James Joyce and the Arts ,2020-04-20 Joyce’s prismatic art reverberates within and across multiple genres. The essays in this volume reflect on Joycean re-tailorings, Joycean reception, and on the Joycean aesthetic metamorphosis in visual-textual imagery, visual art, music, TV and film.

Free Your Mind! Simon Matthews,2023-05-02 Between 1967 and 1970 Italian auteur Giovanni Tinto Brass directed four feature films in London, each starring a woman as the main character. Exploring the political, cultural and sexual ideas of their time, often in a deliberate pop-art style, they contain much priceless footage of now forgotten neighborhoods, galleries, clubs and events as well as an abundance of contemporary music. A fascinating blend of social history, pop culture, cinema, music and TV, *Free Your Mind!* examines the films, their stars and how they were made. Based on interviews with many of the surviving participants, Matthews argues that at this stage of his career, before *Caligula*, Brass was as significant a figure in cinema as Antonioni, Godard and many other better-known directors.

Hibernation Mayuko Ogawa,2021-09-21 I didn`t even realise this, more than a decade has passed, since I started collecting any objects which are reflective, like glass bottles, transparency of plastics, mirrors, stainless steel plates, etc. Then, created abstract kaleidoscopic sculptures, then out of those sculptures, it transformed to hand-made lenses of camera, started taking kaleidoscopic photographs, as if I have been always trying to express more and more accurately what is happening in my internal landscapes. So over those decades, I could not avoid starting to see my thinking patterns psychologically, through the way I see, through my own perception. Some visual images or tendencies of the way how I get attracted in certain ways, are not explainable in a verbal manner. Though, by digging deeper, I caught some moments, who I really was, who I really am, who I really wish to be. Whatever we experience, most of the times, it is not logic, and even not enough to explain verbally to others. Yet, visual images would haunt us, stay with us, unexplainably, like it or not. The hardest person to understand could be ourselves, most of times. Or say, as we wish our own growth, in order to head for evolving. All of us are brainwashed in some ways by environment, society, birth and upbringing conditions, then naturally, we do wear colour glasses, so in order to set ourselves free from those colour glasses, I found my art is a kind of therapeutic effect that could be displayed, be shared with others.

Flying Free Nigel Farage,2011-11-15 In an age of colourless bureaucrats, Nigel Farage is a politician who is impossible to ignore, provoking controversy and admiration in equal measure. A fun-loving iconoclast whose motto is work hard and play harderA, Farage's charismatic leadership and determination to battle the forces of anti-libertarianism have made him a Robin Hood figure to many, and propelled his party, UKIP, into a position of real power in the country. Never one for a quiet life, this paperback edition includes the story of Nigel's extraordinary escape from death in a plane crash on the eve of the 2010 general election (the light aircraft he was flying in got caught up in a UKIP banner it was towing and crashed shortly after take-off, badly injuring Farage and his pilot), his recovery and return to the leadership of UKIP in November 2010. Featuring sometimes hilarious and often terrifying encounters with a stellar supporting cast, including Tony Blair, Gordon Brown, Nicolas Sarkozy, Jose Manuel Barroso, and UKIP's short-lived, silver-gilt masco, Robert Kilroy-Silk - and told with Farage's customary wit and humour, *Fighting Bull* is a candid, colourful life story by a fascinating and controversial character. It also shows that one fearless, determined individual can still make a difference.

Children’s Free Play and Participation in the City Raymond Lorenzo,2022-06-03 This book presents an interplay of imaginative memoir-telling, action research data and future projection that reminds and inspires experiences academics, researchers, professionals, as well as a wider public to recognize the fundamental importance and the impellent need for more and better work in favour of true political and societal recognition of the needs and rights of children to play freely, to participate, to live fully and enjoy their neighbourhoods and cities, and to imagine and construct alternative futures, together with adults. The book's abundant spoken dialogue is, in effect, storytelling between children (and youth) on their own and with adults (especially the elderly). It conveys an appreciation of children’s special capacities to think critically about their everyday places—and the greater world around them—and to develop solutions (or ‘projects’) for the problems they identify. This book serves an effective catalyst for stimulating rich discussion of the theoretical and practical bases of the many themes, or areas of study, which are treated in the story.
