Spuren in Kärnten Heinz Stritzl,1994

The Tragedy of Bleiburg and Viktring, 1945 Florian Rulitz,2016-03-07 The atrocities and mass murders committed by Josip Broz Tito's Partisan units of the Yugoslav Army immediately after the Second World War had no place in the conscience of Socialist Yugoslavia. More than once, the annual Croatian commemoration of the Bleiburg victims was subject to attacks carried out by the socialist Yugoslav state. Abroad in the West, on Austrian soil, the Yugoslav secret service (UDBA) did not shy away from murdering the protagonist of the Croatian memory culture, Nicola Martinovic, as late as 1975. The official history was aligned with a firm interpretational paradigm that called for a glorification of the anti-fascist people's liberation resistance. With the breakup of Yugoslavia and its socialist regime in 1991, the identity-establishing accounts of contemporary witnesses, which had mainly been cherished in exile circles abroad, increasingly reached public

awareness in Croatia and Slovenia. In the 1990s Croatia witnessed the emergence of a memory that had been suppressed by the socialist-Yugoslav regime—namely the Bleiburg tragedy. The situation in Slovenia was similar in terms of identity and remembrance culture. Among the Slovenes, the communist crimes committed during the turmoil are known as the drama of Viktring or the Viktring tragedy, named after the largest refugee camp of the Slovenes. Reports on the communist postwar crimes and on the countless discoveries of mass gravesites have also begun circulating in the media of the German-speaking world in the last few years. Florian Rulitz's meticulously researched book, now available for the first time in English, provides a corrective to the historical memory that had been previously accepted as truth. Rulitz focuses on two essential questions. First, did the so-called final encirclement battles indeed occur in Carinthia in the Ferlach/Hollenburg/Viktring and Dravograd/Poljana/Bleiburg areas, resulting in military victories for the Yugoslav Army? Second, were the battles after the capitulation fought by the refugees with the aim of reaching the British-controlled areas in Carinthia? To answer these questions, Rulitz presents a detailed reconstruction of those days in May 1945. He furthermore considers the question of the

murders on Austrian territory, which were hushed up in Partisan literature and presented as casualties of the final military operations. This groundbreaking study will interest scholars and students of modern European history.

Nationensport und Mediennation Dieter Reicher,2013-03-12

Sport bringt zum Vorschein, wie groß die Bedeutung von Nation und Nationalismus in modernen Gesellschaften ist. Das Nationale verschwindet nicht, vielmehr bieten globale Massenmedien eine machtvolle Bühne für nationale Selbstdarstellungen und Zugehörigkeitsgefühle. Der hier als »leerer Nationalismus« bezeichnete Komplex an nationalen Wir-Bildern und Wir-Idealen bezieht sich nicht mehr hauptsächlich auf das Ziel kultureller Einmaligkeit, sondern auf Elemente einer Weltkultur. Dadurch werden aber auch globale Standards für die Darstellung von Nation und Nationalismus festgelegt. So wurden kriegerische Ideale im Zusammenhang mit Nationen überall in Europa durch zivilisierte

Ausdrucksweisen nationaler Wir-Gefühle ersetzt. Diese Transformation ist auch das Resultat einer fundamentalen geopolitischen Verschiebung. Ausgehend vom Sport begann der »leere Nationalismus« sich in anderen kulturellen Bereichen niederzulassen. Nation und Nationalismus erhielten somit eine neue, ungeplante Legitimität.

Tradition ohne Vergangenheit Johannes Ebner,2017-07-18 Johannes Ebner untersucht, weshalb Brauchtumsfeste, Trachten und Volksmusik einen Boom erleben, auf welche gesellschaftlichen Probleme und Bedürfnisse dies hinweist und warum einige Bräuche sich als Identifikationsobjekt für breite soziale Schichten besser eignen als andere. In seiner materialreichen Studie analysiert er den Brauchtumsboom einerseits als Teil langfristiger gesellschaftlicher Prozesse und beleuchtet ihn andererseits aus der Perspektive der beteiligten sozialen Gruppen. Dadurch eröffnen sich überraschende Perspektiven auf aktuelle Problemlagen: von sich verschiebenden Machtbalancen zwischen Etablierten und Außenseitern über ethnisch definierte Grenzziehungen bis zu den prekären Lebenswelten der vielzitierten ‚Globalisierungsverlierer'.

Habitus und Politik in Kärnten Christian Dorner-Hörig,2013-11-26 Kärnten wird in der sozialwissenschaftlichen Literatur als „Sonderfall“ der österreichischen Zeitgeschichte beschrieben; der Volksgruppenkonflikt zwischen der slowenischsprachigen Minderheit und der deutschsprachigen Mehrheit, der politische Erfolg des „Dritten Lagers“ und eine politische Kultur, die mit Korruptionsskandalen, Ausgrenzung von Fremden und Diffamierung in Zusammenhang gebracht wird, ist kennzeichnend. Christian Dorner-Hörig untersucht, auf welche Weise diese Besonderheiten mit der Soziogenese und Psychogenese Kärntens zusammenhängen. Es kann gezeigt werden, dass die Etablierung eines ständischen Patrimonialismus zum Beginn der Neuzeit den Zugriff der Zentralgewalt auf die

regionale Integrationsebene Kärnten behinderte. Die damit verbundene Fragmentierung des Landes in kleinere Herrschafts- und Verwaltungseinheiten begünstigte den Erhalt segmentär gefasster Figurationen ebenso wie die Herausbildung zweier in sich geschlossener Wir-Gruppen, die sich zunehmend in einer emotional aufgeladenen Konfliktspirale gegenüberstanden.

Das Grubenunglück von Lassing Brigitte Strohmeier,2018 Am Mittag des 17. Juli 1998 nahm in einer kleinen obersteierischen Gemeinde ein Verhängnis seinen Lauf, das als das Grubenunglück von Lassing in die jüngere österreichische Geschichte und damit in das kollektive Gedächtnis eingehen sollte. Die Psychotherapeutin Brigitte Strohmeier leistet mit ihrem Werk einen wertvollen Beitrag zur Analyse der psychischen Dimension dieses Ereignisses. Dabei stehen das Warum und das Wie des individuellen und kollektiven Verhaltens ebenso im Fokus wie die Frage nach den Möglichkeiten und Grenzen psychologischer, aber auch physischer Unterstützung der direkt und indirekt Beteiligten. Zu diesem Zweck nimmt die Autorin neben einer detaillierten chronologischen Aufbereitung des Unglücks eine umfassende Auswertung von Artikeln aus Printmedien und narrativ geführten Interviews unter kulturgeschichtlichen, ethnologischen, soziologischen und vor allem

psychotherapiewissenschaftlichen Gesichtspunkten vor, die das Grubenunglück von Lassing begreifen helfen. Mag.a Dr.in Brigitte Strohmeier, 1966 in Graz geboren, ist Psychotherapeutin (Existenzanalyse und Logotherapie) in freier Praxis mit den Schwerpunkten Psychotraumatologie, Psychoonkologie und Krisenintervention. Sie studierte Psychotherapiewissenschaft an der Sigmund-Freud-Privatuniversität in Wien und war davor 18 Jahre in verschiedenen Bereichen und Funktionen des Gesundheitswesens tätig.

Unsere kleine Zeitung Jürgen Peter Ravens,1998

Lessons and Legacies Peter Hayes,1991 In the courtroom and the classroom, in popular media, public policy, and scholarly pursuits, the Holocaust-its origins, its nature, and its implications-remains very much a matter of interest, debate, and controversy. Arriving at a time when a new generation must come to terms with the legacy of the Holocaust or forever lose the benefit of its historical, social, and moral lessons, this volume offers a richly varied, deeply informed perspective on the practice, interpretation, and direction of Holocaust research now and in the future. In their essays the authors-an international group including eminent senior scholars as well those who represent the future of the field-set the

agenda for Holocaust studies in the coming years, even as they give readers the means for understanding today's news and views of the Holocaust, whether in court cases involving victims and perpetrators; international, national, and corporate developments; or fictional, documentary, and historical accounts. Several of the essays-such as one on nonarmed amidah or resistance and others on the role of gender in the behavior of perpetrators and victims-provide innovative and potentially significant interpretive frameworks for the field of Holocaust studies. Others; for instance, the rounding up of Jews in Italy, Nazi food policy in Eastern Europe, and Nazi anti-Jewish scholarship, emphasize the importance of new sources for reconstructing the historical record. Still others, including essays on the 1964 Frankfurt trial of Auschwitz guards and on the response of the Catholic Church to the question of German guilt, bring a new depth and sophistication to highly charged, sharply politicized topics. Together these essays will inform the future of the Holocaust in scholarly research and in popular understanding.--De l'éditeur.

Europe Since 1945 Bernard A. Cook,2014-01-27 Europe

Since 1945: An Encyclopedia is a comprehensive reference work of some 1,700 entries in two volumes. Its scope includes all of Europe and the successor states to the former Soviet Union. The volumes provide a broad coverage of topics, with an emphasis on politics, governments, organizations, people, and events crucial to an understanding of postwar Europe. Also includes 100 maps and photos.
