. You'll learn: Setup - How to set up your home beat making studio - Tips for sound selection and melody creation - What drum layers make up a hip-hop beat - The stylistic difference between 808s and basslines Finishing - An introduction to mixing instrumentals - How to create vibrant, clean beats without over-compressing - Music theory rules for arranging - How to find and implement reliable feedback Sharing - Online marketing strategies for self-promotion - Email marketing tips to build industry connections - How to license, lease, and sell your beats - What to expect when selling exclusive beats, including track outs ...And more! How to Make Beats explains music theory and technical software in easy-to-understand terms. The language of music production often feels elite, but Slime Green Beats breaks down barriers for new creators. Learn the lingo with an extensive terminology section in the back of the handbook and links to suggested resources. About the authors Slime Green Beats is led by 3E Wave and Stunna, two highly acclaimed music producers with an extensive fanbase on YouTube. With nearly a decade of beat making experience between them, their technical tips and recommendations are proven to work in the real world.

The Thursday Murder Club Richard Osman,2021-08-03 A New York Times bestseller | Soon to be a major motion picture from Steven Spielberg at Amblin Entertainment "Witty, endearing and greatly entertaining." —Wall Street Journal "Don't trust anyone, including the four septuagenarian sleuths in Osman's own laugh-out-loud whodunit." —Parade Four septuagenarians with a few tricks up their sleeves A female cop with her first big case A brutal murder Welcome to... THE THURSDAY MURDER CLUB In a peaceful retirement village, four unlikely friends meet weekly in the Jigsaw Room to discuss unsolved crimes; together they call themselves the Thursday Murder Club. When a local developer is found dead with a mysterious photograph left next to the body, the Thursday Murder Club suddenly find themselves in the middle of their first live case. As the bodies begin to pile up, can our unorthodox but brilliant gang catch the killer, before it's too late?

Resilience, Dynamism, Trust: 50 Landmark Statements By MAS Leaders Monetary Authority Of Singapore,2021-10-04 The Monetary Authority of Singapore (MAS) is Singapore's central bank and integrated financial regulator. As a central bank, MAS promotes sustained, non-inflationary economic growth through the conduct of monetary policy and close macroeconomic surveillance and analysis. It manages Singapore's exchange rate, official foreign reserves, and liquidity in the banking sector. As an integrated financial supervisor, MAS fosters a sound financial services sector through its prudential oversight of all financial institutions in Singapore — banks, insurers, capital market intermediaries, financial advisors and financial market infrastructures. It is also responsible for well-functioning financial markets, sound conduct, and investor education. MAS also works with the financial industry to promote Singapore as a dynamic international financial centre. It facilitates the development of infrastructures, adoption of technology, and upgrading of skills in the financial industry. This 50th anniversary compilation provides convenient access to the thinking behind MAS' policies and strategies as they have evolved, through 50 landmark statements by its leaders.

Black God, Vol. 14 Dall-Young Lim,2011-10-25 With Mana on board, Keita is outnumbered five girls to one guy in the modest Tokyo apartment. Although Mana has been welcomed in as part of the family, her disdain for humans and mototsumitama who ally with them is more than evident. A glimpse into the past reveals the cause: Mana's beloved older sister abandoned her right to clan leadership - and her little sister - to raise a family with the human she had fallen in love with. Can Mana set aside her resentment to help Kuro and Keita find and defeat the elusive Ghost?

Almost White Rick Najera,2013-09-16 In Almost White, award-winning writer, actor, director, comedian, playwright, and producer Rick Najera explores what it means to be a Latino against the

ever-changing backdrop of his life as a Hollywood creative. A bona fide chameleon, this L.A.-based everyman is Mexican hyphen American or, as he wryly puts it, almost white. Recognized twice as one of the 100 Most Influential Hispanics by Hispanic Business Magazine, Najera has worked with and mentored some of the biggest stars in Hollywood, including Cheech Marin, Jimmy Smits, Mario Lopez, Sofia Vergara, and many more. His funny, sad, and sometimes dark memoir tells his story of breaking into mainstream Hollywood, what it takes to struggle against typecasting, and how to challenge the pessimistic narrative that Latinos can only be disenfranchised victims in America. Driven by a satirical stream of consciousness, Najera's journey exposes universal lessons, from confronting the limits we place on our imaginations, to the need to take ownership of our stories instead of being mere performers in another's distorted vision, and the necessity of rising every day to press forward-no matter what. In the end, says Najera, perhaps it will be the power of the people and art, not politicians and politics, that will redefine the Latino American dream.

#MakeoverMonday Andy Kriebel, Eva Murray, 2018-10-02 Explore different perspectives and approaches to create more effective visualizations #MakeoverMonday offers inspiration and a giant dose of perspective for those who communicate data. Originally a small project in the data visualization community, #MakeoverMonday features a weekly chart or graph and a dataset that community members reimagine in order to make it more effective. The results have been astounding; hundreds of people have contributed thousands of makeovers, perfectly illustrating the highly variable nature of data visualization. Different takes on the same data showed a wide variation of theme, focus, content, and design, with side-by-side comparisons throwing more- and less-effective techniques into sharp relief. This book is an extension of that project, featuring a variety of makeovers that showcase various approaches to data communication and a focus on the analytical, design and storytelling skills that have been developed through #MakeoverMonday. Paging through the makeovers ignites immediate inspiration for your own work, provides insight into different perspectives, and highlights the techniques that truly make an impact. Explore the many approaches to visual data communication Think beyond the data and consider audience, stakeholders, and message Design your graphs to be intuitive and more communicative Assess the impact of layout, color, font, chart type, and other design choices Creating visual representation of complex datasets is tricky. There's the mandate to include all relevant data in a clean, readable format that best illustrates what the data is saying—but there is also the designer's impetus to showcase a command of the complexity and create multidimensional visualizations that "look cool." #MakeoverMonday shows you the many ways to walk the line between simple reporting and design artistry to create exactly the visualization the situation requires.

Sustainable Animal Agriculture Ermias Kebreab, 2013-12-13 In order to meet increasing global demand for meat and animal by-products increasingly intensive animal production is necessary. Creating a sustainable system in animal agriculture that works in different production environments is a major challenge for animal scientists. This book draws together themes on sustainability that have emerged as the most pressing in recent years. Addressing practical topics such as air quality, manure management, animal feeds, production efficiency, environmental sustainability, biotechnology issues, animal welfare concerns, societal impacts and an analysis of the data used to assess the economic sustainability of farms.

Hallyu White Paper 2018 KOFICE, 2019-06-06 Hallyu White Paper 2018 1. Introduction to the Hallyu (The Korean Wave) White Paper, 2018 2. Hallyu, Again at the starting Point 1) Hallyu and the social imaginary in the age of digital technology 2) Efficacy of Hallyu: beyond industry, beyond superpower 3) Universality and particularity of K-pop as a global culture 4) New media and K-pop 5) Q&A about Hallyu, the Second Story

Culinary Herbs and Spices of the World Ben-Erik van Wyk, 2014-09-26 For centuries herbs and spices have been an integral part of many of the world's great cuisines. But spices have a history of doing much more than adding life to bland foods. They have been the inspiration for, among other things, trade, exploration, and poetry. Priests employed them in worship, incantations, and rituals, and shamans used them as charms to ward off evil spirits. Nations fought over access to and

monopoly of certain spices, like cinnamon and nutmeg, when they were rare commodities. Not only were many men's fortunes made in the pursuit of spices, spices at many periods throughout history literally served as currency. In *Culinary Herbs and Spices of the World*, Ben-Erik van Wyk offers the first fully illustrated, scientific guide to nearly all commercial herbs and spices in existence. Van Wyk covers more than 150 species—from black pepper and blackcurrant to white mustard and white ginger—detailing the propagation, cultivation, and culinary uses of each. Introductory chapters capture the essence of culinary traditions, traditional herb and spice mixtures, preservation, presentation, and the chemistry of flavors, and individual entries include the chemical compounds and structures responsible for each spice or herb's characteristic flavor. Many of the herbs and spices van Wyk covers are familiar fixtures in our own spice racks, but a few—especially those from Africa and China—will be introduced for the first time to American audiences. Van Wyk also offers a global view of the most famous use or signature dish for each herb or spice, satisfying the gourmand's curiosity for more information about new dishes from little-known culinary traditions. People all over the world are becoming more sophisticated and demanding about what they eat and how it is prepared. *Culinary Herbs and Spices of the World* will appeal to those inquisitive foodies in addition to gardeners and botanists.

Rural Livelihoods and Diversity in Developing Countries Frank Ellis, 2000-06-29 Rural families in developing countries make a living by engaging in diverse activities. These range from farming, to rural trade, to migration to distant cities and even abroad. This book explores the implications of rural livelihood diversity for key topics in development studies and for poverty reduction policies. The livelihoods approach is gaining momentum, and this is the first book to set it out in detail.

Skills and the Future of Work Akiko Sakamoto, Johnny Sung, 2018

Czech: An Essential Grammar James Naughton, 2006-03-29 *Czech: An Essential Grammar* is a practical reference guide to the core structures and features of modern Czech. Presenting a fresh and accessible description of the language, this engaging grammar uses clear, jargon-free explanations and sets out the complexities of Czech in short, readable sections. Suitable for either independent study or for students in schools, colleges, universities and adult classes of all types, key features include: * focus on the morphology and syntax of the language * clear explanations of grammatical terms * full use of authentic examples * detailed contents list and index for easy access to information. With an emphasis on the Czech that native speakers use today, *Czech: An Essential Grammar* will help students to read, speak and write the language with greater confidence.

Hello, Robot Amelie Klein, Mateo Kries, Christoph Thun-Hohenstein, 2022-12-06 This updated edition of Vitra's 2017 publication presents recent developments in robotics and digitization. This volume investigates how robotics has become an integral part of life: in industry, in the military and in everyday settings; at nurseries and retirement homes; in our bodies; when shopping and when having sex; in video games and in films and in literature. In a series of in-depth essays and interviews, experts including science-fiction author Bruce Sterling and the design duo Dunne & Raby explore what an increasingly digital environment means for us humans. They highlight our often-ambivalent relationship to new technologies and discuss the opportunities and challenges they pose for us as individuals and as a society. *Hello, Robot* broadens the scope of debate to include the ethical and political questions arising from technological advances in robotics today, and confronts us with the contradictions that often underpin the answers to these questions.

You, Me, We! (Set of 2 Fill-In Books) Erin Jang, 2020-02-11 A pair of activity books to inspire bonding between parents and kids. *You, Me, We!* is a set of fill-in books that give parents and children an opportunity to express themselves and connect with each other in the process. Filled with activities that appeal to the kid and the kid-at-heart, these identical books are designed so that a parent and child can capture memories, share interests, and collaborate on silliness at the same time! Created by Erin Jang (@indigobunting) and kid-tested by her son Miles, these boldly designed books are gender-neutral and written for moms, dads, sons, and daughters alike. They are ideal for taking on vacation, breaking out on a rainy day, or doing a page at a time as a nightly ritual. An easy way to

capture the parent-child relationship at a moment in time, You, Me, We! will become a treasure in the making. Special Features Two paperback books packaged together with a clear acetate jacket Activities are suitable for ages 7 and up Full-color illustrations throughout
