Forge Equipping Forge,2022-06 A Forge resource for teaching and equipping mature Kingdom laborers who help multiply God's Kingdom

Forging Kingdoms Robert Fabbri,2024-02-06 This may be the greatest tale of the ancient world. Hugely enjoyable, Conn Iggujden Excellent . . .

scintillating, The Times Forging Kingdoms is the fifth book in a huge, brutal and bloodthirsty series about the fight to regain Alexander the Great's empire after his untimely death. Who will win the fight for the greatest Kingdom in the ancient world? Let the games begin . . .

Blood on the Forge William Attaway,2013-12-11 This brutally gripping novel about the African-American Great Migration follows the three Moss brothers, who flee the rural South to work in industries up North. Delivered by day into the searing inferno of the steel mills, by night they encounter a world of surreal devastation, crowded with dogfighters, whores, cripples, strikers, and scabs. Keenly sensitive to character, prophetic in its depiction of environmental degradation and globalized labor, Attaway's novel is an unprecedneted confrontation with the realities of American life, offering an apocalyptic vision of the melting pot not as an icon of hope but as an instrument of destruction. Blood on the Forge was first published in 1941, when it attracted the admiring attention of Richard Wright and Ralph Ellison. It is an indispensable account of a major turning point in black history, as well as a triumph of individual style, charged with the concentrated power and poignance of the blues.

The Forge of Christendom Tom Holland,2009-05-05 A grand narrative history of the re-emergence of Europe following the collapse of the Roman Empire. At the approach of the first millennium, the Christians of Europe did not seem likely candidates for future greatness. Weak, fractured, and hemmed in by hostile nations, they saw no future beyond the widely anticipated Second Coming of Christ. But when the world did not end, the peoples of Western Europe suddenly found themselves with no choice but to begin the heroic task of building a Jerusalem on earth. In The Forge of Christendom, Tom Holland masterfully describes this remarkable new age, a time of caliphs and Viking sea kings, the spread of castles and the invention of knighthood. It was one of the most significant departure points in history: the emergence of Western Europe as a distinctive and expansionist power.
