Nudinits: A Naughty Knitted Noel Sarah Simi, 2019-12-12 Over 25 Christmas-themed knitting patterns based on the hit Nudinits animation. Have yourself a very merry Christmas with the bare-bottomed inhabitants of Woolly Bush! It's festive time in this fairytale village: the twinkling Christmas lights are on, the bird is in the oven, the figgy puddings are steaming away - time to sit down and have a quick stiff one with a copy of the Radio Twines - only with no clothes on! Sarah Simi, the knitter extraordinaire behind the acclaimed Nudinits: Tickled Pink stop-motion animation, presents the second instalment of cheeky humour to get your yuletide yarn around. Included are over 25 exclusive knitting patterns from the world of Nudinits so you can recreate your own Woolly Bush at home. Bursting with eccentricity, double entendres and something your grandma will raise an eyebrow to, this book appeals to humour-lovers and knitting fans alike. So slip this big package of knitting patterns to someone special this Christmas. Patterns include decorations like balloons, a wreath for your door, a glorious paperchain, three types of bauble, a large fairy for the top of your Christmas tree, a small sugar plum fairy, fairy lights, an excited elf, candy canes; food and drinks including a cheeseboard, 5 types of drinks, a cocktail shaker and cocktail glass, a retro cheese and pineapple hedgehog, a pineapple, gherkins, a lavish roast turkey platter, a cheeky gingerbread man and woman, hot chocolate, and presents including aftershave and a perfume bottle.

Warhol-isms Andy Warhol, 2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.

The Dunera Scandal Cyril Pearl, 1983 First published in 1983. An account of the deportation from England and internment in Australia of refugees from Nazi Germany during WWII. Written by former editor of the TSunday Telegraph' and author of TWild Men of Sydney' and TMorrison of Peking'.

Cruel Crossing Edward Stourton, 2023-11-07 A chronicle of the perilous European mountain escape route used during World War II, with epic stories from survivors and their families. After the Nazi invasion of Belgium in 1940, an underground network was established to help British servicemen

escape German-occupied Europe. As the war progressed, others began using the secret route as well, traveling to the south of France, over the Pyrenees mountains, and into neutral Spain. The Chemin de la Liberté runs forty miles across the central Pyrenees. Since 1994, it has been hiked each July to commemorate those who made the courageous journey during the Nazi occupation of France. BBC Radio presenter Edward Stourton made the trek in 2011, and from his fellow hikers, he uncovered amazing stories of wartime bravery and perseverance. In *Cruel Crossing*, Stourton draws on interviews with survivors, as well as family members of those who were there, to paint a history of this little-known aspect of World War II. It is colored by tales of hardship from soldiers trapped behind enemy lines, persecuted Jews fleeing Hitler and Vichy France, and bold resistance fighters aiding their escape. There are scrambles across rooftops in the dead of night, drops from speeding trains, treachery, murder, romance, and of course, heroism. These personal stories offer a dramatic and moving trip through the past, preserving the memories of those who endured so much to gain back their freedom. Praise for *Cruel Crossing* "Stourton writes evocatively and with sensitivity of the people who made the arduous trek. . . . An engaging collection of tales." —Daily Express "In Mr. Stourton's hands, the Pyrenees become a grim amphitheatre for heroism and betrayal, collusion and rebellion. . . . *Cruel Crossing* recaptures much of the adventure and the fun, as well as the horror and the bitterness, as it brilliantly conjures up the voices of the past." —Country Life "Heart-breaking and breath-taking . . . thoroughly moving and very readable." —Simon Mawer, author of *The Glass Room* "An important book packed with poignant stories, remarkable characters and uncomfortable truths." —Clare Mulley, author of *The Spy Who Loved*

The English Years Norbert Gstrein, 2002 A literary masterpiece, a reclusive author and a war-time mystery. Gabriel Hirschfelder is a literary icon, his book an acknowledged masterpiece. He is living out his days in Southend-on-Sea. But fame has come at a price. He fled Vienna shortly before the outbreak of war, and in 1940 he was classified an undesirable alien and sent to a camp with other internees on the Isle of Man. The friends he made there changed his life for ever. Who were Lomnitz and Ossovsky? And who was the fourth man, Harrasser? Was he really deported to Canada or was he murdered? What happened on the Isle of Man to haunt Hirschfelder to his dying day? After his death, a young woman happens to meet his third and last wife and her curiosity is aroused. Her own ex-husband was obsessed with Hirschfelder, so she already knows a little bit about him. But now she feels impelled to make contact with the other women in his life. Her search brings to light many surprises as she uncovers a story with far-reaching implications for Hirschfelder's posthumous reputation. *The English Years* is a brilliant novel which combines the literary invention of Paul Auster with the European cultural sensibility of W.G. Sebald.

A Small Town Near Auschwitz Mary Fulbrook, 2012-09-20 The Silesian town of Bedzin lies a mere twenty-five miles from Auschwitz; through the linked ghettos of Bedzin and its neighbouring town, some 85,000 Jews passed on their way to slave labour or the gas chambers. The principal civilian administrator of Bedzin, Udo Klausa, was a happily married family man. He was also responsible for implementing Nazi policies towards the Jews in his area - inhumane processes that were the precursors of genocide. Yet he later claimed, like so many other Germans after the war, that he had 'known nothing about it'; and that he had personally tried to save a Jew before he himself

managed to leave for military service. A Small Town Near Auschwitz re-creates Udo Klausa's story. Using a wealth of personal letters, memoirs, testimonies, interviews and other sources, Mary Fulbrook pieces together his role in the unfolding stigmatization and degradation of the Jews under his authority, as well as the heroic attempts at resistance on the part of some of his victims. She also gives us a fascinating insight into the inner conflicts of a Nazi functionary who, throughout, considered himself a 'decent' man. And she explores the conflicting memories and evasions of his life after the war. But the book is much more than a portrayal of an individual man. Udo Klausa's case is so important because it is in many ways so typical. Behind Klausa's story is the larger story of how countless local functionaries across the Third Reich facilitated the murderous plans of a relatively small number among the Nazi elite - and of how those plans could never have been realized, on the same scale, without the diligent cooperation of these generally very ordinary administrators. As Fulbrook shows, men like Klausa 'knew' and yet mostly suppressed this knowledge, performing their day jobs without apparent recognition of their own role in the system, or any sense of personal wrongdoing or remorse - either before or after 1945. This account is no ordinary historical reconstruction. For Fulbrook did not discover Udo Klausa amongst the archives. She has known the Klausa family all her life. She had no inkling of her subject's true role in the Third Reich until a few years ago, a discovery that led directly to this inescapably personal professional history.

A Silence that Speaks Susan Soyinka, 2012 Remarkable story recounting the author's 18-year search for the truth of what happened to her mother's Viennese Jewish family during the Second World War. She also digs deep into

her family's history, a journey which took her back 200 years and across four continents, and explores the impact that these events had on subsequent generations.

The Innocents Francesca Segal, 2012-06-05 *** Winner of the 2012 Costa First Novel Award *** *** Winner of the 2013 Harold U. Ribalow Prize, the 2013 Sam Rohr Prize for Jewish Literature, the 2012 Costa First Novel Award, and the 2012 National Jewish Book Award for Fiction *** A smart and slyly funny tale of love, temptation, confusion, and commitment; a triumphant and beautifully executed recasting of Edith Wharton's *The Age of Innocence*. Newly engaged and unthinkingly self-satisfied, twenty-eight-year-old Adam Newman is the prize catch of Temple Fortune, a small, tight-knit Jewish suburb of London. He has been dating Rachel Gilbert since they were both sixteen and now, to the relief and happiness of the entire Gilbert family, they are finally to marry. To Adam, Rachel embodies the highest values of Temple Fortune; she is innocent, conventional, and entirely secure in her community--a place in which everyone still knows the whereabouts of their nursery school classmates. Marrying Rachel will cement Adam's role in a warm, inclusive family he loves. But as the vast machinery of the wedding gathers momentum, Adam feels the first faint touches of claustrophobia, and when Rachel's younger cousin Ellie Schneider moves home from New York, she unsettles Adam more than he'd care to admit. Ellie--beautiful, vulnerable, and fiercely independent--offers a liberation that he hadn't known existed: a freedom from the loving interference and frustrating parochialism of North West London. Adam finds himself questioning everything, suddenly torn between security and exhilaration, tradition and independence. What might he be missing by staying close to home?

Handel's Oratorio, Israel in Egypt (composed in the Year 1738) George Frideric Handel, 1851

I Came Alone Bertha Leverton, 1990 Presents accounts of persons who were brought to Great Britain as unaccompanied children in 1939 from the Greater Reich (Germany, Austria, Czechoslovakia). Concentrating mostly on their lives in England and in North America, many of them also relate their experiences under the Nazi regime. Includes facsimiles of documents concerning these children's transports and their reception in Great Britain.

Three Point Perspective Ava M. Farrington, Johannes Matthäus Koelz, 1995

Michael Landy Colin Wiggins, Richard Cork, Jennifer Sliwka, Michael Landy, 2013 British artist Michael Landy (b. 1963) is known primarily as an installation artist. His work, along with others associated with the Young British Artists (YBAs), was first catapulted to the world spotlight when it was featured in the notorious Sensation exhibition (1997). His sculptural installations and performances explore political and social themes, such as the nature of consumerism and commodity. In 2009, Landy began a three-year artist residency at the National Gallery, London. He chose to focus his project on representations of saints and their accompanying stories, often gruesome, which were once part of common culture but are now largely unknown. Landy's preoccupation with recycling narratives and repurposing imagery results in *Saints Alive*, the subject of this book, conceived to include drawings, collages, and a series of kinetic, interactive sculptures with moving parts and sounds. Going Wild in Woolly Bush Sarah Simi, 2021-04-01 We all recognise the importance of getting out into nature for our physical and mental wellbeing and the mindfulness the country can provide. Bernard and Barbara, from the eccentric village of Woolly Bush, deep in the English countryside, are here to give you some helpful reflections on outdoor life. Woolly Bush has all the standard features of a typical village - the cake shop, the war memorial, the vegetable show, the vicar - apart from two big differences: it's all made of wool, and none of the characters have clothes on! With all the usual bare-bottomed fun from nudists, brimming with double entendres and jollity, this outdoorsy set of pictures and comments will have you laughing out loud. Bursting with British eccentricity and the odd bare bottom, this enchanting book will appeal to humour-lovers and knitting fans alike.
