Global International Waters Assessment ,2004 This report presents the assessment of the Amazon Basin, the largest basin on the planet and also one of the least understood. Although sparsely inhabited, the Basin is subject to extensive anthropogenic impacts through deforestation, mining, hydropower

generation and agricultural activities that all have contributed to considerable changes in aquatic habitats and communities. The root causes of habitat and community modification are identified in the Madeira Basin, shared by Brazil, Bolivia and Peru, and potential policy options are presented.

Male Infertility T.B. Hargreave, 2012-12-06 Male infertility is a clinician-orientied book aimed at the clinician dealing with the infertile couple because rational, effective management is only possible if the couple are considered together. The aim of the work is to provide advice to the clinician and to give reference to the underlying science. This will not only enable clinicians to understand the underlying science but will also give scientists an insight to clinical work. This blend of science and clinical work is reflected in the contributors who are experts drawn from both fields.

Germans to America: January 1840-June 1843 Ira A. Glazier, 2002 Each volume in this series contains transcriptions of passenger lists containing German surnames for ships entering all US ports beginning in 1840. Lists are arranged by date of ship arrival and are indexed by passenger names. This volume covers the period from January 2, 1840 to June 1843.

How to Survive a Pandemic Michael Greger MD, 2020-05-26 A vital, timely text

on the viruses that cause pandemics and how to face them, by the New York Times bestselling author of *How Not to Die*. As the world grapples with the devastating impact of COVID-19, Dr Michael Greger reveals not only what we can do to protect ourselves and our loved ones during a pandemic, but also what human society must rectify to reduce the likelihood of even worse catastrophes in the future. From tuberculosis to bird flu and HIV to coronavirus, these infectious diseases share a common origin story: human interaction with animals. Otherwise known as zoonotic diseases for their passage from animals to humans, these pathogens – both pre-existing ones and those newly identified – emerge and re-emerge throughout history, sparking epidemics and pandemics that have resulted in millions of deaths around the world. How did these diseases come about? And what – if anything – can we do to stop them and their fatal march into our countries, our homes, and our bodies? In *How to Survive a Pandemic*, Dr Michael Greger, physician and internationally-recognized expert on public health issues, delves into the origins of some of the deadliest pathogens the world has ever seen. Tracing their evolution from the past until today, Dr Greger spotlights emerging flu and coronaviruses as he examines where these pathogens originated, as well as the underlying conditions and significant human role that have exacerbated their lethal influence to large, and even global, levels.

White American Youth Christian Picciolini, 2017-10-24 As featured on Fresh Air and the TED stage, a stunning look inside the world of violent hate groups by a onetime white supremacist leader who, shaken by a personal tragedy, abandoned his destructive life to become an anti-hate activist. Raw, inspiring, and heartbreakingly candid, White American Youth explores why so many young people lose themselves in a culture of hatred and violence and how the criminal networks they forge terrorize and divide our nation. The story begins when Picciolini found himself stumbling through high school, struggling to find a community among other fans of punk rock music. There, he was recruited by a notorious white power skinhead leader and encouraged to fight with the movement to protect the white race from extinction. Soon, he had become an expert in racist philosophies, a terror who roamed the neighborhood, quick to throw fists. When his mentor was sent to prison, sixteen-year-old Picciolini took over the man's role as the leader of an infamous neo-Nazi skinhead group. Seduced by the power he accrued through intimidation, and swept up in the rhetoric he had adopted, Picciolini worked to grow an army of extremists. He used music as a recruitment tool, launching his own propaganda band that performed at white power rallies around the world. But slowly, as he started a family of his own and a job that for the first time brought him face to face with people from all walks of life, he began to recognize the cracks in his hateful ideology. Then a shocking loss at the hands of racial violence changed his life forever, and Picciolini

realized too late the full extent of the harm he'd caused. Simultaneously horrifying and redemptive (AlterNet), *White American Youth* examines how radicalism and racism can conquer a person's way of life and how we can work together to stop those ideologies from tearing our world apart. *An earlier edition of this book was published as *Romantic Violence*

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist

movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Turner Diaries Andrew MacDonald, 2015-02-24 What will you do when they come to take your guns? Earl Turner and his fellow patriots face this question and are forced underground when the U.S. government bans the private possession of firearms and stages the mass Gun Raids to round up suspected gun owners. The hated Equality Police begin hunting them down, but the patriots fight back with a campaign of sabotage and assassination. An all-out race war occurs as the struggle escalates. Turner and his comrades suffer terribly, but their ingenuity and boldness in devising and executing new methods of guerrilla warfare lead to a victory of cataclysmic intensity and worldwide scope. The FBI has labeled The Turner Diaries the bible of the racist right. If the government had the power to ban books, this one would be at the top of its list. The Turner Diaries is the most controversial book in America today-and it's a book unlike any you've ever read!
