

Karaoke Vietnam

Xun Zhou,Francesca Tarocco

Karaoke Xun Zhou, Francesca Tarocco, 2013-06-01 Dancing Queen. Respect. Brandy (You're a Fine Girl). There are some songs so infectious that you can't help but belt out the lyrics along with the singer. Karaoke—meaning “empty orchestra” in Japanese—gets rid of the singer and leaves you in the spotlight alone. It is the social manifestation of our desire to sing, in tune or out, and in three short decades, it has exploded into a worldwide craze. In this unprecedented study, Zhou Xun and Francesca Tarocco engagingly examine karaoke and all its associated kitsch, crime, and weirdness. Usually thought of as the pastime of desperately bad singers and slurring drunks, karaoke has never enjoyed a particularly stellar image. Xun and Tarocco, however, reveal its surprisingly complex history and significant cultural impact around the world. Originating in postwar Japan, karaoke soon spread to Southeast Asia and the West. Karaoke traces how it became a wildly successful social phenomenon that constantly evolved to keep pace with changes in technology and culture. Drawing on extensive research and international travels, the authors chart the varied manifestations of karaoke, from karaoke taxis in Bangkok to nude karaoke in Toronto to the role of karaoke in prostitution. Extensive personal anecdotes reveal the dramatic range of social experiences made possible by karaoke and how the obsession with performance and song has touched politics, history, and pop culture throughout global society. Karaoke bars are at the heart of rich escapist fantasies and the authors—in readable fashion and using vibrant full-color illustrations—document this unpredictable fantasy world and the people who inhabit it. Karaoke, therefore, will delight anyone who has had the courage to take the mike and front the “empty orchestra.”

Popular Music of Vietnam Dale A. Olsen, 2008-06-30 Based on the author's research in Ho Chi Minh City, Hanoi, and other urban areas in Vietnam, this study of contemporary Vietnamese popular music explores the ways globalization and free market economics have influenced the music and subcultures of Vietnamese youth, focusing on the conflict between the politics of remembering, nurtured by the Vietnamese Communist government, and the politics of forgetting driven by the capitalist interests of the music industry. Vietnamese youth at the end of the second and beginning of the third millennium are influenced by the challenges generated by a number of seemingly opposite ideologies and realities, such as the past versus the present, socialism versus capitalism, and cultural traditionalism versus globalization. Vietnam has undergone a radical demographic shift with a very pronounced youth movement, and consequently, Vietnamese popular culture has been radically reshaped by a young population coming of age in the twenty-first century. As Olsen reveals, the way Vietnamese young people cope with these opposing and contrasting forces is often expressed in their active and passive music making.

Food Anxiety in Globalising Vietnam Judith Ehlert, Nora Katharina Faltmann, 2018-01-01 This open access book approaches the anxieties inherent in food consumption and production in Vietnam. The country's rapid and recent economic integration into global agro-food systems and consumer markets spurred a new quality of food safety concerns, health issues and distrust in food distribution networks that have become increasingly obscured. This edited volume further puts the eating body centre stage by following how gendered body norms, food taboos, power structures and social differentiation shape people's ambivalent relations with food. It uncovers Vietnam's trajectories of agricultural modernisation against which consumers and producers manoeuvre amongst food self-sufficiency, security and abundance. *Food Anxiety in Globalising Vietnam* is explicitly about 'dangerous' food – regarding its materiality and meaning. It provides social science perspectives on anxieties related to food and surrounding discourses that travel between the local and the global, the individual and society and into the body. Therefore, the book's lens of food anxiety matters for social theory and for understanding the embeddedness and discontinuities of

food globalizations in Vietnam and beyond. Due to its rich empirical base, methodological approaches and thematic foci, it will appeal to scholars, practitioners and students alike.--

Speak it Louder Deborah Wong,2004-07-19 *Speak It Louder: Asian Americans Making Music* documents the variety of musics-from traditional Asian through jazz, classical, and pop-that have been created by Asian Americans. This book is not about Asian American music but rather about Asian Americans making music. This key distinction allows the author to track a wide range of musical genres. Wong covers an astonishing variety of music, ethnically as well as stylistically: Laotian song, Cambodian music drama, karaoke, Vietnamese pop, Japanese American taiko, Asian American hip hop, and panethnic Asian American improvisational music (encompassing jazz and avant-garde classical styles). In Wong's hands these diverse styles coalesce brilliantly around a coherent and consistent set of questions about what it means for Asian Americans to make music in environments of inter-ethnic contact, about the role of performativity in shaping social identities, and about the ways in which commercially and technologically mediated cultural production and reception transform individual perceptions of time, space, and society. *Speak It Louder: Asian Americans Making Music* encompasses ethnomusicology, oral history, Asian American studies, and cultural performance studies. It promises to set a new standard for writing in these fields, and will raise new questions for scholars to tackle for many years to come.

Vietnam Bill Hayton,2020-11-24 A much-needed behind-the-scenes survey of an emerging Asian power The eyes of the West have recently been trained on China and India, but Vietnam is rising fast among its Asian peers. A breathtaking period of social change has seen foreign investment bringing capitalism flooding into its nominally communist society, booming cities swallowing up smaller villages, and the lure of modern living tugging at the traditional networks of family and community. Yet beneath these sweeping developments lurks an authoritarian political system that complicates the nation's apparent renaissance. In this engaging work, experienced journalist Bill Hayton looks at the costs of change in Vietnam and questions whether this rising Asian power is really heading toward capitalism and democracy. Based on vivid eyewitness accounts and pertinent case studies, Hayton's book addresses a broad variety of issues in today's Vietnam, including important shifts in international relations, the growth of civil society, economic developments and challenges, and the nation's nascent democracy movement as well as its notorious internal security. His analysis of Vietnam's "police state," and its systematic mechanisms of social control, coercion, and surveillance, is fresh and particularly imperative when viewed alongside his portraits of urban and street life, cultural legacies, religion, the media, and the arts. With a firm sense of historical and cultural context, Hayton examines how these issues have emerged and where they will lead Vietnam in the next stage of its development.

Entwined with Vietnam Theodore M. Hammett,2022-07-26 In 1968, Theodore Hammett entered a war he believed was wrong, pressured by his father's threat to disown him if he withdrew from a Marine Corps officer candidate program. He hated the Vietnam War and soon grew to hate Vietnam and its people. As a supply officer at a field hospital uncomfortably near the DMZ, he employed thievery, bargaining and lies to secure supplies for his unit and retained his sanity with the help of alcohol, music and the promise of

going home. In 2008, he returned to Vietnam for a five-year second tour to assist in improving HIV/AIDS policies and prevention programs in Hanoi. His memoir recounts his service at the height of the war, and how the country he detested became his second home.

Vietnam Economic Times ,2006

Vietnam Scott Rutherford,2002-12 Insight Guides, the world's largest visual travel guide series, in association with Discovery Channel, the world's premier source of nonfiction entertainment, provides more insight than ever. Vietnam Robert Storey, Daniel Robinson, 1995 As Vietnam welcomes more and more visitors, a greater number of guidebooks are trying to cover the region. With this in mind, Lonely Planet has created the definitive guidebook to the area, filled with information on getting around independently, travel conditions, business travel, and more. 65 detailed maps, some in color.

Vietnam ,2007

School Days in Vietnam Stories from the Heart Larry Welch, 2015-08-29 School Days in Vietnam is the third book in a trilogy that encompass five years of teaching English in Thailand, Myanmar, and Vietnam. I only taught for a year in Hanoi and used the second year to travel and carry-on with other missions in my life that included writing much of this book and other stories about travel. I had wanted to live in Hanoi since first visiting in 2004, but the opportunity didn't present itself until eight years later through employment as an English teacher in an international school. In my mind I had high expectations and a goal of remaining in Hanoi for two years. Everything was more interesting and meaningful than I could have expected and at the end of two years I felt tied to my friendships and the amazing lifestyle that was simple yet lavish in humanity. I was totally enamored with Vietnam, the people, the natural beauty of its diverse geography, and the culture that separates it from all other nations. I made more friends than I had in any other country, and in North Vietnam I enjoyed a weather pattern that was near to the tropics but decidedly four seasons.

Children and Money Takahashi Noboru, Yamamoto Toshiya, 2020-03-01 In the "Pocket Money Project," researchers from four countries, Japan, Korea, China, and Vietnam collaborated and studied how children in those four countries were involved with money, combining various research methods and approaches. What our project tries to present throughout this book is that money is not only just a tool of exchange in the context of the market economy; but, it also serves as a tool to mediate human relationships in individual cultures; and the tool is used and mediated by norms. The structure of the norms differs among cultures, and the same action has different meanings; thus, when the structure of norms in a culture is identified, the meaning of an action in the culture becomes clear. The research practice of "the Cultural Psychology of Differences" does not aim to create inventories of static differences. When a researcher, who is also a member of a specific culture, witnesses common behavior (cultural practices) among the others belonging to a different culture, the researcher is surprised, and, at the same time, reflects on his or her own common behavior (cultural practices); by doing so, mutual understanding and empathy are deepened, and this is

exactly what “the Cultural Psychology of Differences” aims to do. Culture of the others appears dynamically, swaying ourselves; theorizing such a process is the task of our “Cultural Psychology of Differences”. We believe this practice of understanding different cultures will provide a practical prescription for mutual understanding through tensions and surprise not only for psychology but also for members of the countries that historically and constantly have had strained relationships. Cultural Psychology of Differences” is the ideal that cultural psychology to study the relationships between mind and culture should be pursued in the future.

Ascents & Descents Jeroen Vogel,2014 When Jeroen Vogel is invited to join his pub buddy Krijn on a motorcycle adventure through Vietnam, he hops on a boat in Phnom Penh and makes his way to Ho Chi Minh City, where the pair buys two Honda Win motorbikes and set off for an eventful, 3.5 week journey to the capital Hanoi. Being untrained and ill-prepared, they find themselves bribing the police, being ripped off and befriending two Italian backpackers and their beautiful but ultra-economical Russian passenger. After the Italians ditch the Russian girl and decide to continue the journey with the four of them, it becomes clear that being pub buddies is a hell of a lot easier than being travel mates.

Fodor's Vietnam Fodor's Travel Guides,2015-09-22 Written by locals, Fodor's travel guides have been offering expert advice for all tastes and budgets for 80 years. Buzzing cities, world-class cuisine, dramatic landscapes, and welcoming locals give Vietnam a distinct character and have made the country increasingly popular with American travelers. From Ho Chi Minh City and the Mekong Delta to the capital city of Hanoi and the northern highlands, Fodor's revitalized new edition has the essential coverage of Southeast Asia's most dynamic nation. This travel guide includes: · Dozens of maps · An 8-page color insert with a brief introduction and spectacular photos that capture the top experiences and attractions throughout Vietnam · Hundreds of hotel and restaurant recommendations, with Fodor's Choice designating our top picks · Multiple itineraries to explore the top attractions and what's off the beaten path · Major sights such as Halong Bay, The Imperial City (Hue), and The Mekong Delta · Side Trips from Ho Chi Minh City and Hanoi including Angkor Wat · Coverage of Ho Chi Minh City, The Mekong Delta, The South-Central Coast and Highlands, The Central Coast, Halong Bay and North-Central Vietnam, Hanoi and The Northwest

Music and Technoculture René T. A. Lysloff,Leslie C. Gay, Jr.,2013-08-15 Moving from web to field, from Victorian parlor to 21st-century mall, the 15 essays gathered here yield new insights regarding the intersection of local culture, musical creativity and technological possibilities. Inspired by the concept of technoculture, the authors locate technology squarely in the middle of expressive culture: they are concerned with how technology culturally informs and infuses aspects of everyday life and musical experience, and they argue that this merger does not necessarily result in a cultural grayout, but instead often produces exciting new possibilities. In this collection, we find evidence of musical practices and ways of knowing music that are informed or even significantly transformed by new technologies, yet remain profoundly local in style and meaning. CONTRIBUTORS: Leslie C. Gay, Jr., Kai Fikentscher, Tong Soon Lee, René T. A. Lysloff, Matthew Malsky, Charity Marsh, Marc Perlman, Thomas Porcello, Andrew Ross, David Sanjek, jonathan Sterne, Janet L. Sturman, Timothy D. Taylor, Paul Théberge, Melissa West, Deborah Wong. Ebook Edition Note: Four of the 26 illustrations, and the cover illustration, have been redacted.

Asian American Society Mary Yu Danico,2014-08-19 Asian Americans are a growing, minority population in the United States. After a 46 percent population growth between 2000 and 2010 according to the 2010 Census, there are 17.3 million Asian Americans today. Yet Asian Americans as a category are a diverse set of peoples from over 30 distinctive Asian-origin subgroups that defy simplistic descriptions or

generalizations. They face a wide range of issues and problems within the larger American social universe despite the persistence of common stereotypes that label them as a “model minority” for the generalized attributes offered uncritically in many media depictions. *Asian American Society: An Encyclopedia* provides a thorough introduction to the wide-ranging and fast-developing field of Asian American studies. Published with the Association for Asian American Studies (AAAS), two volumes of the four-volume encyclopedia feature more than 300 A-to-Z articles authored by AAAS members and experts in the field who examine the social, cultural, psychological, economic, and political dimensions of the Asian American experience. The next two volumes of this work contain approximately 200 annotated primary documents, organized chronologically, that detail the impact American society has had on reshaping Asian American identities and social structures over time. Features: More than 300 articles authored by experts in the field, organized in A-to-Z format, help students understand Asian American influences on American life, as well as the impact of American society on reshaping Asian American identities and social structures over time. A core collection of primary documents and key demographic and social science data provide historical context and key information. A Reader's Guide groups related entries by broad topic areas and themes; a Glossary defines key terms; and a Resource Guide provides lists of books, academic journals, websites and cross references. The multimedia digital edition is enhanced with 75 video clips and features strong search-and-browse capabilities through the electronic Reader's Guide, detailed index, and cross references. Available in both print and online formats, this collection of essays is a must-have resource for general and research libraries, Asian American/ethnic studies libraries, and social science libraries.

Insight Guides Vietnam (Travel Guide eBook) Insight Guides, 2023-10-01 This Insight Guide is a lavishly illustrated inspirational travel guide to Vietnam and a beautiful souvenir of your trip. Routledge Handbook of Transnational Organized Crime Felia Allum, Stan Gilmour, 2021-11-08 This fully revised new edition provides a definitive and holistic overview of Transnational Organized Crime (TOC) in a world in which right wing populism has gained ground, trade wars are increasing, climate change is a reality and Covid poses a challenge for years to come. Updated to reflect the changing world environment, the book includes new chapters on issues such as criminal network analysis, environmental crime, cybercrime, people smuggling, drugs activities in the modern world, the relationship between organized crime and corruption, anti-organized crime resilience and the effectiveness of the fight against organized crime. New country case studies have also been included. The handbook is presented in six sections: • Concepts, theories and laws • Origins and manifestations • Contagion and evolution • Intensity and impact • Governance • Reaction and future Truly interdisciplinary in nature, the handbook features contributions from an international team of experts, working in different academic disciplines and within varied law enforcement agencies. It will appeal to scholars, policymakers and practitioners in International Law, Global Governance, International Political Economy and Security Studies.
