The Fight Dan Bongino,2016-01-12 What events led a veteran Secret Service agent at the top of his profession, with no political experience, to resign his position and run for office, nearly pulling off the unlikeliest of upsets as a Republican in a deep-blue state? More importantly, what insight on issues from national and personal security to big politics can be gleaned from his successes as a Secret Service agent and failures in politics? As a former member of the elite Presidential Protection Division who served three Presidents, bestselling author Dan Bongino is uniquely qualified to provide a view from behind the curtain to warn readers about the political system that is failing them, and the security future that won't protect them. --Publisher.

Life Inside the Bubble Dan Bongino,2021-01-12 Why would a successful, twelve-year Secret Service agent resign his position in the prime of his career to run for political office against all the odds? How does the Washington DC "Bubble"—a haze of lobbyists, cronysts, staff, acolytes, consultants, and bureaucrats—surrounding the President distort his view of the world? Take the journey with Dan Bongino from the tough streets of New York City where he was raised, and later patrolled as a member of the NYPD, to the White House as a member of the elite Presidential Protective Division, through his ultimate decision to resign from the Secret Service in the prime of his career to run for the United States Senate against the feared Maryland Democratic machine. Follow his experiences inside the Washington DC "Bubble" and uncover why a government that includes the incredibly dedicated people he encountered while within it continues to make tragic mistakes. Learn how... • Bureaucratic laziness allows the NSA collection scandal to continue • The Department of Justice's unwillingness to take on the tough cases allowed "Fast & Furious" to arm criminals • The Obama administration allowed US citizens to die in Benghazi in the worst dereliction of responsibility over security ever • The "Politics of Protection" leads to dangerous policies that weaken our country and cost American lives "A rare peak inside the DC 'Bubble' which should be a wake-up call to every American." —Sean Hannity

Advancing the Story Debora Halpern Wenger,Deborah Potter,2018-08-17 This textbook takes a systematic approach to teaching broadcast and multimedia journalism to students. Easy to follow [and] very relatable for students. Visually appealing...Love this textbook. —Beth Bingham Georges, California State University, Fullerton Updated Edition of Bestseller! It's a multimedia world, and today's journalists must develop a multimedia mindset. How does this way of thinking change the newsgathering and news production processes? Having conceived of and written their book in this changed media landscape, broadcast veterans Wenger and Potter seamlessly build on the fundamentals of good news reporting while teaching students to use depth, interactivity and immediacy as they maximize the advantages of each platform. While retaining the book's clear instruction and advice from those in the trenches, *Advancing the Story*, Fourth Edition has been updated to reflect the latest issues and trends with: greater emphasis on social media and mobile media to gather, promote and disseminate news content; expanded coverage of media ethics and media law; extended examples of effective reporting across multiple platforms; updated writing exercises and new resources for reviewing AP style; and additional interviews with journalists at the forefront of industry changes.

Let Freedom Ring Sean Hannity,2009-03-17 The hard-hitting and provocative first book from the fastest-rising conservative voice in the country Sean Hannity is the hottest phenomenon in TV and talk radio today. His gutsy, take-no-prisoners interviews and commentary on the Fox News Channel's Hannity & Colmes has made him one of the network's most popular personalities. And his ascendance to the top of the talk radio world with ABC Radio's The Sean Hannity Show has won him a huge and devoted conservative following, and ensured his place alongside Rush Limbaugh and Bill O'Reilly as one of the country's most influential commentators. Now, in *Let Freedom Ring*, Sean Hannity offers a survey of the world—political, social, and cultural—as he sees it. Drawing on stories from his own life, and on the inspiration of political figures like Ronald Reagan and George W. Bush, he recounts the experiences that have shaped his perspective on the dramatic issues that face America today: • Terrorism and National Security • The Economy • Liberal Media Bias • Education • Faith, Character, and the Family As America meets the challenges of the post-9/11 world—abroad and at home—Sean Hannity's position is clear: "We are engaged in a war of ideas. And we must win. Civilization itself is at stake."

Spygate Dan Bongino,D.C. McAllister,Matt Palumbo,2018-10-09 Everyone has an opinion about whether or not Donald Trump colluded with the Russians to defeat Hillary Clinton in 2016. The number of actors involved is staggering, the events are complicated, and it's hard to know who or what to believe. *Spygate* bypasses opinion and brings facts together to expose the greatest political scandal in American history. Former Secret Service agent and NYPD police officer Dan Bongino joins forces with journalist D.C. McAllister to clear away fake news and show you how Trump's political opponents, both foreign and domestic, tried to sabotage his campaign and delegitimize his presidency. By following the names and connections of significant actors, the authors reveal: • Why the Obama administration sent a spy connected to the Deep State into the Trump campaign • How Russians were connected to the opposition research firm hired by the Clinton campaign to find dirt on Trump • How the FBI failed to examine DNC computers after they were hacked, relying instead on the findings of a private company connected to the DNC and the Obama administration • Why British intelligence played a role in building the collusion narrative • What role Ukrainians played in legitimizing the perception that Trump was conspiring with the Russians • How foreign players in the two events that kickstarted the Trump-Russia collusion investigation were connected to the Clinton Foundation, and • What motivated the major actors who sought to frame the Trump campaign and secure a win for Hillary Clinton

American Carnage Tim Alberta,2019-07-16 New York Times' Top Books of 2019 Politico Magazine's chief political correspondent provides a rollicking insider's look at the making of the modern Republican Party—how a decade of cultural upheaval, populist outrage, and ideological warfare made the GOP vulnerable to a hostile takeover from the unlikeliest of insurgents: Donald J. Trump. The 2016 election was a watershed for the United States. But, as Tim Alberta explains in *American Carnage*, to understand Trump's victory is to view him not as the creator of this era of polarization and bruising partisanship, but rather as its most manifest consequence. *American Carnage* is the story of a president's rise based on a country's evolution and a party's collapse. As George W. Bush left office with record-low approval ratings and Barack Obama led a Democratic takeover of Washington, Republicans faced a moment of reckoning: They had no vision, no generation of new leaders, and no energy in the party's base.

Yet Obama's forceful pursuit of his progressive agenda, coupled with the nation's rapidly changing cultural and demographic landscape, lit a fire under the right, returning Republicans to power and inviting a bloody struggle for the party's identity in the post-Bush era. The factions that emerged—one led by absolutists like Jim Jordan and Ted Cruz, the other led by pragmatists like John Boehner and Mitch McConnell—engaged in a series of devastating internecine clashes and attempted coups for control. With the GOP's internal fissures rendering it legislatively impotent, and that impotence fueling a growing resentment toward the political class and its institutions, the stage was set for an outsider to crash the party. When Trump descended a gilded escalator to announce his run in the summer of 2015, the candidate had met the moment. Only by viewing Trump as the culmination of a decade-long civil war inside the Republican Party—and of the parallel sense of cultural, socioeconomic, and technological disruption during that period—can we appreciate how he won the White House and consider the fundamental questions at the center of America's current turmoil. How did a party obsessed with the national debt vote for trillion-dollar deficits and record-setting spending increases? How did the party of compassionate conservatism become the party of Muslim bans and walls? How did the party of family values elect a thrice-divorced philanderer? And, most important, how long can such a party survive? Loaded with exclusive reporting and based off hundreds of interviews—including with key players such as President Trump, Paul Ryan, Ted Cruz, John Boehner, Mitch McConnell, Jim DeMint, and Reince Priebus, and many others—*American Carnage* takes us behind the scenes of this tumultuous period as we've never seen it before and establishes Tim Alberta as the premier chronicler of this political era.
