Billy Go

**The Routledge Course in Korean Translation** Jieun Kiaer,2017-08-10 The Routledge Course in Korean Translation brings together for the first time materials dedicated to the theory and practice of translation to and from Korean. This advanced course in Korean translation discusses cross-linguistic and cross-cultural issues that arise in the course of Korean-English and English-Korean translation and offers useful tools for dealing with the problems that arise in the actual practice of translation. Equipped with examples from a range of genres, this book provides a foundational understanding in translation theory that is necessary in Korean translation. The Routledge Course in Korean Translation is essential reading for students of Korean at both undergraduate and postgraduate levels interested in translation, as well as for students and researchers with knowledge of Korean who are interested in linguistics, and cultural and communication studies.

**Translations in Korea** Wook-Dong Kim,2019-03-28 This book explores practical and theoretical approaches to translation in Korea from the 16th century onwards, examining a variety of translations done in Korea from a diachronic perspective. Offering a discussion of the methodology for translating the Xiaoxue (Lesser or Elementary Learning), a primary textbook for Confucianism in China and other East Asian countries, the book considers the problems involving Korean Bible translation in general and the Term Question in particular. It examines James Scarth Gale, an early Canadian Protestant missionary to Korea, as one of the language's remarkable translators. The book additionally compares three English versions of the Korean Declaration of Independence of 1919, arguing that the significant differences between them are due both to the translators' political vision for an independent Korea as well as to their careers and Weltanschauungen. The book concludes with a detailed analysis of Deborah Smith's English translation of 'The Vegetarian' by Han Kang, which won the 2016 Man Booker International Prize for Fiction.

**The HanMi English Korean Translation Reference** D. B. Magee,2015-05-16 The greatest challenge when communicating with people in a foreign country for the first time is not in finding the right word or phrase in which to get your point across, but in pronouncing it correctly so that you are understood. The HanMi English Korean Translation Reference utilizes a specialized, hyphenated, English phonetic spelling system to expose the proper pronunciation of the Korean words. This unique translation system prevents erroneous pronunciation of the Korean words from plantation in the subconscious. No more trial-and-error attempts from a purely Romanized translation system. And, No more blank stares or shrugged shoulders when attempting to get your point across. Say it right the first time with the HanMi English Korean Translation Reference! This simple reference is great for kids too!! FEATURES: Romanized and Phonetic Translations. Quick Reference Lists of associated words. Emergency Words List (in the very front of the book for easy access.) Two Translation Dictionaries (English to Korean and Korean to English) Memory Retention Exercises (word games and puzzles for your enjoyment and to help with memorization). And more!

**English Language Ideologies in Korea** Jinhyun Cho,2017-07-27 This volume critically examines the phenomenon of "English fever" in South Korea from both micro- and macro-perspectives. Drawing on original research and rich illustrative examples, the book investigates two key questions: why is English so popular in Korea, and why is there such a gap between the 'dreams' and 'realities' associated with English in Korea? These questions are explored through the eyes of English-Korean translators and interpreters, who represent the professional group most intensely engaged in the zeal for English language mastery. Macro-perspectives focus on historical factors leading to the rise of English, with English-Korean translation and interpreting as a key theme. Micro-perspectives explore the dreams that individuals attach to English and the ways in which they imagine it can transform their lives, and contrast these dreams with the stark realities felt on the ground. The gaps between these dreams and realities are explored from various angles, which include commodification, gender and neoliberalism. The book thus offers fresh insights on how the phenomenon of "English fever" has been created, reproduced, and sustained from both historical and contemporary viewpoints. From the reviews: This is an important study of how English is experienced in one country, Korea. A very insightful analysis of the interlocking of historical factors influencing the status of English, and the interlocking significance of class, gender, aesthetics, myth-making, and the role of the media and competitive commodification. The study is based on competent use of relevant theoretical approaches, solid fieldwork, and a personal capacity to draw complex threads together. It demonstrates how language policy can be analysed in a stimulating way that has major importance beyond the borders of Korea. Language ideologies are brought to life effectively. Robert Phillipson, Emeritus Professor, Copenhagen Business School, Denmark

**Translating and Interpreting in Korean Contexts** Ji-Hae Kang,Judy Wakabayashi,2019-04-03 The focus of this volume is on how the people of the Korean Peninsula—historically an important part of the Sinocentric world in East Asia and today a vital economic and strategic site—have negotiated oral and written interactions with their Asian neighbors and Europeans in the past and present through the mediation of translators and interpreters. These encounters have been shaped by political, social, and cultural factors, including the shared use of the Chinese writing system in East Asia for many centuries, attitudes toward other Asians and Westerners, and perceptions of Korean identity in relation to these Others. After exploring aspects of historical interactions, the volume addresses how the role and practice of translation and interpreting have recently evolved as a result of the development of digital technology, an increase in the number of immigrants, and changes in political and cultural dynamics in the region. It covers a range of historical and contemporary aspects, genres, and venues that extend beyond the common yet restrictive focus on literary translation and includes discussions of translator training and academic studies of translation and interpreting in Korea.

**On Translating Modern Korean Poetry** Jieun Kiaer,Anna Yates-Lu,Mattho Mandersloot,2021-09-15 On Translating Modern Korean Poetry is a research monograph exploring the intricacies and complexities of translating modern Korean poetry. This monograph highlights the difficulties entailed in translating Korean poetry, due to the lexical, structural, social, expressive and attitudinal levels with which the translator must be engaged. Featuring all-new translations, this book explores the question of what exactly modern Korean poetry is, increases the representation of female poets and includes poems addressing modern historical events, globalization, diaspora and mental health. Each chapter provides commentary on both the original and translated texts and looks at some of the issues that arose during the translation process. By doing so the authors draw attention to the intricate, trans-cultural and trans-creational process of Korean poetry translation. Collating contemporary Korean poetry and intricately exploring the translation process, this book is ideal for researchers and advanced level students of Korean Studies, Translation Studies and Literature with an interest in translation.

*Writing Women in Korea* Theresa Hyun,2003-09-30 Writing Women in Korea explores the connections among translation, new forms of writing, and new representations of women in Korea from the early 1900s to the late 1930s. It examines shifts in the way translators handled material pertaining to women, the work of women translators of the time, and the relationship between translation and the original works of early twentieth-century Korean women writers. The book opens with an outline of the Chosôn period (1392-1910), when a vernacular writing system was invented, making it possible to translate texts into Korean--in particular, Chinese writings reinforcing official ideals of feminine behavior aimed at women. The legends of European heroines and foreign literary works (such as those by Ibsen) translated at the beginning of the twentieth century helped spur the creation of the New Woman (Sin Yôsong) ideal for educated women of the 1920s and 1930s. The role of women translators is explored, as well as the scope of their work and the constraints they faced as translators. Finally, the author relates the writing of Kim

today.

*Treacherous Translation* Serk-Bae Suh,2013-10 This book examines the role of translation—the rendering of texts and ideas from one language to another, as both act and trope—in shaping attitudes toward nationalism and colonialism in Korean and Japanese intellectual discourse between the time of Japan’s annexation of Korea in 1910 and the passing of the colonial generation in the mid-1960s. Drawing on Korean and Japanese texts ranging from critical essays to short stories produced in the colonial and postcolonial periods, it analyzes the ways in which Japanese colonial and Korean nationalist discourse pivoted on such concepts as language, literature, and culture.

The New Potter Korean Translation Workbook Peter Hassall,2016-09-09 The New Potter - Grandfather is becoming too old to make pots anymore. Who will take over his work? His grand-daughter Jamilah is the only person interested, but making pots is not a girl's work. The New Potter: Korean Translation Workbook is Volume One of the World Korean Translation Workbook Series. This series consists of stories from around the world which are written with carefully controlled vocabulary and grammar making them suitable for learners and users of both Korean and other languages. A variety of realistic and exciting themes encourage translation from Korean to other languages. Parallel series include Bilingual Readers and Translation Workbooks to encourage self-study, teaching/learning and translation to/from other languages. The Bilingual Readers support user preference being presented in 2 formats depending on the language that appears first in each paragraph. These Bilingual Readers also provide an expert translation solution for the complementary Translation Workbooks, which can be used to stimulate written and/or oral translation. Peter & Susan Hassall are authors of a number of books written for and by students of World Englishes including their well-known ESSC series output following implementation of the Extremely Short Story Competition [ESSC] held in the UAE, Japan and Lithuania. Having worked in Higher Education in the Middle East, South-East Asia and the Pacific Rim, Peter & Susan Hassall have been presented three English Speaking Union awards at Buckingham Palace by HRH Prince Philip, the Duke of Edinburgh, President of the ESU. Translator: Dr. Hyejeong Ahn is a lecturer in the Language and Communication Centre at Nanyang Technological University in Singapore. She earned her PhD in Applied Linguistics at Monash University in Australia. Her research area focuses on Educational Linguistics, specialising in Teaching English as an International Language (TEIL) and World Englishes. Translator: Dr. Chonhak Kim is a visiting professor in the Writing Centre of the School of General Education at the University of Seoul in Korea. He completed his PhD in Korean Linguistics at the University of Seoul. His research area, in the field of syntax, focuses on 'the verb' and 'aspect' in Korean.

**Meditations of a Korean Monk - A Weekly Reader: English-Korean Parallel Text Edition** Master Beopjeong,D. Bannon,2012-02-04 Zen Master Beopjeong spent over thirty years on South Korea's bestseller lists. Praised as one of the great spiritual leaders of our time (Korea Herald) and one of the most popular and influential religious leaders in Korea (Korea Times) who left immeasurable teachings to all of us (President of South Korea Lee Myung-bak), Beopjeong wrote on the foibles of modern life and the joys of nature and simplicity. His direct, uncomplicated prose continues to appeal to new generations of readers. Meditations of a Korean Monk presents Beopjeong's musings and insights in English-Korean parallel text. Divided into fifty two weeks, each section offers two meditations and an illustration from Korean art. Each page in translation is mirrored by its original Korean hangul script on the facing page. Beopjeong's name is also commonly Romanized as Beop Jeong, Bubjeong, Bopjong or Pup Jeong. The translator, D. Bannon, is a member of the American Translators Association (ATA).

*Translation and Literature in East Asia* Jieun Kiaer,Jennifer Guest,Xiaofan Amy Li,2019-05-07 Translation and Literature in East Asia: Between Visibility and Invisibility explores the issues involved in translation between Chinese, Japanese and Korean, as well as from these languages into European languages, with an eye to comparing the cultures of translation within East Asia and tracking some of their complex interrelationships. This book reasserts the need for a paradigm shift in translation theory that looks beyond European languages and furthers existing work in this field by encompassing a wider range of literature and scholarship in East Asia. Translation and Literature in East Asia brings together material dedicated to the theory and practice of translation between and from East Asian languages for the first time.

*The Plotters* Un-su Kim,2019-01-29 ONE OF TIME MAGAZINE'S 100 BEST MYSTERY AND THRILLER BOOKS OF ALL TIME • A fantastical crime novel set in an alternate Seoul where assassination guilds compete for market dominance. The Plotters’s first convenient comparison may be to the ever-expanding John Wick movies --Los Angeles Review of Books Behind every assassination, there is an anonymous mastermind--a plotter--working in the shadows. Plotters quietly dictate the moves of the city’s most dangerous criminals, but their existence is little more than legend. Just who are the plotters? And more important, what do they want? Reseng is an assassin. Raised by a cantankerous killer named Old Raccoon in the crime headquarters The Library, Reseng never questioned anything: where to go, who to kill, or why his home was filled with books that no one ever read. But one day, Reseng steps out of line on a job, toppling a set of carefully calibrated plans. And when he uncovers an extraordinary scheme set into motion by an eccentric trio of young women--a convenience store clerk, her wheelchair-bound sister, and a cross-eyed librarian--Reseng will have to decide if he will remain a pawn or finally take control of the plot. Crackling with action and filled with unforgettable characters, The Plotters is a deeply entertaining thriller that soars with the soul, wit, and lyricism of real literary craft.

**The Language of Hallyu** Jieun Kiaer,2023-07-10 The Language of Hallyu will re-examine the language of the Korean Wave by looking at popular K-content. In doing so, it will expose the meanings that get lost in translation, hidden under subtitles. Over the past decade, hallyu (the Korean wave) has exploded in popularity around the globe. K-films, K-drama, and K-pop were once small subcultures, known mostly by Korea’s East and Southeast Asian neighbours and Korean diaspora. Now, K-content has entered the international mainstream. Consequently, interest in Korean language has grown, while interest in language learning in general has decreased. Many textbooks emphasise that Korean is a ‘polite’ language, but this book will highlight that this is not the case. The Language of Hallyu examines popular K-content, including Parasite (2019), Minari (2020), Squid Game (2021), and Pachinko (2022). The author introduces language stylistics to explain how Koreans style their language to suit every occasion. She argues that they do this via a process of visual scanning and social tuning, whereby visual clues are assessed in tangent with an individual’s sociocultural awareness. The author concludes by highlighting the danger of the jondaemal/banmal (polite/casual speech) divide, demonstrating that Korean language is so much more than polite. This book will be of interest to students and researchers in Korean language and culture, particularly those interested in linguistics and pragmatics.

Immerse yourself in the artistry of words with is expressive creation, Immerse Yourself in **Korean Translator** .
