English / Korean Dictionary Joseph D. Lesser,2019-08-13 This practical dictionary of the Korean language contains over 22,000 entries in a concise, easy-to-use format. The direction of the translation is from English to Korean. It offers a broad vocabulary from all areas as well as numerous idioms for holidays or for use as a classic reference work.

Peter Singer Under Fire Jeffrey A. Schaler,2011-09-30 One of the leading ethical thinkers of the modern age, Peter Singer has repeatedly been embroiled in controversy. Protesters in Germany closed down his lectures, mistakenly thinking he was advocating Nazi views on eugenics. Conservative publisher Steve Forbes withdrew generous donations to Princeton after Singer was appointed professor of bioethics. His belief that infanticide is sometimes morally justified has appalled people from all walks of life. Peter Singer Under Fire gives a platform to his critics on many contentious issues. Leaders of the disability rights group Not Dead Yet attack Singer's views on disability and euthanasia. Economists criticize the effectiveness of his ideas for solving global poverty. Philosophers expose problems in Singer's theory of utilitarianism and ethicists refute his position on abortion. Singer's engaging "Intellectual Autobiography" explains how he came by his controversial views, while detailed replies to each critic reveal further surprising aspects of his unique outlook.

Croatian Vocabulary Book Pinok Languages,2019-05-14 Croatian vocabulary book + Croatian dictionary This Croatian vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Croatian-English as well as English-Croatian dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Croatian learning resource is a combination of Croatian vocabulary book and a two-way basic Croatian dictionary: Part 1 - Topic based Croatian vocabulary book: This is the main part of the book and represents a list of chapters each containing Croatian vocabularies for a certain topic. The Croatian vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Croatian dictionary: The index in the second half of the book can be used as a basic Croatian dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Croatian-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Croatian words and directly find the English translation How to use this Croatian vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Croatian dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Croatian translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Croatian dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Croatian and comes in particularly handy at times when there is no internet to look up words and phrases.

Take Care of Freedom and Truth Will Take Care of Itself Richard Rorty,Eduardo Mendieta,2006 This volume collects a number of important and revealing interviews with Richard Rorty, spanning more than two decades of his public intellectual commentary, engagement, and criticism. In colloquial language, Rorty discusses the relevance and nonrelevance of philosophy to American political and public life. The collection also provides a candid set of insights into Rorty's political beliefs and his commitment to the labor and union traditions in this country. Finally, the interviews reveal Rorty to be a deeply engaged social thinker and observer.

Bogadek's Croatian-English and English-Croatian Dictionary: English-Croatian dictionary Francis Aloysius Bogadek,1926

Feminism, Capitalism, and Critique Banu Bargu,Chiara Bottici,2017-07-24 This edited collection examines the relationship between three central terms—capitalism, feminism, and critique—while critically celebrating the work and life of a thinker who has done the most to address this nexus: Nancy Fraser. In honor of her seventieth birthday, and in the spirit of her work in the tradition of critical theory, this collection brings together scholars from different disciplines and theoretical approaches to address this conjunction and evaluate Fraser's lifelong contributions to theorizing it. Scholars from philosophy, political science, sociology, gender studies, race theory and economics come together to think through the vicissitudes of capitalism and feminism while also responding to different elements of Nancy Fraser's work, which weaves together a strong feminist standpoint with a vibrant and complex critique of capitalism. Going beyond conventional disciplinary distinctions and narrow debates, all the contributors to this project share a commitment to critically understanding the connection between capitalism, exploitation, and the viable roads for emancipation. They recover insights provided by classical traditions of political and social thought, but they also open new research directions adapted to the global challenges of our time.

W.J.T. Mitchell's Image Theory Krešimir Purgar,2016-11-25 W.J.T. Mitchell - one of the founders of visual studies - has been at the forefront of many disciplines such as iconology, art history and media studies. His concept of the pictorial turn is known worldwide for having set new philosophical paradigms in dealing with our vernacular visual world. This book will help both students and seasoned scholars to understand key terms in visual studies - pictorial turn, metapictures, literary iconology, image/text, biopictures or living pictures, among many others - while systematically presenting the work of Mitchell as one of the discipline's founders and most prominent figures. As a special feature, the book includes three comprehensive, authoritative and theoretically relevant interviews with Mitchell that focus on

different stages of development of visual studies and critical iconology.

Cross-Cultural Health Translation Meng Ji,2019-06-04 Health translation represents a critical yet underexplored research field in Translation Studies. High-quality health translation represents an integral part in the development of multicultural health resources. The empirical study and evaluation of health translations, and the establishment of effective health translation methods and models, holds the key to the success of multicultural health communication and promotion. Chapters in this book aim to fill in a persistent knowledge gap in current multicultural health research, that is, culturally effective and user-oriented healthcare translation. Research presented in this book points to an important opportunity to improve and enhance current multicultural healthcare services based on empirical, evidence-based health translation studies. Health translation provides a powerful intervention tool to engage with migrants with diverse language, cultural backgrounds and health literacy levels. This book provides much-needed reading in the emerging research field of healthcare translation. It makes useful and original contributions to this emerging research field through the exploration of culturally effective health translation methods, approaches and models, as well as the development and evaluation of digital health translation resources and tools.

Faiths across Time [4 volumes] J. Gordon Melton,2014-01-15 This monumental, four-volume reference overviews significant events and developments in religious history over the course of more than five millennia. Written for high school students, undergraduates, and general readers interested in the history of world religions, this massive reference chronicles developments in religious history from 3500 BCE through the 21st century. The set comprises four volumes, treating the ancient world from 3500 BCE through 499 CE, 500 through 1399, 1400 through 1849, and 1850 through 2009. Each volume includes hundreds of brief entries, arranged chronologically and then further organized by region and religion. The entries provide fundamental information on topics ranging from the neolithic Ggantija temples near Malta through the election of Mary Douglas Glasspool as bishop of the Episcopal Diocese of Los Angeles in 2009. Global in scope and encyclopedic in breadth, this chronology of world religions is an essential purchase for all libraries concerned with the development of human civilization.
