Hollywood Cartoons Michael Barrier,2003-11-06 In Hollywood Cartoons, Michael Barrier takes us on a glorious guided tour of American animation in the 1930s, '40s, and '50s, to meet the legendary artists and entrepreneurs who created Bugs Bunny, Betty Boop, Mickey Mouse, Wile E. Coyote, Donald Duck, Tom and Jerry, and many other cartoon favorites. Beginning with black-and-white silent cartoons, Barrier offers an insightful account, taking us inside early New York studios and such Hollywood giants as Disney, Warner Bros., and MGM. Barrier excels at illuminating the creative side of animation--revealing how stories are put together, how animators develop a character, how technical innovations enhance the realism of cartoons. Here too are colorful portraits of the giants of the field, from Walt and Roy Disney and their animators, to Bill Hanna and Joe Barbera. Based on hundreds of interviews with veteran animators, Hollywood Cartoons gives us the definitive inside look at this colorful era and at the creative process behind these marvelous cartoons.

The Real History Of Hawaii: From Origins To The End Of The Monarchy Brien Foerster,

Turkish Cinema Gönül Dönmez-Colin,2008-11-15 Films often act as a prism that refracts the

issues facing a nation, and Turkish cinema in particular serves to encapsulate the cultural and social turmoil of modern-day Turkey. Acclaimed film scholar Gönül Dönmez-Colin examines here the way that national cinema reveals the Turkish quest for a modern identity. Marked by continually shifting ethnic demographics, politics, and geographic borders, Turkish society struggles to reconcile modern attitudes with traditional morals and centuries-old customs. Dönmez-Colin examines how contemporary Turkish filmmakers address this struggle in their cinematic works, positing that their films revolve around ideas of migration and exile, and give voice to previously subsumed “denied identities” such as that of the Kurds. Turkish Cinema also crucially examines how these films confront taboo subjects such as homosexuality, incest, and honor killings, issues that have only become viable subjects of discussion in the new generation of Turkish citizens. A deftly written and thought-provoking study, Turkish Cinema will be invaluable for scholars of Middle East studies and cinephiles alike.

Ermeni ve Rum kültür varlıklarıyla Kayseri Altu Yılmaz,2016 In an effort to afford a glimpse into Kayseri’s rich sociocultural past, this book traces the physical and built environment that has been left from the Armenian and Greek communities of the region and presents the relationship of the urban culture of Ottoman Kayseri to its rural hinterland by way of statistical information and visual material. The book comprises mainly the results of the fieldwork in Kayseri in the summer and fall of 2015 that was jointly undertaken by the Hrant Dink Foundation and the Association for the Protection of Cultural Heritage. Accompanied by contextualizing introductory articles that shed light on the social and economic history of the Armenian and Greek communities in Kayseri, this book attests to t[h]e fact that Kayseri that we know today in [sic] very much the product of the cultural, ethnic, and religious diversity it once enjoyed. At the end of the 19th century, non-Muslims constituted one-third of the population of the Kayseri Province. A significant number of their buildings have unexpectedly withstood the perils to this day, and yet they are deteriorating at an alarming pace. This book, which should be considered a 2015 photograph of this cultural heritage, was prepared with the hope that it will contribute to the processes of reconciling with the past. The latter is the prerequisite for the cultural heritage of the peoples who have been forcefully expelled from their homelands to not be neglected but to instead be protected like other cultural heritage.--

Media Effects and Society Elizabeth M. Perse,Jennifer Lambe,2016-08-05 Grounded in theoretical principle, Media Effects and Society help students make the connection between mass media and the impact it has on society as a whole. The text also explores how the relationship individuals have with

media is created, therefore helping them alleviate its harmful effects and enhance the positive ones. The range of media effects addressed herein includes news diffusion, learning from the mass media, socialization of children and adolescents, influences on public opinion and voting, and violent and sexually explicit media content. The text examines relevant research done in these areas and discusses it in a thorough and accessible manner. It also presents a variety of theoretical approaches to understanding media effects, including psychological and content-based theories. In addition, it demonstrates how theories can guide future research into the effects of newer mass communication technologies. The second edition includes a new chapter on effects of entertainment, as well as text boxes with examples for each chapter, discussion of new technology effects integrated throughout the chapters, expanded pedagogy, and updates to the theory and research in the text. These features enhance the already in-depth analysis Media Effects and Society provides.
