George D. Chryssides, Stephen E. Gregg

The Bloomsbury Handbook to Studying Christians

George D. Chryssides, Stephen E. Gregg, 2019-11-14

Drawing on a range of methodologies, editors George D. Chryssides and Stephen E. Gregg shift attention from normative textual and doctrinal matters to issues of materiality and everyday life in Christianity. This handbook is structured in four parts, which include coverage of the following aspects of Christianity: sacred space and objects, cyber-Christianity, food, prayer, education, family life, fundamentalism and sexuality. In addition, issues of gender, race and ethnicity are treated throughout. The international team of contributors provide in-depth analysis that highlight the current state of academic study in the field and explores areas in which future research might develop. Clearly organised to help users quickly locate key information and analysis, the book includes an A to Z of key terms, extensive guides to further resources, a comprehensive bibliography and a chronology of landmark events, making it a unique resource to upper-level students and researchers.
