One Hundred Reasons To Hope Danielle Brown, 2021-09-16 For all those finding it difficult: the sun will shine on you again and the clouds will go away. Remember that tomorrow will be a good day. Captain Sir Tom Moore captured the hearts of a nation, as he walked 100 laps of his garden to raise money for the NHS. Captain Sir Tom wished to celebrate many other inspirational stories from this uncertain time, and with his blessing, these one hundred stories make a book of hope for the future. This is a book of gratitude for his inspiration, and a celebration of incredible everyday heroes from across the UK. These beautifully illustrated true stories of everyday heroes across the nation is introduced by Captain Sir Tom Moore's daughter, Hannah Ingram-Moore. During the pandemic we have found hope in unexpected places, and these one hundred stories of hope - written by Paralympian Danielle Brown MBE - show just how extraordinarily we can work together. We feature well-known stories such as Joe Wicks' family workouts, as well as equally astonishing stories of everyday heroes, such as dancing binmen and fancy-dress postal workers, who brought joy to their neighbourhoods. These are stories of courage and community, of everyday kindness and perseverance. From the scientists racing to find a vaccine, to frontline workers putting themselves at risk, from clapping together to celebrate keyworkers, to breathing cleaner air, discover one hundred hopeful stories from an uncertain time. With lively and engaging illustrations, these are stories that will help you hope that tomorrow will be a good day. Because hope starts with one small step . . . Inspired by, and with the blessing of, one man and his walking frame, a £1 donation will be made to The Captain Tom Foundation for all hardback print sales in the UK and Ireland. The Captain Tom Foundation was created to inspire hope where it is needed most: combating loneliness, helping those facing bereavement, and supporting hospices - and this book celebrates the spirit of this amazing achievement.

Sparking Creativity Barry Kudrowitz, 2023-06-01 Blending popular culture and design theory, framed by a decade of scholarly research, this book highlights how play and humor fuel innovation. Now, more than ever, we are in need of creative solutions to global problems, but creative skills and abilities decline over time without intervention and practice. *Sparking Creativity* provides empirically supported methods for embracing the often-trivialized domains of play and humor to increase our creativity. It shows that topical examples, such as *Seinfeld's* humor, the Apples to Apples board game, and the *Adventure Time* cartoon series, are more closely related to innovation than you might first think. The book is organized into five main parts, each containing short, engaging subsections and informative, playful, and colorful illustrations to demonstrate concepts. Written in a humorous and accessible style, this book is aimed toward creative-minded entrepreneurs, designers, engineers, industry leaders, parents, educators, and students. It encourages a playful approach throughout a design process to produce truly innovative solutions.
