Knit Your Own Kama Sutra Trixie von Purl, 2015-01-08 Today's knitters may be spoilt for choice when it comes to cutesy project books, but even the most enthusiastic needle crafters are likely to become tired of the same old dogs, cats, and farmyard animals after a while. Providing a delightfully refreshing antidote to this surfeit of cutesiness, Knit Your Own Kama Sutra offers a saucy and subversive take on the traditional knitting projects book, and is guaranteed to prove a resounding hit among jaded crafters everywhere. Focusing on a variety of the most popular positions from the classic Kama Sutra guide—as well as a few of the more acrobatic ones—each of the book's 12 projects begins with a witty, light-hearted overview offering quirky facts and information relating to the position. These are followed by clear, easy-to-follow knitting patterns and instructions that help to guide the reader through every stage of the project down to the last little detail. Specially commissioned photographs accompany the instructions throughout so that readers can visualize each and every step. To add an extra element of fun, each project is also given a different setting—in addition to the bedroom, readers can choose to place their amorous couple in the back row at the movies, before the fire in a cosy log cabin, in the hot tub, or even make them members of the 'mile high' club! Complete patterns and instructions are given for knitting up a wide variety of delightful accessories to accompany each scenario, including everything from mini cartons of popcorn to little knitted backpacks and hiking boots. The 12 saucy couples featured in the book are all different to one another, allowing knitters to have fun with a variety of features such as hairstyles, glasses, and beards, as well as a selection of outfits, including everything from frilly suspender belts to snazzy briefs (and socks!)

Business Kamasutra Parthiv Shah,2015-03-20 Most books published this year don't break new ground or have a legitimate reason for existence other than being a published author. Most books can be ignored. Parthiv Shah's little book, Business Kamasutra should not be. . Most of my strategies focus on attraction in place of pursuit and consent in place of rape. This little book puts structure and system and technology for implementation underneath these ideas. . Parthiv is an implementer. He has, bluntly, a clever thief inside him with a focus on 'swipe & deploy' or the aggregation of best strategies in place of innovation. Innovation is far too highly prized, when it is implementation that matters most. . This book gets from concepts to practical implementation, which is where you want to be. . Business is Sex is a really great conceptual way to understand relationship with prospects and customers, but without the methodology and means and resources of implementing, it's empty. . Complexity is embraced in this book, and enabled by the suggestions late in this book. Process complexity is an extremely valuable asset. . As the Kama Sutra greatly complicate sex but gives it master dramatic advantage in sustaining the interest of his lover(s), the ability to implement this Business Kamasutra gives sustainable competitive advantage to a company. . Too many business books are nothing but flowery words and foreplay, a romancing, with no consummation. Here Parthiv has provided method and means for consummating change in your business.
