Rough Guides

Seoul City Subway Tour Fandom Media,2016-04-22 Hello

fellow traveler! Congratulations on choosing Seoul as your next destination where you can enjoy one of the best subway (or metro, depending on where you come from) systems in the world, rated by CNN and Jalopnik (some name-dropping right here). What makes Seoul's subway stand out? Maybe it is the cutting-edge technology like 4G LTE, WiFi, DMB, WiBro you can use while riding on it, but 11 million people who visited Korea last year (2015) can agree that: -It is punctual, safe, and so well-connected to cover every corner of the city. You can go anywhere you want, just by taking the subway alone. -It is very affordable (dirt cheap)! So we have created this unique travel guide so you can visit Seoul's top attractions just by taking the subway alone! This is something never done by any other travel guides before. In this book, you will find -Step-by-step guide to taking the subway, from getting your own subway card to making transfers. -Complete details of the subway system, including fares and characteristics of each line. Now the fun part: -More than 60 of Seoul's top attractions sorted by subway lines and stations (both English and Korean, along with how to say it). They are all within walking

distance (under 2km or 1.2miles) from the moment you exit. -

Pictures with complete details of the attractions including address, home page, and history/background information, as well as thorough turn-by-turn directions. -Our unbiased review of the places, and an intuitive 7-star rating system. -Tour routes by theme - we analyzed the best possible routes to make sure that you save time and not miss any of those essential spots. We included how much time it takes, when to get on/off, and make a transfer.

Whether you have already been to Korea or it is your first time visiting, this guide will add a whole new dimension of traveling (I bet a lot of local Koreans don't know about many of the places we included here). So, what are you waiting for? Get your backpack and let's get on the train! *This title is enrolled in Kindle MatchBook - if you purchase a print copy of this book, you get an ebook version for free*

Seoul Korea Subway Tour Guide - How To Enjoy The City's Top 100 Attractions Just By Taking Subway! Fandom Media,2022-10-24 Don't go to Korea without this book! Whether it's because of K-pop, Korean movies and dramas, or Korean food, congratulations on choosing Seoul as your next destination, where you can enjoy one of the best subway systems in the world, rated

by CNN and Jalopnik. Why travel by Korean subway? The obvious answer is that it's the most efficient and budget-friendly way to visit Seoul's top attractions. It's safe, punctual, and well-connected to cover every corner of the city. You can go anywhere you want, just by taking the subway alone, with the opportunity to interact with the local people and experience their culture! This is precisely why we created this unique travel guide: you can visit over 100 of Seoul's top attractions just by taking the subway alone! In this book, you will find:

- Seoul's top 100 attractions, sorted by subway lines and stations (in English, Korean, and Chinese). All are within walking distance from the moment you exit.
- Complete details of the attractions, including address, website, history/background information, and travel tips.
- Complete details of the subway system, including fares and characteristics of each line.
- A map of each line, as well as how to access an interactive map using your phone.
- Step-by-step guide to taking the subway, from getting your own subway card to making transfers.
- Local travel tips, such as where to find public restrooms while inside a station or when you're out on the streets. Also, we'll show you where to find storage facilities to leave your belongings securely.
- Essential applications you should get to make the most of your tour experience in Korea!

These include the subway app, navigation maps with turn-by-turn directions, as well as a multi-language AI-based translator app! For each attraction, there is a map to give you a general understanding of the location, how to get there, and how long it would take. But for your maximum convenience, we included a scannable (for paperback books) or clickable (for eBook) QR code, which will open the navigation map app, with the location pre-set as the destination. We've done all the work, so you can simply hit the depart button and follow the directions without you having to type in addresses. - Themed tour routes - Let the eating begin! A spiritual getaway? Want to hit the shops? A royal experience? We analyzed the best possible routes by theme to make sure that you save time and do not miss any of those essential spots. Whether you have already been to Korea or it is your first time visiting, this guide will add a whole new dimension to traveling. Have fun exploring Korea!

Seoul helps travelers get the best out of the ever-changing South
Korean metropolis. As well as covering visitor essentials, this new
guide offers detailed coverage of cultural highlights, shopping, and
dining. From hiking and public baths to trendy shopping, Time Out
has got you covered — experience the city like a native and avoid
the obvious tourist traps. Time Out Seoul assists visitors in
navigating the cultural and financial center of East Asia, whether
one is seeking the arts (over 700 museums and 400 galleries),
shopping (choices from Prada to flea markets), temples and
shrines (five major palaces), or the best in Korean BBQ.

KOREA Magazine January 2016 Korean culture and
information service, 2016-01-11 KOREA Magazine January 2016
KOREA is a monthly promotional magazine published by the

Korean government. It delivers a fresh and diverse range of the latest news and information about the country, covering the president's activities, national policies, the arts, science & technology, people, travel and language.

Sustainable, Smart and Solidary Seoul Tony Robinson, Minsun Ji, 2022-09-30 This book showcases how innovative state policy in Korea transformed Seoul from one of the world's most impoverished, polluted, and congested cities into a global leader in green urban planning, smart city innovations, and social economy initiatives that have dramatically improved the local quality of life. Today, Seoul's urban planning innovations are increasingly touted as replicable best practices for export to cities across the globe. This book describes how innovative state policy has made Seoul a world leader in sustainable, smart, and solidary urban initiatives. Beginning in the 1960s, Seoul led the fastest urbanization and modernization project in world history, becoming a colossal 26-million-person metropolitan region and one of the largest footprints of humanity on earth, transforming the nation from one of the world's poorest to having the 10th largest GDP in 2020. Today, Seoul has become one of the most productive and innovative urban agglomerations on earth. Seoul's residents enjoy the world's

highest penetration of high-speed internet, a model mass transit system, and advanced smart-city technologies. The vast city has become increasingly green and sustainable, while also recycling about 90% of all waste. Seoul has become a leader in social economy innovations like cooperative villages, mutual benefit societies, and social investment funds that advance equitable development goals amid a booming capitalist economy. To broaden our imagination of what good urbanism can achieve, this book reviews Seoul's recent innovations in smart, sustainable, and solidary urbanism, including: green urban planning, sustainable development through recycling and reuse, well-managed mass transit, smart city design, and solidarity economy initiatives.

The Rough Guide to Korea (Travel Guide eBook) Rough Guides, 2018-09-01 Discover Korea with the most incisive and entertaining guidebook on the market. Whether you plan to wander between bustling markets and malls in Seoul, island-hop the West Sea archipelago or set foot in infamous Pyongyang, The Rough Guide to Korea will show you the ideal places to sleep, eat, drink, shop and visit along the way. -Independent, trusted reviews written with Rough Guides' trademark blend of humour, honesty and insight, to help you get the most out of your visit, with options to
