**A Knight's Path** Nathan Grafton,2017-06-06 Alden Flint wanted nothing more than to live his life in peace and avoid the troubles of the Crown. But he finds himself pulled from his family and Conscripted into the Royal Army. After being transferred to the elite Royal guard after a crystal lights up at his touch, Alden begins settling into his new life, making a good wage and able to help his family. Despite his hot temper he makes a collection of allies while earning himself a handful of enemies as rumors of war trickle down through the ranks to him. Warren Faulkner is quick to volunteer and join the Royal Army, convinced of his great condition and physical ability. He finds himself transferred into the Royal Guard with a hot-tempered farm boy placed at his back and it quickly dawns on Warren that he is not the pinnacle of human fitness he believed. The pair find themselves to be unlikely allies as Warren becomes involved with people high above his station of a Merchant heir. A string of murders thinning the ranks of the Royal Guards leads to the appointment of the first Knight Inquisitor in decades. This new Inquisitor finds himself following a thin string of clues back to the murderer and he finds more than he could have bargained for in the process.

*The Long Path* Aaron T. Brownell,2012-10-31 There are times when you get more than you expect. Chris Anderson is having one of those times. After receiving an intriguing email, the unassuming college professor jets off to Europe to inspect a French manuscript reported to reference the Knights Templar. Quickly drawn into the research, the obsessive Templar scholar realizes that the enigma before him is actually the start of a quest. Unwilling to let go, he heads out across Europe chasing one clue after another, and slowly puzzling out the path that leads to the hiding place of the lost Templar treasure. Shadowed at every step by a ruthless assassin; Anderson follows the twisting path that somehow bring him back to North America. With a small group of good friends in support, Professor Anderson follows the path to its end, and the most unlikely of hiding places. The assassin, seeing the group has located the treasure, confronts Anderson and his friends in a bid to seize it for himself. The small town treasure hunters must outwit their adversary or end up casualties of the chase. But, if they do survive, what will they do with the treasure. Starting in the restrained world of academia and moving out into the hurried locals of Europe and America, *The Long Path* follows a puzzle built by generations of loyal Guardians. Anderson stands and protects the past in a climax fitting of any Knights Templar battle.

**The Roots of Things** Alan A. Grometstein,2012-12-06 Grometstein explains modern physics with enthusiasm, wit and insight. As he presents the usual milestones in the history of modern physics, his central focus is the historical debate regarding the nature of light: is it a particle or is it a wave? This book will be read by generations of students in physical science who seek a well written discussion of these important issues. Grometstein includes material which is quite recent, thus making the present volume particularly useful.

**Knight's & Magic: Volume 2 (Light Novel)** Hisago Amazake-no,2024-01-05 With the behemoth defeated, it's now time to hand out rewards. **The Crooked Knight** C. K. Rieke,2017-03-01 Blood has been spilled, yet the light of the Azul<sup>z</sup> shines on. Full of youthful aspiration, Zaan Talabard left behind his hometown in search of adventure. In a chance encounter on the road, the power of the Azul<sup>z</sup> was bestowed upon him. *Novus Bellatores Moralis* Robin Sacredfire, After the first and original order of Knights Templar, many others have emerged claiming to be followers of the same legacy. But few know that the Knights Templar were following beliefs that have existed for thousand of years, and never claiming to be unique in their path. Likewise, the disappearance of this order, didn't meant a disappearance of the same beliefs. Although some fractions of the Templars merged with new political or military orders, others vanished into secrecy and secret practices, either more religious or simply spiritual in nature. Today, as people face more challenges emerging in many directions, and including more fears from a spiritual nature, new Templar Orders seem to appear out of nowhere, claiming lineages and similarities to the original order. In this sense, it has become virtually impossible to distinguish them, to

give them the right to the titles they own or even to discredit them. They all follow a certain purpose within a wider plan, either they represent or not, more or less, the ancient order of the Knights Templar. Along this line, this isn't a manifesto written for such orders, but for the common individual that seeks for the light beyond the forms and shapes it manifests, beyond titles and agreements, or even legacies and historical texts. This is a manifesto for the new soldiers of the light, the warriors that find themselves within a path that often shows itself in contradiction with so many things they witness in religion, books and the people around them. And so, this is a book about the path of the light, one that is in accordance to what the Knights Templar believed. Although it's not intended here to describe in detail who the Templars were or what they believed according to historical texts, it is certainly the purpose to shine light on their ways and how they can help one in living in this world according to the same principles. But also, it is intended here to explain why such principles are valid today as they were before, and why they will always be. Here, you will find a complete explanation to why being a Templar Knight is a state of being and not necessarily an affiliation to an order. As a matter of fact, any order that discredits this manifesto reveals itself fake, and as much as one that identities it as useful has found its meaning in a wider truth.
