*Poker World* Nicolae Sfetcu, Introduction in poker: online poker, rules, hands, strategy, cheating, casino, tournaments, poker jargon, equipment, gambling, resources. Poker is a microcosm of all we admire and disdain about capitalism and democracy. It can be rough-hewn or polished, warm or cold, charitable and caring or hard and impersonal. It is fickle and elusive, but ultimately it is fair, and right, and just. -- Lou Krieger

**Pocket Kings** Ted Heller, 2012-03-27 In this dead-on satire of online obsessions, a novelist with writer's block finds a new—and very lucrative—stream of income in a virtual world that appears to give him everything he lacks in the real world. When Frank Dixon, a frustrated writer who has seen his career crash and burn, decides to dabble in online poker, he discovers he has a knack for winning. In this newfound realm, populated by alluring characters—each of them elusive, mysterious, and glamorous—he becomes a smash success: popular, rich, and loved. Going by the name Chip Zero, he sees his fortunes and romantic liaisons thrive in cyberspace while he remains blind to the fact that his real life is sinking. His online success, however, does not come without complications, as he comes to realize that his “virtual” friends and lovers are, in fact, very real, and one rival player is not at all happy that Mr. Zero has taken all his money. Heller's cautionary tale is continually surprising and startlingly real, a tour de force of satirical storytelling in the vein of Jonathan Tropper and Sam Lipsyte.

**The Making Of A Poker Player** Matt Matros, 2005 Matros teaches readers his

tricks to winning poker through his experiences on the felt. Readers meet eccentric and generous poker players in addition to the cardsharps, angle-shooters and outright cheats that make up this fascinating subculture. This is the first book to teach poker through narrative which means that concepts like pot odds and expected value will seem completely natural because they are used in the context of Matros' stories. The tension and surrealism of Casino poker is vividly recounted and he teaches the knowledge necessary to win excellently.

**The Way of Kings** Brandon Sanderson, 2014-03-04 Introduces the world of Roshar through the experiences of a war-weary royal compelled by visions, a highborn youth condemned to military slavery, and a woman who is desperate to save her impoverished house.

**Cash King Poker** Michael Williams, 2012-04-06 If you're serious about playing poker for profit and making a living playing what I like to call a sport, then I highly suggest you invest in my book. I've decided to take the time to write a book covering cash game strategies at a comprehensive level. Specifically focusing on cash games, but the book's also profitable for tournament players.

Everything You Need to Know About Poker and Online Poker Edward Colfelt, 2011-12-01 Everything You Need To Know About Poker and Online Poker A Helpful Guide to the World of Poker. In this book you will find the history of poker... Between 1830 and 1845, Poker was played more by an increasing number of players. It was during this time when the draw was then introduced. However, the term draw was already known in poker's English counter-part, Brag. The addition of the draw and the flush combination boost the pleasure of the game, thus, a second betting interval was made. Poker and Online Poker. It was in 1864 when the combination of straight sequence or rotation was introduced while playing poker. With the addition of straight, an

additional rule was introduced where a straight and a flush combination will undeniably outrank a full combination. Poker and Online Poker. The addition of straight in poker was an exhilarating development because, as experts say, without straights and straight flushes, the only highest possible hand would be four aces or four kings and an ace kicker. Poker and Online Poker. In the poker world, this type of combination at hand is not just unbeatable, but cannot be matched or tied. Poker and Online Poker. Everything You Need To Know About Poker and Online Poker In this book you will find the meaning and essence of poker... The Poker game is a game everybody loves. It is played in every card room across the world. With its growing popularity, it even invaded the Internet. Poker and Online Poker. Basically, a poker game is the most popular in a class of games known as the vying game where players who fully conceal or partially conceal their cards then make bets into a central pot. Poker games end when the player with the best combination of cards wins. Poker and Online Poker. Like any typical vying game, one or more players are asked to put a primary amount of money into the pot before the cards are dealt. And like most card games, the cards are shuffled, and then cut. The correct numbers of cards are dealt facing down to the players. Poker and Online Poker. In this book you will find strategy to poker... poker strategy is a decisive move basically because playing poker involves more psychological activities. Poker and Online Poker. A player should know how to read the cards of other players and must be well adept in reading the actions and reactions of his playmates. The best poker strategy is to know how to interpret body language, actions and talk of the players. Both of these things can divulge a lot of the strengths and weaknesses of the hands. Poker and Online Poker. A good poker strategy also requires a player to vary his poker approach. This means that there should be times that you know how to tactically bluff a game. Poker and Online Poker. This, in turn, will make other players have a hard time reading your cards or predict your next move. Poker and Online Poker. In this book you will find all you need to know, from the history of poker to online poker, and of course strip poker! Everything You Need To Know About Poker and Online Poker

*Pot Limit Omaha Secrets From Max King* Max King, 2020-11-15 1. This book contains the secret framework where I used the style of play in PLO cash games to take down online poker at Lock Poker until the room shut down, a small 50 dollar deposit had become over 10,000USD. 2. There are many secret frameworks and playing styles provided in the book which can take you from zero to a million dollars fast in Pot Limit Omaha. 3. Several professional poker players who have gone bust have focused on PLO to regain their riches and in this fast game if you are skilled enough money comes fast! 4. These are poker secrets which could give you an edge of 2 to 5 percent in the games, enough to make you six figure wins in your local poker rooms in PLO, some frameworks will apply to NLHE also. This book contains all the Pot Limit Omaha secrets which have allowed me to win over 40,000k USD in the past 5 months and these are all the secrets which I cannot share on my Youtube Channel Max King Poker Secrets. I can reveal all the secrets of Baccarat and Roulette on my YouTube Channel but if I reveal PLO secrets and the secret frameworks I use to crush the competition everyone will start using them. Let me tell you a story, there was a time when I was preparing for Chess Tournaments and taking training, I discovered a new kind of attack and when I would play online I started using the new attack and used that successfully

in over 50 games and in just a period of 1 year I would notice that the online players had adopted my new attack as their tool. This is because everyone was reviewing their games and finding out new kinds of attacks and were able to successfully defend it. Now coming back to poker and Pot Limit Omaha, it is a very simple game to learn but complexity and the amount of secrets contained is immense, most players go with the theory that everything has been discovered and yet the secrets at any poker table are all waiting to be discovered, for example a tell is a kind of secret that if you discover could you reward with immense profits. There are several other secrets for example what kind of ranges opponents are using, this needs you to concentrate very carefully in the game. The amount of research and framework to process this kind of information at any live poker game is not built, you just hear Alec Torelli kind of players discuss a range narrowing funnel system but it is rudimentary. Now if these poker pros who have made millions of dollars are not going to reveal their poker secrets and frameworks because it would mean cutting into their profits. What you will learn in this?1. Secrets to win over 1 million dollars from Pot Limit Omaha2. Everything that you need to become a master in PLO 3. A short crisp, to the point and concise book that you can finish, but several readings are necessary to grab all the points in details. 4. It would be better if you buy paperback version so that you can have it handy and also note down few points. 5. The Q and A session with every reader is going to be extremely rewarding and you know that the author is learned and has a long history of poker. 6. The best smallest investment in poker that is going to give you a big edge and hopefully make a big positive difference in your bank account over the next year!7. Never stop learning, learn all the strategies which allowed Max King to travel the world and play in over a dozen locations around the world and different geographies and learn from his extremely vast experience!

**What No One Else Is Saying about Online-Poker** Carl Varrone,2007-02 With the renewed interest in the WSOP and Texas Hold-Em poker, online poker rooms have become the easiest way for the average player to get in the game. Online poker generates billions of dollars a year. Millions are playing and millions are lost every day. When playing poker live, an experienced player coupled with a little luck is a winning hand. But when playing online, rampant cheating and endless numbers of bad players make the luck factor the deciding factor. This book will let you understand the two different games being played, comparing live play to online play. What No One Else Is Saying About Online Poker highlights how the internet has changed the game into a free for all that could bring even the most experienced professional poker player to his knees, begging for mercy. What No One Else Is Saying About Online Poker is the tell all book about online poker. Topics: . Research the ins and outs of the industry and how the internet has changed the game forever. . Understand why online poker rooms are spending millions to detect cheating. . Learn the different types of cheating taking place in today's online poker

rooms and how to recognize it. . Uncover the truths and rumored myths of online poker. . Learn exactly where online poker rooms and the players stand concerning the new bill passed into law on October 13,2006: The Unlawful Internet Gambling Enforcement Act of 2006. . Arm yourself with the knowledge to compete and discover if you can even afford trying. Author Carl Varrone, a successful business owner and poker enthusiast began his research for What No One Else Is Saying About Online Poker in 1998. His curriculum included reading numerous books and firsthand experiences in casino poker rooms learning to master the game. When poker rooms started popping up on the internet, Varrone found himself playing online every chance he could. Through his years of playing and research he was compelled to write this book. Every person playing online poker or considering it should learn from his experiences before getting in on the action.

**Internet Poker** Lou Krieger, Kathleen Keller Watterson, 2003 Playing Internet poker in real time against real opponents might just represent poker's brave new world. Whether for play-money or real money, it's an environment consisting of virtual tables, player icons representing you and your opponents, and specialized computer algorithms that randomly shuffle the cards. It's a world where you can find a game day or night. Though it may be the wee hours of the morning in California, it's prime time in Europe, and someone, somewhere, is looking to play a little poker. But it's poker with a difference. The game is the same, to be sure, but technology does kick in -- sometimes in strange and unexpected ways. A reference as well as a tutorial, this book includes a CD with free poker software, and a special bonus chapter with 125 interactive hands to help you prepare to play the Internet games for fun or for profit.

The Professor, the Banker, and the Suicide King Michael Craig, 2008-06-17 The Players: the best poker professionals in the world The Challenger: a wealthy banker from Dallas The Game: the richest poker stakes of all time... In 2001, a rich stranger from Texas descended upon the high-stakes poker room in the opulent Bellagio casino in Las Vegas. A self-made billionaire by the name of Andy Beal, the stranger challenged some of the world's greatest poker players-including Doyle Brunson, Chip Reese, Howard Lederer, and Jennifer Harman-to heads-up matches in the richest poker game ever played This is that story... Beginning the scintillating contest that would shock the world of poker, Andy and each opponent had \$1 million, betting \$10,000 and \$20,000 per round. As the games intensified over the coming months and Andy developed into a great player, he realized how he could take his adversaries out of their comfort zone-he raised the stakes to put everything they had on the line. By the time the battle of wits ended, there was more than \$20 million on the table. For the first time ever, here is the detailed, true account of the Big Game that has already achieved legendary status in poker lore. Putting you railside to observe the pulse-pounding action, where you can almost hear the distinct sound of clay chips on felt, Michael Craig takes you inside the iron-nerved mind and pathological psyche of the professional gambler. Filled with vivid characters, sensational tales, and riveting human drama, The Professor, the Banker, and the Suicide King is a unique, suspenseful journey into the world of people who live on the razor's edge of fortune-where incredible wealth, or utter ruin, turns on the flip of a card.

*About Online Poker* Nicolae Sfetcu, 2014-05-03 This book is intended to be an introduction to the poker game, emphasizing on the online poker, the betting structure, poker variants, poker strategy and specific poker tournaments. Online poker is the game of poker played over the Internet. Online poker rooms tend to be viewed as more player-friendly and allow the players to play for very low stakes. It has been partly responsible for a dramatic increase in the number of poker players worldwide. While the practice of comping players with free meals, hotel rooms, and merchandise is quite common in B&M casinos, online poker rooms have needed to develop new ways to reward faithful customers. The most common way of doing this is through deposit bonuses, where the player is given a bonus code to enter when placing money into an account. One common feature of the online poker sites is to offer tournaments called satellites by which the winners gain entry to real-life poker tournaments. Online poker rooms reward customers through deposit bonuses, where the player is given a bonus code to enter when placing money into an account.
