**Shaolin Soccer** Andy Seto, 2003 Young kung fu adept Sing is an honour-bound disciple of the legendary Shaolin Temple. His sole goal in life is to find a way to package the philosophy and physical teachings of his beloved Shaolin such that the masses can learn, benefit from and apply these doctrines to their daily life. When he meets a former football champion, he soon realises that the world's most popular sport may just be the vehicle he needs to spread Shaolin kung fu across the globe. *Shaolin Soccer #1*, 2001-01-01 Young kung fu adept Sing is an honorbound disciple of the legendary Shaolin Temple. His sole goal in life is to find a way to package the philosophy and physical teachings of his beloved Shaolin kung fu so that contemporary masses can learn, benefit, and apply these doctrines to their daily life. When he hooks up with a former soccer champion he quickly realizes that the world's most popular sport may just be the vehicle to spread Shaolin kung fu all over the globe. But first he must assemble a team worthy of the Shaolin name. Yet his secular, out of shape former kung fu brothers are far from impressed with his idea. Kung fu action and sidesplitting comedy are heading your way!

Hong Kong Cinema Since 1997 V. Lee, 2009-09-29

### **Cultural Control and Globalization in Asia**

Laikwan Pang, 2007-05-07 This is a succinct and well-written book introducing a truly interdisciplinary approach to the study of copyright and related issues in contemporary popular culture in relation to the current development of Asian cinema, and questions how copyright is appropriated to regulate culture. It examines the many meanings and practices pertaining to copying in cinema, demonstrating the dynamics between globalization's desire for cultural control and cinema's own resistance to such manipulation. Focusing on the cinema of China, Taiwan and Hong Kong, and film 'piracy' in these countries, the book argues that ideas of cultural ownership and copyright are not as clear-cut as they may at first seem, and that copyright is used as a means through which cultural control is exercised by the cultural big business of the dominant power.

*Hong Kong Connections* Meaghan Morris, Siu Leung

Li, Stephen Ching-kiu Chan, 2005-10-01 Since the 1960s, Hong Kong cinema has helped to shape one of the world's most popular cultural genres: action cinema. Hong Kong action films have proved popular over the decades with audiences worldwide, and they have seized the imaginations of filmmakers working in many different cultural traditions and styles. How do we account for this appeal, which changes as it crosses national borders? *Hong Kong Connections* brings leading film scholars together to explore the uptake of Hong Kong cinema in Japan, Korea, India, Australia, France and the US as well as its links with Taiwan, Singapore and the Chinese mainland. In the process, this collective study examines diverse cultural contexts for action cinema's popularity, and the problems involved in the transnational study of globally popular forms suggesting that in order to grasp the history of Hong Kong action cinema's influence we need to bring out the differences as well as the links that constitute popularity.

**The Global Art of Soccer** Richard Witzig, 2006  
East Asian Cinemas Leon Hunt, Leung Wing-Fai, 2010-10-18 Cinemas from East Asia are among the most exciting and influential in the world. They are attracting popular and critical attention on a global scale, with films from the region circulating as art house, cult, blockbuster and 'extreme' cinema, or as Hollywood remakes. This book explores developments in the global popularity of East Asian cinema, from Chinese martial arts, through Japanese horror, to the burgeoning new Korean cinema, with particular emphasis on crossovers, remakes, hybrids and co-productions. It examines changing cinematic traditions in Asia alongside the 'Asianisation' of western cinema. It explores the dialogue not only between 'East' and 'West', but between different cinemas in the Asia Pacific. What do these trends mean for global cinema? How are co-productions and crossover films changing the nature of Hollywood and East Asian cinemas? The book includes in-depth studies of Park Chan-wook, 'Infernal Affairs', 'Seven Samurai', and 'Princess Mononoke'.

Past And Future Lives In China Martin

Avery,2014-07-30 Past And Future Lives In China is Love And Death In China: Book Two and The Sequel To The Way Of The Dragon by Martin Avery

Remade in Hollywood Kenneth Chan,2009-07-01 This book describes how notions of Chinese identity, culture, and popular film genres have been reinvented and repackaged by major U.S. studios, spurring a surge in Chinese visibility in Hollywood.

Willing Collaborators Michael Keane,Brian Yecies,Dr. Terry Flew,2018-04-16 As China looks to reinvigorate its soft power by drawing on the creative inputs of foreign media producers and technical expertise, this book explores how and why creative workers are moving to the Mainland from East Asia, and how they are navigating the challenges of producing creative and critical content in a politically constrained environment.

**Innovation, Economic Development, and Intellectual Property in India and China** Kung-Chung Liu,Uday S. Racherla,2019-09-06 This open access book analyses intellectual property codification and innovation governance in the development of six key industries in India and China. These industries are reflective of the innovation and economic development of the two economies, or of vital importance to them: the IT Industry; the film industry; the pharmaceutical industry; plant varieties and food security; the automobile industry; and peer production and the sharing economy. The analysis extends beyond the domain of IP law, and includes economics and policy analysis. The overarching concern that cuts

through all chapters is an inquiry into why certain industries have developed in one country and not in the other, including: the role that state innovation policy and/or IP policy played in such development; the nature of the state innovation policy/IP policy; and whether such policy has been causal, facilitating, crippling, co-relational, or simply irrelevant. The book asks what India and China can learn from each other, and whether there is any possibility of synergy. The book provides a real-life understanding of how IP laws interact with innovation and economic development in the six selected economic sectors in China and India. The reader can also draw lessons from the success or failure of these sectors.

*Hong Kong Film, Hollywood and New Global Cinema*  
Gina Marchetti, Tan See Kam, 2007-01-24 In recent years, with the establishment of the Hong Kong Film Archive and growing scholarly interest in the history of Hong Kong cinema, previously neglected historical documents and difficult-to-access films have offered new research materials. As Hong Kong film history comes into sharper focus, its inextricable links across the decades to Southeast Asia, Korea, Japan, the United States, and to the far reaches of the Chinese diaspora have also become more evident. Hong Kong's connection with Hollywood involves ties that bring together art cinema and popular genres as well as film festivals and the media marketplace with popular transnational genres. Giving fresh and fascinating insights into the vibrant area of Hong Kong, this exciting new book links Hong Kong with world film

culture both within and beyond the commercial Hollywood paradigm. It emphasizes Hong Kong film in relation to other cinema industries, including Hollywood, and demonstrates that Hong Kong film, throughout its history, has challenged, redefined, expanded, and exceeded its borders.

Exploring Religion and the Sacred in a Media Age  
Christopher Deacy, Elisabeth Arweck, 2016-12-05 In recent years, there has been growing awareness across a range of academic disciplines of the value of exploring issues of religion and the sacred in relation to cultures of everyday life. Exploring Religion and the Sacred in a Media Age offers inter-disciplinary perspectives drawing from theology, religious studies, media studies, cultural studies, film studies, sociology and anthropology. Combining theoretical frameworks for the analysis of religion, media and popular culture, with focused international case studies of particular texts, practices, communities and audiences, the authors examine topics such as media rituals, marketing strategies, empirical investigations of audience testimony, and the influence of religion on music, reality television and the internet. Both academically rigorous and of interest to a wider readership, this book offers a wide range of fascinating explorations at the cutting edge of many contemporary debates in sociology, religion and media, including chapters on the way evangelical groups in America have made use of *The Da Vinci Code* and on the influences of religion on British club culture and electronic dance music.

*I Know Kung Fu* Rex Koo, Victionary, 2022-07 Known

for its deft stunt-like movements, 'kung fu' is a form of Chinese martial arts that originally referred to any study requiring patience, energy, and time to complete. Over the last few decades, it has exploded in mainstream culture, due to its influence and appearances on Western screens, as well as the proliferation and growing interest in Eastern cinema. In fact, it has been said that the definition of 'kung fu' as we know it today can be attributed to mistranslations of subtitles or dubbing! *I Know Kung Fu!* takes an intriguing look at the stars and shows that have made it what it is through the bold and characterful drawings of Hong Kong cult illustrator Rex Koo, who was inspired by 'kung fu' flicks from the 1980s and 1990s. Coupled with bite-sized information on famous techniques/weapons and comic strips, it is a must-have collectors' item for fans of the martial art and those who wish to see it through a new lens. This book is available in a vivid red or bright yellow; books are shipped to customers at random.
