**Fruit Bowl** Mark Hoffmann,2018-06-12 Who belongs in the fruit bowl? Apples, check. Blueberries, check. Tomato, che-- Wait, what?! Tomato wants to join the other fruits, but does he belong? The perfect mix of botany and a bunch of bananas! All the fruit are in the bowl. There's Apple and Orange. Strawberry and Peach. Plum and Pear. And, of course, Tomato. Now wait just a minute! Tomatoes aren't fruit! Or are they? Using sly science (and some wisdom from a wise old raisin), Tomato proves all the fruit wrong and shows that he belongs in the bowl just as much as the next blueberry! **3 in 1 Funny Fruits & Vegetables Book For Kids - Laugh (+40 Jokes & Puns) - Learn - Color By Numbers** Abc Amuse,2020-01-27 ★Benefits of this book for your kid: Most kids love to color, and it turns out it's more than just a recreational activity. It's an activity that helps children to develop cognitively, psychologically and creatively. They love to do it anyway, so why not mixing it with humor and learning new things? Well, that's the main goal of this book! Laughing, giggling or just smiling at these jokes and puns: Most kids don't understand these kinds of jokes and they can even tell you there are not funny at all! Try a pun on a toddler and you're likely to draw a blankstare. It's totally normal! Don't forget that kids are intelligent, even if they don't understand jokes the firsttime, the idea is to take time to explain what the joke is about and what makes it funny, children learn by copying adults - so they will only be as funny as their parents are. The main element needed to develop a sense of humor in children is socialization, they must understand that they are sharing an experience with you by laughing and having reactions together before they can begin to establish their own sense of humor. This book is a great way to connect, sharing jokes is proven to make kids smarter, healthier, and better

able to cope with challenges. Learning: Combining humor with learning definitely creates a positive learning environment and increases attention and interest. In this book, humor is relevant to the lessons, your kid will be able to learn about: ✓ Fruits and vegetables: by coloring them and reading their corresponding joke, your kid will learn new things and become curious to taste them. ✓ How to differentiate between a vegetable and a fruit. ✓ Introduce your kid to colors and hues with good practice on real things we use in daily life. ✓ Color by numbers exercises encourage creativity and focus, it will give your kid a chance to solve a mystery by matching the number on the color key. Coloring by numbers: ♦ The act of coloring can help to improve motor skills in young children by controlling the pencil and trying to stay in the lines. ♦ Color Awareness, Recognition and Discernment: Your kids will be able to recognize the names and hues of colors (see color palettes on the back of the cover). Before begin coloring, your kid has to swatch coloring pencils on page 6. ♦ Therapy and Stress Relief: Coloring is also calming and therapeutic for kids, they can benefit from processing their feelings, frustrations, and emotions through the simple but profound act of coloring.

**Counting to Bananas** Carrie Tillotson,2022-04-12 A hilarious, mostly-rhyming picture book about a banana and narrator who can't quite agree on what their book is about. Perfect for fans of Mo Willems' We Are in a Book and Adam Rex's Nothing Rhymes With Orange! Mo Willems fans will give this book one, two, three, four, five stars! --Parents Tillotson's rib-tickling debut is not to be missed!--Kirkus When a narrator starts filling this story with fruit, Banana can't wait to step into the spotlight. The book is called Counting to Bananas, after all. But as more and more fruits (and non-fruits) are added to the story, Banana objects. When will it be time for bananas?! With laugh-out-loud text from debut author Carrie Tillotson and brought to life by illustrator Estrela Lourenço this is the story of a banana and narrator who have very strong opinions about what should (and should not!) be in this book. The perfect next read for fans of Jory John and Pete Oswald's The Bad Seed series! Praise for Counting to Bananas: In the tradition of Mac Barnett's Count the Monkeys, Tillotson's rib-tickling debut is not to be missed . . . Lourenço's digitally created illustrations of cartoon fruit with faces and expressive animals are bright, dynamic, and foolish. Fruity fun for everyone. --Kirkus
