

Katakana Scholar

Ku-ming (Kevin) Chang, Anthony Grafton, Glenn Warren Most

On the Laws of Japanese Painting: An Introduction to the Study of the Art of Japan Henry P. Bowie, 2023-10-05 *On the Laws of Japanese Painting: An Introduction to the Study of the Art of Japan* by Henry P. Bowie. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten-or yet undiscovered gems-of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

A Practical Guide for Scholarly Reading in Japanese Fumiko Nazikian, Keiko Ono, Naofumi Tatsumi, 2023-03-31 *A Practical Guide for Scholarly Reading in Japanese* is an innovative reference guide for scholars specializing in Asian studies, with a special focus on Chinese studies. The book aims to prepare those scholars to conduct research with primary sources from a variety of genres from the 20th century. The book contains concise descriptions of grammar points essential for reading scholarly writings in Japanese and exercises based on excerpts taken from prominent Japanese scholarly texts. Each exercise reading provides a list of vocabulary and explanations of expressions. The reading materials provided mainly cover Chinese history, comparative literature, religion, and culture. The book can be used as a textbook or self-study guide for scholars of Asian studies, as well as students who have completed two years of basic language learning and need to learn to read scholarly Japanese.

A Practical Introduction to the Study of Japanese Writing Basil Hall Chamberlain, 1899

Old Japanese Marc Hideo Miyake, 2013-08-21 What did eighth-century Japanese sound like? How does one decode its complex script? This book provides the definitive answers to these questions using an unprecedented range of data from the past and the present.

Impagination - Layout and Materiality of Writing and Publication Ku-ming (Kevin) Chang, Anthony Grafton, Glenn Warren Most, 2021-01-18 This volume is the first comparative history that studies the practice of impagination across different ages and civilizations. By impagination we mean the act of placing and arranging spatially textual and other information onto a material bearer that could be made of a variety of materials (papyrus, bamboo slips, palm leaf, parchment, paper, and the computer screen). This volume investigates three levels of impagination: what is the page or other unit of the material bearer, what is written or printed on it, and how is writing or print placed on it. It also examines the interrelations of two or all three of these levels. Collectively it examines the material and materiality of the page, the variety of imprints, cultural and historical conventions for impagination, interlinguistic encounters, the control of editors, scribes, publishers and readers over the page, inheritance, borrowing and innovation, economics, aesthetics and socialities of imprints and impagination, and the relationship of impagination to philology. This volume supplements studies on *mise en page* and layout - an important subject of codicology - first by including non-codex writings, second by taking a closer look at the page or other unit than at the codex (or book), and third by its aspiration to adopt a globally comparative approach. This volume brings together for comparison vast geographical realms of learning, including Europe, China, Tibet, Korea, Japan and the Near Eastern and European communities in which the Hebrew Bible was transmitted. This comparison is significant, for Europe, China, and India all developed great traditions of learning which came into intensive contact. The contributions to this volume are firmly rooted in local cultures and together address global, comparative themes that are significant for multiple disciplines, such as intellectual and cultural history of knowledge (both humanistic and scientific), global history, literary and media studies,

aesthetics, and studies of material culture, among other fields.

On The Laws Of Japanese Painting Henry P. Bowie, 2016-03-09 This vintage book contains a detailed introduction to Japanese art, with historical information, directions for using materials, details on influential artists and pieces, and much more. "On The Laws Of Japanese Painting" constitutes a must-read for those with a practical interest in Japanese art and would make for a fantastic addition to collections of allied literature. Contents include: "Personal Experiences", "Art in Japan", "Laws for the Use of Brush and Materials", "Laws Governing the Conception and Execution of a Painting", "Canons of the Aesthetics of Japanese Painting", "Subjects for Japanese Painting", "Signatures and Seals", "Explanation of Head-Bands", and "Plates Explanatory of the Forgoing Text on the Laws of Japanese Painting". Many vintage books such as this are increasingly scarce and expensive. We are republishing this volume now in an affordable, modern edition complete with a specially commissioned new introduction. This book was first published in 1911.

Linguistics in East Asia and South East Asia Chao Yuen Ren, Richard B. Noss, Joseph. K. Yamagiwa, 2019-04-01 To celebrate the 270th anniversary of the De Gruyter publishing house, the company is providing permanent open access to 270 selected treasures from the De Gruyter Book Archive. Titles will be made available to anyone, anywhere at any time that might be interested. The DGBA project seeks to digitize the entire backlist of titles published since 1749 to ensure that future generations have digital access to the high-quality primary sources that De Gruyter has published over the centuries.

Original Modern Reader's Japanese-English Character Dictiona Andrew N. Nelson, 2014-09-08 The Japanese government may someday recognize it as it ought to. Tuttle's contribution to creating an intelligent interest in Japan among the English-speaking public, and deepening understanding of Japanese overseas. Hokubei Mainichi (San Francisco) Awarded the 1969 Prize for the Society of the Promotion of International Cultural Relations, this is the most comprehensive Japanese book of its kind. Containing Japanese-English and English-Japanese sections, it is an essential reference tool for serious students studying the Japanese language or for business people and tourists wishing to learn Japanese before they travel. Special features include: Lists over 5,000 carefully selected characters with their 10,000+ current readings and almost 70,000 compounds in current use, all with concise English definitions. Scientifically arranged by a logical extension of the traditional radical system so as to make the finding of a given character almost foolproof, saving hours of time. Makes provision for quickly finding characters either in their traditional or their modern and often greatly altered forms, thus serving for both prewar and postwar literature. Includes 14 valuable appendices giving (1) instructions for the most efficient use of the book, (2) discussions of the written language in general and particularly of its recent and far-reaching official modifications, and (3) much helpful

Dictionaries. An International Encyclopedia of Lexicography Rufus Gouws, Ulrich Heid, Wolfgang Schweickard, Herbert Ernst Wiegand, 2013-12-18 The basis for this additional volume are the three volumes of the handbooks *Dictionaries. An International Encyclopedia of Lexicography* (HSK 5.1-5.3), published between 1989 and 1991. An updating has been perceived as an important desideratum for a considerable time. In the present Supplementary Volume the premises and subjects of HSK 5.1-5.3 are complemented by new articles that take account of the practice-internal and theoretical developments of the last 15 years. Special attention has been given to the following topics: the status and function of lexicographic reference works, the history of lexicography, the theory of lexicography, lexicographic processes, lexicographic training and lexicographic institutions, new metalexicographic methods, electronic and, especially, computer-assisted lexicography.

Japanese Biographical Index, 2013-02-06 Der Japanische Biographische Index verzeichnet in drei Bänden die 86.800 im Japanischen Biographischen Archiv enthaltenen Persönlichkeiten und erschließt 127.000 biographische Einträge aus 77 Quellenwerken in 178 Bänden, erschienen zwischen 1646 und 1998.

Cyclopædia of Biblical, Theological, and Ecclesiastical Literature John McClintock, James Strong, 1891

Minutes of Evidence Taken by the Committee Appointed by the Lords Commissioners of His Majesty's Treasury to Consider the Organisation of Oriental Studies in London, with Lists of Witnesses Examined and Index Great Britain. Committee on the Organisation of Oriental Studies in London, 1909

Cyclopaedia of Biblical, Theological and Ecclesiastical Literature John McClintock, James Strong, 1891

The Gambler and the Scholars John F. Dooley, 2023-04-05 In May 1917, William and Elizebeth Friedman were asked by the U.S. Army to begin training officers in cryptanalysis and to decrypt intercepted German diplomatic and military communications. In June 1917, Herbert Yardley convinced the new head of the Army's Military Intelligence Division to create a code and cipher section for the Army with himself as its head. These two seminal events were the beginning of modern American cryptology, the growth of which culminated 35 years later with the creation of the National Security Agency. Each running their own cryptologic agencies in the 1920s, the Friedman-Yardley relationship was shattered after Yardley published a tell-all book about his time in military intelligence. Yet in the end, the work they all started in 1917 led directly to the modern American intelligence community. As they got older, they became increasingly irrelevant in the burgeoning American cryptologic fraternity. Topics and features: * Examines the lives of three remarkable and pioneering cryptologists * Offers fascinating insights into spies, codes and ciphers, rumrunners, poker, and military history * Sheds new light on interesting parts of the cryptologists' careers—especially Elizebeth Friedman, whose work during World War II has just begun to be explored * Recounts several good stories, i.e., What if the Friedmans had gone to work for Herbert Yardley in his new Cipher Bureau in 1919? What if Yardley had moved back to Washington to work for William Friedman a decade later? This enjoyable book has wide appeal for: general readers interested in the evolution of American cryptology, American historians (particularly of World War I, the inter-war period, and World War II signals intelligence), and historians of—and general readers interested in—American military intelligence. It also can be used as an auxiliary text or recommended reading in introductory or survey courses in history or on the related topics.

Report of the Committee Appointed by the Lords Commissioners of His Majesty's Treasury to Consider the Organisation of Oriental Studies in London Great Britain. Treasury. Committee on the organisation of oriental studies in London, 1909

An Introduction to Language with Online Study Tools 12 Months Victoria Fromkin, Robert Rodman, Nina Hyams, Mengistu Amberber, Felicity Cox, Rosalind Thornton, 2017 An Introduction to Language continues to be instrumental in introducing students to the fascinating study of human language. Engagingly and clearly written, it provides an overview of the key areas of linguistics from an Australian perspective. This classic text is suitable for students in fields as diverse as linguistics, computer science, English, communication studies, anthropology, foreign language teaching and speech pathology. The text is divided into four sections, and chapters take you through the nature of human language, the grammatical aspects and psychology of language,

finishing with language and its relation to society. Chapters have also been reworked and revised to keep all syntax up-to-date and accurate. Popular features from previous editions have been retained for this ninth edition including learning objectives and margin definitions in each chapter, along with summary tables inside the covers, which assist you to learn core concepts and terminology.gy.
