Paint by Sticker Kids Workman Publishing,2016-04-05 Move over, coloring books! Here's an entirely new craft that kids will love: Paint by Sticker Kids. Paint by Sticker Kids is the same compelling craft first introduced in Paint by Sticker, but just for kids! The book includes everything you need to create 10 bright, playful, full-color illustrations—illustrated templates printed on perforated card stock, and 10 pages of stickers to fill in and create the artwork. The fun, vibrant images are rendered in “low-poly,” a computer graphics style using geometric polygon shapes to create a 3-D effect. As in paint-by-number, each template is divided into hundreds of spaces, each with a number that corresponds to a particular sticker. Find the sticker, peel it, and place it in the right space. Add the next, and the next, and the next and voila! It's a rocket ship blasting through space. A Tyrannosaurus rex prowling his domain. A pickup truck hauling its load. A friendly toucan hanging on his perch. Kids will love watching these pictures come to life. Plus, each is suitable for framing or the fridge.

Paint by Sticker Kids: Beautiful Bugs Workman Publishing,2018-04-17 The magic of Paint by Sticker Kids continues, combining the fun of coloring and stickers with the creativity of paint by number. The series just keeps growing, with another much-loved nature-themed topic: Bugs! Paint by Sticker Kids: Beautiful Bugs includes everything kids need to create 10 full-color illustrations of their favorite creepy-crawlies: a firefly, a praying mantis, a ladybug, butterflies, ants, a painted grasshopper, a dragonfly, beetles, a bumblebee, and a weevil. Simply find the numbered sticker, peel it, and place it in the right space. Add the next, and the next—and watch a dazzling image come to life with color and spirit in the modern “low-poly” style (using geometric polygon shapes). The card-stock pages are perforated so artwork can be easily removed for framing or the fridge. Creating sticker art is as fun and meditative as coloring, and it's a refreshing shake-up from the usual crayons and markers. Plus, the peel-and-place system allows kids to practice recognizing and learning numbers in an interactive, stress-free way. And it's a great rainy day or travel activity (no cleanup!) that delivers hands-on fun for less than \$10.
