Mohamed Mahmoud Al-Tawara

**King Abdullah, Britain and the Making of Jordan** Mary Christina Wilson,1987 King Abdullah played an active role in the partition of Palestine and, as a result, has always been viewed as one of the most controversial figures in modern Middle East history. This book is the first in-depth study of the historical and personal circumstances that made him so. Born in Mecca in 1882 of a family that traced its lineage to the Prophet Muhammad, Abdullah belonged to the Ottoman ruling elite. He grew up in Istanbul and returned to Mecca when his father was appointed Sharif in 1908. During the First World War he earned nationalist credentials as a leader of the Arab revolt against the Ottoman Empire. Owing to his alliance with Britain in the revolt, he emerged afterwards as a contender for power in a Middle East now dominated by Britain. Despite grandiose ambitions, Abdullah ended up as Britain's client in the mandated territory of Transjordan. His dependence on Britain was exacerbated by his situation in Transjordan, an artificial creation with no significant cities, no natural resources, and little meaning beyond its importance to British strategy. Within the constraints of British interests, it was left to Abdullah to make something of his position, and he spent the remainder of his life looking beyond Transjordan's borders for a role, a clientele, or a stable balance of interests which would allow him a future independent of British fortunes. He found all three after 1948 when, in conjunction with the creation of Israel, he came to rule the portion of Palestine known as the West Bank.

Our Last Best Chance King Abdullah II of Jordan,2011-02-22 A newsbreaking memoir that tackles head-on the toughest challenge in the world today. When a dying King Hussein shocked the world by picking his son rather than his brother, the longtime crown prince, to be the next king of Jordan, no one was more surprised than the young head of Special Operations, who discovered his life was in for a major upheaval. This is the inspirational story of a young prince who went to boarding school in America and military academy in Britain and grew up believing he would be a soldier. Back home, he hunted down terrorists and modernized Jordan's Special Forces. Then, suddenly, he found himself king. Together with his wife, Queen Rania, he transformed what it meant to be a monarch, going undercover to escape the bubble of the court while she became the Muslim world's most passionate advocate of women's rights. In this exceptionally candid memoir, King Abdullah tackles the single toughest issue he faces head-on- how to solve the Israeli-Palestinian standoff- and reveals himself to be an invaluable intermediary between America and the Arab world. He writes about the impact of the Iraq war on his neighborhood and how best to tackle Iran's nuclear ambitions. Why would a sitting head of state choose to write about the most explosive issues he faces? King Abdullah does so now because he believes we face a moment of truth: a last chance for peace in the Middle East. The prize is enormous, the cost of failure far greater than we dare imagine.

Collusion Across the Jordan Avi Shlaim,1988 This book is an account of the highly secret relationship between Abdullah, the Hashemite ruler of Jordan, and the Zionist movement. Spanning three decades, from the appointment of Abdullah as Emir in 1921 to his assassination in 1951, this work focuses on the clandestine diplomacy and the political and military processes which determined the fate of Palestine between 1947 and 1950, and which left the Palestinian Arabs without a homeland.

*Hussein and Abdullah* Randa Habib,2010 A highly accessible account of the domestic and regional politics of Jordan.

**From Abdullah to Hussein** Robert Barry Sattloff,1994 More than forty years on the throne have given King Hussein and the Hashemite Kingdom an aura of security, stability and permanence. In the face of numerous enemies and adversaries, Hussein's resilience has remained constant. From Abdullah to Hussein examines the most turbulent period in the history of Jordan's ruling house, the six years following the assassination of the kingdom's founder, Abdullah, in 1951. Those years witnessed the country's lone episode of weak monarchy, when the king - the novice Hussein or his ill-starred father, Talal - was not the preeminent political actor in the land. Rather, it was during that time that the regime was left in the hands of a mix of Palestinian, Transjordanian, and Circassian royalists who had never before wielded executive authority inside the kingdom. Based on exclusive interviews, including two sessions with King Hussein, and newly released archival resources from the United States, Britain, Israel and Jordan, the book traces the only two royal successions in Jordanian history: the eleven-month reign of the little-known Talal, and the early years of King Hussein. Throughout, it chronicles the relationship between King and King's men that saw Jordan pull itself back from the brink of political disaster and permitted young Hussein to restore a ruling coalition of King, Government and Army that has remained the foundation of the regime ever since. The first scholarly examination of the transition from Abdullah to Talal to King Hussein, this book takes an in-depth look at domestic politics inside Jordan, including the kingdom's early efforts at multi-party elections. It will be of great interest to historians, scholars, and students of the modern Arab world.

The Hashemite Kingdom of Jordan Mohamed Mahmoud Al-Tawara,2017-03-18 This book covers the modern history of the Hashemite Kingdom of Jordan from the resign of the founder, King Abdullah I to the present monarch, King Abdullah II. The honesty that the Hashemites have been carrying over years and the mission initiated by King Abdullah I and ably resumed by King Abdullah II are a light of civilization and giving undertaken by men true to what they promised Allah and their people. This book is an essential reading for all those who wish to learn more about the history of the Hashemite Kingdom of Jordan.

Omar e as viúvas de burca: Who is the King Abdullah? Dechtar,Jairo,2016-12-16 Islã ou América? Omar e as Viúvas de Burca traz reflexões sobre aspectos que marcam cada uma dessas sociedades e a relação entre elas, por intermédio de um protagonista incomum. Omar nasceu no Egito, cresceu no Brasil e foi viver nos Estados Unidos. Embora seja apresentado como turquinho, a identidade cultural de Omar revela-se distante do que seriam os bons costumes para seu povo. Com um comportamento também fora do padrão americano, Omar é conduzido a um tratamento com o psicólogo David. Em suas sessões psicoterápicas, ele deve levar recortes de jornais com matérias que retratem a América de forma positiva. Mas no olhar de quem? Em uma narrativa construída, fundamentalmente, por notícias da imprensa (entre as quais surgem as que são

fruto da imaginação de Omar) e por diálogos entre esses dois personagens, o leitor é levado a fazer, junto com Omar, uma terapia em que se revivem casos históricos e se pensa sobre práticas culturais como as enxergamos hoje.

*Jordan* Beverley Milton-Edwards, Peter Hinchcliffe, 2001 This volume offers an overview of the history, politics and economics of this fascinating country its main focus being on King Hussein's reign, his quest to modernise, his internal struggle with the Palestinians and his pursuit of peace in the area.

**Britain and Jordan** Tancred Bradshaw, 2012-03-30 In the wake of the establishment of the State of Israel in 1948, it has often been alleged, King Abdullah I of Jordan and the Zionist movements colluded to partition Mandate Palestine between them, while Great Britain, the retreating imperial power, gave them tacit approval to do so. Here, Tancred Bradshaw challenges these allegations, looking at the complex and often strained relations between the emerging states of Jordan, Israel and the at first hegemonic, and then crumbling, British Empire. Using a wide range of primary sources which have previously been largely ignored, 'Britain and Jordan' offers an essential re-examination of the relationships which were to shape the Middle East as it is today. It thus contains vital analysis for anyone involved in the study of the Middle East, its politics and history, as well as the demise of Britain's empire in the region.

Abdullah Al-Tall, Arab Legion Officer Ronen Yitzhak, 2012 This book is a military-political biography of Abdullah al-Tall, during the years he served as an officer in the Arab Legion, as well as when he was in political exile in Egypt. The purpose is to understand al-Tall's personality, his contribution to the success of the Arab Legion in the 1948 war, and his part in the assassination of King Abdullah. A thorough survey is provided of the historic background of the founding of Jordan and the Arab Legion, the 1948 war, the rivalry between King Abdullah and King Faruq, and the Egyptian-Jordanian struggle in the 1950s and 1960s. Primary questions to be answered include: What was Abdullah al-Tall's contribution to the success of the Arab Legion during the 1948 war? Did he engage in secret contacts with the Jews during the war, while at the same time denigrating them and praising Palestinian nationality? Was he involved in the assassination of King Abdullah, or was this a Jordanian conspiracy to slander him? What were his views vis-a-vis the tumultuous events in the Middle East in the 1950 and 1960s? And why was he allowed return to Jordan and take part in its political life after his exile to Egypt? The book is based on other publications written by al-Tall himself, along with material located in Israeli archives and at the UK National Archives. In addition, the book utilizes memoirs of prominent persons of the time, along with newspaper reports and other material. It will be essential reading for anybody engaged in the history of the Middle East and Israeli-Arab conflict.

**King Abdullah of Jordan** Mary Christina Wilson, 1983

Lion of Jordan Avi Shlaim, 2009-10-06 The first major account of the life of an extraordinary soldier and statesman, King Hussein of Jordan. Throughout his long reign (1953–1999), Hussein remained a dominant figure in Middle Eastern politics and a consistent proponent of peace with Israel. For over forty years he walked a tightrope between Palestinians and Arab radicals on the one hand and Israel on the other. Avi Shlaim reveals that Hussein initiated a secret dialogue with Israel in 1963 and spent hundreds of hours in talks with countless Israeli officials. Shlaim expertly reconstructs this dialogue from previously untapped records and first-hand accounts, significantly rewriting the history of the Middle East over the past fifty years and shedding light on the far-reaching impact of Hussein's leadership.

*The Politics of Partition* Avi Shlaim, 1998 In this reissue of the abridged paperback edition of his critically acclaimed *Collusion Across the Jordan*, Professor Shlaim chronicles King Abdullah's relationship with the Zionist movement from his appointment as Emir of Transjordan in 1921 to his assassination in 1951. With a new Introduction, placing the book in the wider context of the on-going debate about 1948, this masterly and authoritative study is essential reading for all those interested in the politics of the Middle East.

**Memoirs of King Abdullah of Transjordan** Abdullah (King of Jordan), 1950

Nation Building in Islamic Societies Michael Nimier, 2014-04-16 The Islamic world is centuries away from this ideal. Armed with the West's blueprint, can it leapfrog a lengthy historical process and achieve in a few decades what the West took centuries to accomplish? So far all indications point the other way. The mind set of Islamists, literalists and their sympathisers is rooted in the sixth century. Democracy starts with the deliverance of the individual and its foundation lies in the family, the building bloc of the nation. Nation Building is the ultimate endeavour in a lengthy road map beginning with Man Building . Here the West has succeeded in vanquishing the scourge of patriarchy and the medieval culture of machismo. It has established equality between men and women, a far cry from today's reality in the Islamic world where the culture of shame (AAR & EIB), honour (SHARAF mostly as related to females' sexual life), and HARAM (as forbidden by Allah) reigns supreme. The Region, in its current Islamic year of 1434 AH Hijri, is on the eve of the very same convulsions and seismic changes that began to sweep the West in and before the same year of 1434 AD.
