Hyunjoon Shin,Seung-Ah Lee

The Political Economies of Media Dwayne Winseck,Dal Yong Jin,2012-05-08 The contributors show that digital media are disrupting entire media industries, but without erasing the past and insist that one media sector is not the same as the next. As the title signals even in the age of convergence and remix culture, different media continue to display their own distinctive political economies.

Routledge Handbook of Media Geographies Paul C Adams,Barney Warf,2021-10-27 This Handbook offers a comprehensive overview of media geography, focusing on a range of different media viewed through the lenses of human geography and media theory. It addresses the spatial practices and processes associated with both old and new media, considering media not just as technologies and infrastructures, but also as networks, systems and assemblages of things that come together to enable communication in the real world. With contributions from academics specializing in geography and media studies, the Routledge Handbook of Media Geographies summarizes the recent developments in the field and explores key questions and challenges affecting various groups, such as women, minorities, and persons with visual impairment. It considers geographical aspects of disruptive media uses such as hacking, fake news, and racism. Written in an approachable style, chapters consider geographies of users, norms, rules, laws, values, attitudes, routines, customs, markets, and power relations. They shed light on how mobile media make users vulnerable to tracking and surveillance but also facilitate innovative forms of mobility, space perception and placemaking. Structured in four distinct sections centered around control and access to digital media, mass media, mobile media and surveillance and media and the politics of knowledge, the Handbook explores digital divides and other manifestations of the uneven geographies of power. It also includes an overview of the alternative social media universe created by the Chinese government. Media geography is a burgeoning field of study that lies at the intersections of various social sciences, including human geography, political science, sociology, anthropology, communication/media studies, urban studies, and women and gender studies. Academics and students across these fields will greatly benefit from this Handbook.

Korea's Online Gaming Empire Dal Yong Jin,2010-10-01 The rapid growth of the Korean online game industry, viewed in social, cultural, and economic contexts. In South Korea, online gaming is a cultural phenomenon. Games are broadcast on television, professional gamers are celebrities, and youth culture is often identified with online gaming. Uniquely in the online games market, Korea not only dominates the local market but has also made its mark globally. In Korea's Online Gaming Empire, Dal Yong Jin examines the rapid growth of this industry from a political economy perspective, discussing it in social, cultural, and economic terms. Korea has the largest percentage of broadband subscribers of any country in the world, and Koreans spend increasing amounts of time and money on Internet-based games. Online gaming has become a mode of socializing—a channel for human relationships. The Korean online game industry has been a pioneer in software development and eSports (electronic sports and leagues). Jin discusses the policies of the Korean government that encouraged the development of online gaming both as a cutting-edge business and as a cultural touchstone; the impact of economic globalization; the relationship between online games and Korean society; and the future of the industry. He examines the rise of Korean online games in the global marketplace, the emergence of eSport as a youth culture phenomenon, the working conditions of professional gamers, the role of game fans as consumers, how Korea's local online game industry has become global, and whether these emerging firms have challenged the West's dominance in global markets.

Introducing Japanese Popular Culture Alisa Freedman,Toby Slade,2018-01-02 Specifically designed for use on a range of undergraduate and graduate courses, *Introducing Japanese Popular Culture* is a comprehensive textbook offering an up-to-date overview of a wide variety of media forms. It uses particular case studies as a way into examining the broader themes in Japanese culture and provides a thorough analysis of the historical and contemporary trends that have shaped artistic production, as well as, politics, society, and economics. As a result, more than being a time capsule of influential trends, this book teaches enduring lessons about how popular culture reflects the societies that produce and consume it. With contributions from an international team of scholars, representing a range of disciplines from history and anthropology to art history and media studies, the book's sections include: Television Videogames Music Popular Cinema Anime Manga Popular Literature Fashion Contemporary Art Written in an accessible style by a stellar line-up of international contributors, this textbook will be essential reading for students of Japanese culture and society, Asian media and popular culture, and Asian Studies in general.

100 Greatest Video Game Franchises Robert Mejia,Jaime Banks,Aubrie Adams,2017-08-17 Video games take players on a trip through ancient battlefields, to mythic worlds, and across galaxies. They provide players with a way to try on new identities and acquire vast superpowers. Video games also give people the chance to hit reset – to play again and again until they achieve a desired outcome. Their popularity has enabled them to grow far beyond their humble origins and to permeate other forms of popular culture, from comic books and graphic novels to films and television programs. Video games are universal. In *100 Greatest Video Game Franchises*, editors Robert Mejia, Jaime Banks, and Aubrie Adams have assembled essays that identify, assess, and reveal the most important video games of all-time. Each entry makes a case for the game's cultural significance and why it deserves to be on the list, from its influence on other games to its impact on an international scale. In addition to providing information about the game developer and when the franchise was established, these entries explore the connections between the different video games, examining them across genre, theme, and content. This accessible collection of essays gives readers an opportunity to gauge their favorite video game franchises against the best of all time and argue how they each fit among the 100 greatest ever created. Whether casually looking up information on these games or eager to learn how franchises evolved over the years, readers will enjoy this entertaining and informative volume. Comprehensive and engaging, *100 Greatest Video Game Franchises* will appeal to fans and scholars alike.

The Routledge Handbook of Media Education Futures Post-Pandemic Yonty Friesem,Usha Raman,Igor Kanižaj,Grace Y. Choi,2022-09-08 This handbook showcases how educators and practitioners around the world adapted their routine media pedagogies to meet the challenges of the COVID-19 pandemic, which often led to significant social, economic, and cultural hardships. Combining an innovative mix of traditional chapters, autoethnography, case studies, and dialogue within an intercultural framework, the handbook focuses on the future of media education and provides a deeper understanding of the challenges and affordances of media education as we move forward. Topics range from fighting disinformation, how vulnerable communities coped with disadvantages using media, transforming educational TV or YouTube to reach larger audiences, supporting students' wellbeing through various online strategies, examining early childhood, parents, and media mentoring using digital tools, reflecting on educators' intersectionality on video platforms, youth-produced media to fight injustice, teaching remotely and providing low-tech solutions to address the digital divide, search for solutions collaboratively using social media, and many more. Offering a unique and broad multicultural perspective on how we can learn from the challenges of addressing varied pedagogical issues that have arisen in the context of the pandemic, this handbook will allow researchers, educators, practitioners, institution leaders, and graduate students to explore how media education evolved during 2020 and 2021, and how these experiences can shape the future direction of media education.

The Korean Wave in a Post-Pandemic World Geon-Cheol Shin,

Television Histories in Asia Jinna Tay, Graeme Turner, 2015-07-24 This book presents an analysis of television histories across India, China, Taiwan, Singapore, Indonesia, Japan, Hong Kong, the Philippines, Malaysia and Bhutan. It offers a set of standard data on the history of television's cultural, industrial and political structures in each specific national context, allowing for cross-regional comparative analysis. Each chapter presents a case study on a salient aspect of contemporary television culture of the nation in question, such as analyses of ideology in television content in Japan and Singapore, and transformations of industry structure vis-à-vis state versus market control in China and Taiwan. The book provides a comprehensive overview of TV histories in Asia as well as a survey of current issues and concerns in Asian television cultures and their social and political impact.

Encyclopedia of Video Games [3 volumes] Mark J. P. Wolf, 2021-05-24 Now in its second edition, the Encyclopedia of Video Games: The Culture, Technology, and Art of Gaming is the definitive, go-to resource for anyone interested in the diverse and expanding video game industry. This three-volume encyclopedia covers all things video games, including the games themselves, the companies that make them, and the people who play them. Written by scholars who are exceptionally knowledgeable in the field of video game studies, it notes genres, institutions, important concepts, theoretical concerns, and more and is the most comprehensive encyclopedia of video games of its kind, covering video games throughout all periods of their existence and geographically around the world. This is the second edition of Encyclopedia of Video Games: The Culture, Technology, and Art of Gaming, originally published in 2012. All of the entries have been revised to accommodate changes in the industry, and an additional volume has been added to address the recent developments, advances, and changes that have occurred in this ever-evolving field. This set is a vital resource for scholars and video game aficionados alike.

Screening China's Soft Power Paola Voci, Luo Hui, 2017-10-02 Promoting China's cultural soft power by disseminating modern Chinese values is one of the policies of President Xi Jinping. Although, it is usually understood as a top-down initiative, implemented willingly or unwillingly by writers, filmmakers, artists, and so on, and often manifesting itself in clumsy and awkward ways, for example, the concept of the Chinese dream, intended to rival and perhaps appeal more strongly than the American dream, modern Chinese values are in fact put forward in many ways by many different cultural actors. Through analyses of film festivals, CCTV, Confucius Institutes, auteurs, blockbusters, reality TV, and online digital cultures, this book exposes the limitations of China's officially promoted soft power in both conception and practice, and proposes a pluralistic approach to understanding Chinese soft power in local, regional, and transnational contexts. As such, the book demonstrates the limitations of existing theories of soft power, and argues that the US-derived concept of soft power can benefit from being examined from a China perspective.

Made in Korea Hyunjoon Shin, Seung-Ah Lee, 2016-09-13 Made in Korea: Studies in Popular Music serves as a comprehensive and thorough introduction to the history, sociology, and musicology of contemporary Korean popular music. Each essay covers the major figures, styles, and social contexts of pop music in Korea, first presenting a general description of the history and background of popular music in Korea, followed by essays, written by leading scholars of Korean music, that are organized into thematic sections: History, Institution, Ideology; Genres and Styles; Artists; and Issues.

South Korea Daniel J. Schwegendiek, 2017-07-05 During the second half of the twentieth century, an economic boom, driven by advances in technology, has led South Korea to become the world's fastest growing economy. But, there were also social factors associated with this shift. In this book, Daniel J. Schwegendiek examines South Korea's socioeconomic evolution since the 1940s. After a brief introduction to Korean history from the late Joseon Dynasty to the division of the Korean peninsula into two occupied zones in 1945, the focus of the book shifts to the rapid socioeconomic development and change that took place in South Korea in the twentieth century. Topics covered include demography, rural-urban development, economic planning, and international trade, in addition to lower and higher education. Important, but understudied areas, such as social capital, nutritional improvements, the rise of capitalist consumerism, and recent nation branding issues, are also addressed. Rarely has a resource incorporated such unique macro-historical perspectives of South Korea, especially in the context of social development. Throughout the book, the author corroborates historical events with empirical data. With over one hundred figures and illustrations, suggested readings at the end of each chapter, and comparisons with North Korea, South Korea will be a crucial reference work for scholars and advanced students in Korean and East Asian Studies.

Black Belt, 1999-11 The oldest and most respected martial arts title in the industry, this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self-defense in the world - including techniques and strategies. In addition, Black Belt produces and markets over 75 martial arts-oriented books and videos including many about the works of Bruce Lee, the best-known martial arts figure in the world.

Transnational Convergence of East Asian Pop Culture Seok-Kyeong Hong, Dal Yong Jin, 2021-03-08 This book observes and analyzes transnational interactions of East Asian pop culture and current cultural practices, comparing them to the production and consumption of Western popular culture and providing a theoretical discussion regarding the specific paradigm of East Asian pop culture. Drawing on innovative theoretical perspectives and grounded empirical research, an international team of authors consider the history of transnational flows within pop culture and then systematically address pop culture, digital technologies, and the media industry. Chapters cover the Hallyu—or Korean Wave—phenomenon, as well as Japanese and Chinese cultural industries. Throughout the book, the authors address the convergence of the once-separated practical, industrial, and business aspects of popular culture under the influence of digital culture. They further coherently synthesize a vast collection of research to examine the specific realities and practices of consumers that exist beyond regional boundaries, shared cultural identities, and historical constructs. This book will be of interest to academic researchers, undergraduates, and graduate students of Asian media, media studies, communication studies, cultural studies, transcultural communication, or sociology.

Chinese Fans of Japanese and Korean Pop Culture Lu Chen, 2017-09-05 How can Japanese popular culture gain numerous fans in China, despite pervasive anti-Japanese sentiment? How is it that there's such a strong anti-Korean sentiment in Chinese online fan communities when the official Sino-Korean relationship is quite stable before 2016? Avid fans in China are raising hundreds of thousands of dollars in funding to make gifts to their idols in foreign countries. Tabloid reports on Japanese and Korean celebrities have been known to trigger nationalist protests in China. So, what is the relationship between Chinese fandom of Japanese and Korean popular culture and nationalist sentiment among Chinese youth? Chen discusses how Chinese fans of Japanese and Korean popular culture have formed their own nationalistic discourse since the 1990s. She argues that, as nationalism is constructed from various entangled ideologies, narratives, myths and collective memories, popular culture simply becomes another resource for the construction of nationalism. Fans thus actively select, interpret and reproduce the content of cultural products to suit their own ends. Unlike existing works, which focus on the content of transnational cultural flows in East Asia, this book focuses on the reception and interpretation of the Chinese audience.

Understanding the Korean Wave Dal Yong Jin, 2023-07-31 A comprehensive and critical introduction to understanding the Korean Wave (Hallyu) as a transnational media phenomenon. This book provides an accessible introduction to the Korean Wave—the rapid growth of local cultural industries and the global popularity of Korean popular culture over the past 30 years—providing historical, political, economic, and socio-cultural context to its initial rise and enduring popularity. Jin explores the transnational cultural flows of Hallyu across a variety of products and digital

technologies—from television dramas, film, and K-pop to online games, and webtoons—and explains the process of cross-media convergence and the socio-political contexts behind the Hallyu phenomenon. He also explores how overseas fans and audiences advance K-pop fandom as social agents in different geo-cultural contexts. The book concludes by discussing if Hallyu can become a sustainable global popular culture beyond a fan-based regional cultural phenomenon. Each chapter features detailed contemporary case studies and discussion questions to enhance student engagement. This is essential reading for students of Media and Communication, Cultural Studies, Korean Studies, and Asian Studies, particularly those taking classes on popular culture and media, media and globalization, Korean popular culture, and East Asian culture.

Black Belt ,2000-05 The oldest and most respected martial arts title in the industry, this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self-defense in the world - including techniques and strategies. In addition, Black Belt produces and markets over 75 martial arts-oriented books and videos including many about the works of Bruce Lee, the best-known marital arts figure in the world.

Black Belt ,2004-01 The oldest and most respected martial arts title in the industry, this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self-defense in the world - including techniques and strategies. In addition, Black Belt produces and markets over 75 martial arts-oriented books and videos including many about the works of Bruce Lee, the best-known marital arts figure in the world.

Communication, Digital Media, and Popular Culture in Korea Dal Yong Jin,Nojin Kwak,2018-05-16 In recent decades, Korean communication and media have substantially grown to become some of the most significant segments of Korean society. Since the early 1990s, Korea has experienced several distinctive changes in its politics, economy, and technology, which are directly related to the development of local media and culture. Korea has greatly developed several cutting-edge technologies, such as smartphones, video games, and mobile instant messengers to become the most networked society throughout the world. As the Korean Wave exemplifies, the once small and peripheral Korea has also created several unique local popular cultures, including television programs, movies, and popular music, known as K-pop, and these products have penetrated many parts of the world. As Korean media and popular culture have rapidly grown, the number of media scholars and topics covering these areas in academic discourses has increased. These scholars’ interests have expanded from traditional media, such as Korean journalism and cinema, to several new cutting-edge areas, like digital technologies, health communication, and LGBT-related issues. In celebrating the Korean American Communication Association’s fortieth anniversary in 2018, this book documents and historicizes the growth of growing scholarship in the realm of Korean media and communication.

Korean Online Video Rank Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Korean Online Video Rank PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Korean Online Video Rank PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Korean Online Video Rank free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing

to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Korean Online Video Rank Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook's credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Korean Online Video Rank is one of the best book in our library for free trial. We provide copy of Korean Online Video Rank in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Korean Online Video Rank. Where to download Korean Online Video Rank online for free? Are you looking for Korean Online Video Rank PDF? This is definitely going to save you time and cash in something you should think about.
