Wench Maxine Kaplan, 2021-01-19 A funny, fiercely feminist YA epic fantasy—following the adventures of a tavern wench Tanya has worked at her tavern since she was able to see over the bar. She broke up her first fight at 11. By the time she was a teenager she knew everything about the place, and she could run it with her eyes closed. She'd never let anyone—whether it be a drunkard or a captain of the queen's guard—take advantage of her. But when her guardian dies, she might lose it all: the bar, her home, her purpose in life. So she heads out on a quest to petition the queen to keep the tavern in her name—dodging unscrupulous guards, a band of thieves, and a powerful, enchanted feather that seems drawn to her. Fast-paced, magical, and unapologetically feminist, Wench is epic fantasy like you've never seen it before.

**The 360° Corporation** Sarah Kaplan,2019-09-03 Companies are increasingly facing intense pressures to address stakeholder demands from every direction: consumers want socially responsible products; employees want meaningful work; investors now screen on environmental, social, and governance criteria; clicktivists create social media storms over company missteps. CEOs now realize that their companies must be social as well as commercial actors, but stakeholder pressures often create trade-offs with demands to deliver financial performance to shareholders. How can companies respond while avoiding simple greenwashing or pinkwashing? This book lays out a roadmap for organizational leaders who have hit the limits of the supposed win-win of shared value to explore how companies can cope with real trade-offs, innovating around them or even thriving within them. Suggesting that the shared-value mindset may actually get in the way of progress, bestselling author Sarah Kaplan shows in *The 360° Corporation* how trade-offs, rather than being confusing or problematic, can actually be the source of organizational resilience and transformation.
