Новейший самоучитель от Виталия Леонтьева – вероятно, самый увлекательный «краткий курс» по Windows 8 для тех, кому не терпится пройтись по непроторённым дорожкам новой системы, а заодно и познакомиться с самыми полезными программами для неё.

### **The Cinema of Sofia Coppola** Suzanne

Ferriss, 2021-01-28 The Cinema of Sofia Coppola provides the first comprehensive analysis of Coppola's oeuvre that situates her work broadly in relation to contemporary artistic, social and cultural currents. Suzanne Ferriss considers the central role of fashion - in its various manifestations - to Coppola's films, exploring fashion's primacy in every cinematic dimension: in film narrative; production, costume and sound design; cinematography; marketing, distribution and auteur branding. She also explores the theme of celebrity, including Coppola's own director-star persona, and argues that Coppola's auteur status rests on an original and distinct visual style, derived from the filmmaker's complex engagement with photography and painting. Ferriss analyzes each of Coppola's six films, categorizing them in two groups: films where fashion commands attention (*Marie Antoinette*, *The Beguiled* and *The Bling Ring*) and those where clothing and material goods do not stand out ostentatiously, but are essential in establishing characters' identities and relationships (*The Virgin Suicides*, *Lost in Translation* and *Somewhere*). Throughout, Ferriss draws on approaches from scholarship on fashion, film, visual culture, art history, celebrity and material culture to capture the complexities of Coppola's engagement with fashion, culture and celebrity. The Cinema of Sofia Coppola is

beautifully illustrated with color images from her films, as well as artworks and advertising artefacts.

**Calm the H\*ck Down** Melanie Dale, 2020-12-08 From author and speaker Melanie Dale comes a laugh-out-loud hilarious parenting book that teaches you how to dial back the stress of raising children with the simple premise that we all just need to lighten up a little bit. Most of us thought we'd be amazing parents—and then we had kids. Now we spend what little free time we have comparing ourselves to other parents, comparing our kids to other kids, and panicking that everyone else is nailing it except us. Between constant social

media postings to conflicting advice found in parenting books, we often have no choice but to freak out. But there is another way. We all just need to calm the h\*ck down. Melanie Dale—a special needs parent, adoptive parent, in vitro parent, and reluctant cheer mom—believes we are all putting too much pressure on ourselves and our kids to be perfect. Instead, she argues, we need to take a step back so we can actually enjoy this journey called parenting. *Calm the H\*ck Down* is filled with stories from Melanie's own life, as well as real-life research for learning how to lighten up about every aspect of parenting—from poopy diapers and germs to family vacations and adolescent angst. She also discusses the pressure to knock it all out of the Pinterest park, the challenge of instilling some kind of faith into your kids, and worrying about their future while still trying to live in the present. Infused with quirky humor, profound insight, and accessible advice, *Calm the H\*ck Down* gives you the permission to finally relax and enjoy this ridiculous thing we do called parenting.
