Mathematical Problems in the Theory of Water Waves Frederic Dias, Jean-Michel Ghidaglia, Jean-Claude Saut, 1996 The proceedings featured in this book grew out of a conference attended by 40 applied mathematicians and physicists which was held at the International Center for Research in Mathematics in Luminy, France, in May 1995. This volume reviews recent developments in the mathematical theory of water waves. The

following aspects are considered: modeling of various wave systems, mathematical and numerical analysis of the full water wave problem (the Euler equations with a free surface) and of asymptotic models (Korteweg-de Vries, Boussinesq, Benjamin-Ono, Davey-Stewartson, Kadomtsev-Petviashvili, etc.), and existence and stability of solitary waves.

Fundamentals of Ship Hydrodynamics Lothar

Birk,2019-04-25 Fundamentals of Ship Hydrodynamics: Fluid Mechanics, Ship Resistance and Propulsion Lothar Birk, University of New Orleans, USA Bridging the information gap between fluid mechanics and ship hydrodynamics Fundamentals of Ship Hydrodynamics is designed as a textbook for undergraduate education in ship resistance and propulsion. The book provides connections between basic training in calculus and fluid mechanics and the application of hydrodynamics in daily ship design practice. Based on a foundation in fluid mechanics, the origin, use, and limitations of experimental and computational procedures for resistance and propulsion estimates are explained. The book is subdivided into sixty chapters, providing background material for individual lectures. The unabridged treatment of equations and the extensive use of figures and examples enable students to study details at their own pace. Key features: • Covers the range from basic fluid mechanics to applied ship hydrodynamics. • Subdivided into 60 succinct chapters. • In-depth coverage of material enables self-study. • Around 250 figures and tables. Fundamentals of Ship Hydrodynamics is essential reading for students and staff of naval architecture, ocean engineering, and applied physics. The book is also useful for practicing naval architects and engineers who wish to brush up on the basics, prepare for a licensing exam, or expand their knowledge.

Marty's Master Suzanne Elizabeth Reed,2017-07-14 Blue Forge Sailing Club is an exclusive, high-class establishment,

which is why no one ever suspects it to be a front for things like child abduction, female trafficking, and slavery. Secrets must be preserved to keep the business running. It's only the beginning when a murderer gets away, his victim's body hidden at the bottom of the lake. The club caretaker, an avid triathlon competitor, briefly encounters the murder victim and her children before he meets with a terrible accident that leaves him paralysed in a foreign country. Were his injuries truly an accident or another way to keep the curious quiet? Cocaine and illegal rare-fish deals continue under the cover of a routine fishing competition. A little boy gets taken from his family, unaware that his childless aunt will raise him in Northern Cyprus. Three girls from Ukraine get separated and find themselves controlled by ruthless captors, powerless to escape their lives of misery and abuse. Somehow, all roads lead to the sailing club, but can anyone put a stop to something so powerful and evil?

Pond River Ocean Rain Charles Lattimore Howard,2017-02-07

For those who seek to find new depths in their spiritual lives, Pond River Ocean Rain helps readers wade into the beautiful water that is God through stories, questions, and accessible illustrations. Feel the Living Water wash over you while contemplating chapters on stillness (such as a pond), the full trust in God's will (much like the rush of a river), peace within mystery (as experienced in the depths of the ocean), and the movement of God's relentless love for us (the refreshing rain we receive). Pond River Ocean Rain, like all bodies of water, is simple, occasionally wild, and consistently beautiful. And there are depths that, when explored, reveal abundant life for all who jump in.

Moving Pictures/Stopping Places David B. Clarke,Valerie Crawford Pfannhauser,Marcus A. Doel,2009-05-16 Mobility has long been a defining feature of modern societies, yet remarkably little attention has been paid to the various 'stopping places'_hotels, motels, and the like_that this mobility presupposes. If the paradoxical qualities of fixed places dedicated to facilitating movement have been overlooked by a variety of commentators, film-makers have shown remarkable prescience and consistency in engaging with these 'still points' around which the world is made to turn. Hotels and motels play a central role in a multitude of films, ranging across an immensely wide variety of genres, eras, and national cinemas. Whereas previous film theorists have focused on the movement implied by road movies and similar genres, the outstanding contributions to this volume extend the recent engagement with space and place in film studies, providing a series of fascinating explorations of the cultural significance of stopping places, both on screen and off. Ranging from the mythical elegance of the Grand Hotel, through the uncanny spaces of the Bates motel, to Korean 'love motels,' the wealth of insights, from a variety of theoretical perspectives,

that this volume delivers is set to change our understanding of the role played by stopping places in an increasingly fluid world.

Essence of Dharma Yoga and Spirituality Radha Krishan

Kumar, 2023-02-07 Radha Krishna Kumar (Advocate Supreme Court of India) Available in both Hindi and English versions The man himself is the form of Brahman, but he does not realize it at all. He leaves this world by wasting life in ignorance. The teaching of Upanishads, the teaching of Samkhya (Jnana), Bhakti and Karma Yoga given by Lord Shri Krishna to Arjuna in the Bhagavad Gita, the teachings of Lord Buddha, the teaching of Yoga Sutras of Maharishi Patanjali and the verses of Saint Kabir helps us to come out of ignorance and lead us towards the true knowledge. All these teachings of sacred texts and great seers remind us repeatedly about our true nature and advise us to come out of the delusion. Today, due to religious and sectarian narrowness, man is becoming the enemy of his own mankind. Saint Kabir says - 'Hindu kahe Mohi Ram Pyara, Turk (Muslim) kahe Rahmana, wapas me dou ladi ladi muye, Maram Na Kou Jana.' Saint Kabir says that The Hindus and Muslims often fight due to communal misunderstanding. The common people are not aware of the true essence of religion. Today there is jealousy, hatred, discontent, anger and negative thoughts everywhere. Day by day humanity and human sensibility is vanishing, which is a threat to human existence. Love, fraternity, happiness, non-violence and compassion are the basis for making human life meaningful, which can be created only through spirituality and

yoga. The author through this book has tried to present the essence of religion, yoga and spirituality on the basis of the sacred scriptures, authentic texts and the thoughts of sages, so that the darkness of confusion and ignorance can be removed from human mind and positive thoughts may be generated in the world. In this book the characteristics of Dharma, God, soul, maya (delusion), avidya (ignorance), law of karma and the principle of reincarnation have been discussed. All religions, spirituality and yoga have been explained in detail so that this book can be useful for every human being. A person knows many things about this world, but he is ignorant about himself. He doesn't know his true nature. Is man just a body made of the five elements, mind, the five sense organs, the five karma organs, or is he a form of Brahman? The Brihadaranyaka Upanishad says that 'Aham Brahmasmi' which means I am Brahman. The Chandogya Upanishad says that 'Tat tvam Asi', 'Tatvamasi' means that Brahman is in you, in me and in all living beings. The Aitareya Upanishad says - 'Pragyan Brahman', that is, the realization of Brahman is the true knowledge. However, a man can realize his Brahman form only in the state of Samadhi.

A Falling Starr Dani Hoots, 2020-05-18 A year ago I had

woken up with no memory of who I was. No one seemed to know anything about me and for months the police investigated only to find nothing. The only thing I had was a necklace with the name Angela Starr. The government gave me an ID with that name and let me enroll in a community college to get my GED. All the psychologists that they had examine me thought that would be best and going to school might jog some memories since they figured I was in my late teens. Well, it did, as I ran into a boy my age that I felt I knew, but before I could fully recover those memories, we found ourselves being chased into a portal that led to the other side of the universe. But why did this other planet seem so familiar?

Naupaka Puakea, 2021-01-21 As a pregnant Kapukini stands on a precipice at the edge of an ancient volcano in the middle of the Pacific where the sky meets the sea, she faces the winds of an uncertain future. With her hands resting on her swollen belly, she decides to comfort her child by sharing the story of their family, how they came to be, and the love that is the roots of this blossom. While Kapukini is present with her unborn child for this one last eternal moment, the tale of an ancient Hawaiian chief's family lineage unfolds, depicting a forbidden royal romance. Within three generations of love stories creatively retold, the myth about the origin of the native Naupaka flower comes to life as Kapukini returns to ancient Hawaii where gods slide down rainbows to find beautiful maidens, men battle sharks to prove their devotion, women dance hula to share stories and passions, and lovers send kisses on the moonlight to communicate their affections. *Naupaka: A Hawaiian Love Story* shares fantastical tales about Hawaiian culture, love, family, courage, compassion, adventure, loyalty, mystical realms, and above all, aloha.
