Cat Tales, Kitty Capers And More LaVera Edick,2018-06-30 Cat Tales: Kitty Capers and More is a charming and heartwarming collection of stories, artwork, and personal reflections on pets and the positive effects they have on people's lives. The first part of the book contains illustrations by the author and journal entries from a senior citizen named Ruth. Ruth chronicles the arrival of her diverse family of cats that she adopted—or did they adopt her? It all began when a half-starved stray cat came to Ruth's door. Against her better judgment, she fed the cat and fell in love with not a "he" but a very pregnant "she," whom she named Lady. Lady disappeared for a few days, returning with a tiny grey kitten, which she dropped at Ruth's feet. A week later, she brought four more kittens—one day at a time. In Ruth's words, "She must have been testing me to see if I would take good care of her first baby before she trusted me with the rest of her family." The second section, Kitty Capers and More, starts with the many positive effects that pets have on a person's health—both mental and physiological. The author includes compelling statistics such as pet ownership boosting oxytocin and lowering cortisol, which can reduce stress and ease pain. Love is the most important health attribute we have, and pets are one of nature's best sources of love. Edick finishes with accounts of her own pets and those of her family and her friends, accompanied by artwork and photographs that tell the story of how pets have played an important role in her life, the lives of her children, grandchildren, great, and great-great grandchildren. Not just about cats, the book shares stories of special dogs, horses and even a pig named Leadbelly.

97 Ways to Make a Cat Like You Carol Kaufmann,2015-04-07 From the publisher of B. Kliban’s Cat, All I Need to Know I Learned from My Cat, and Bad Cat, comes a new book that answers the question all cat lovers ask: How do I make my cat like me? 97 Ways to Make a Cat Like You is the perfect interactive guide to these mysterious, fickle, seemingly aloof—yet really, just particular—pets. Paired with a full-color photograph of friendly, extroverted, happy cats (in case you’ve forgotten what a cat looks like when he “likes” you), the 97 inspired, occasionally silly but always behaviorally-based tips and tricks prove that when a cat is treated right, he or she will respond in kind. Within reason. There’s the “Eye on the Ball”—record a tennis match or a Ping-Pong game on TV to play back for your cat when he needs a bit of exercise. “Cat Burrito”—wrap your cat in a towel, burrito-style, which is particularly good for anxious pets or trips to the vet. The “Boing, Boing!”—wind pipe cleaners around a pencil in a spiral shape to create springs. Carefully slide off the pencil so the spirals go “boing” when pressed. The classic “Tickle, Tickle”—tickle Kitty under her chin and softly say “gitchy, gitchy, gitchy” in your highest-pitched voice. And for the cat owner willing to go the distance, the “There’s No Business Like Show Business”—practice your best Ethel Merman by belting out favorite show tunes for your cat. Kitty won’t care if you’re off-key and she’ll enjoy the stimulation.

Meow Kitty Cat Care Log Book Journal Kristy Jenkins,2021-07-12 There are a lot of experts out there who say that cats are strictly independent animals. These very same experts state that cats have chosen to associate with humans due to their strategy of survival. Although many argue with this statement, there are many who agree as well - although those that agree are normally those in the percentile who don’t agree with cats. Anyone who has owned a cat will tell you that cats are great at bonding with people, although they are very particular. Normally, a cat will choose someone in the home that he bonds with. You’ll know when a cat wants to bond with you, as he will hop on your lap seeking attention or snuggle up to you at night when you are sleeping. Purring is a strong sign of affections, especially with cats that are looking to bond. Even though there are a lot of theories and speculation out there, no one really knows why cats bond with humans. There’s little to no proof available as well, other than cats and their natural instinct for physical survival. Those who own cats know that cats crave attention, simply to make them feel needed. They love to be pampered by their owners, and will shower you with attention and affection if you just give them the chance. Those who are new to owning cats may find bonding to be very different. Cats are different from other animals, including dogs, in the sense that they bond different. Different breeds of cats will bond different with their owners, although most prefer affection and attention. The more time you spend around your cat, the more he will bond with you. Over the years, you’ll find that the bond you create with your pet has grown very strong The Meow Kitty Cat Care Log Book & Journal is the ideal gift for cat lovers. A nicely fully formatted journal with beautifully illustrated with watercolors in following section :- - Profile with guidance tips on keep your cat healthy - Pet Care - Cat Care Checklist - - Vet care - Vet Visits - Vaccinations - Medication Logs - Grooming your cat
