Proceedings of the International Conference on “Changing of Law: Business Law, Local Wisdom and Tourism Industry” (ICCLB 2023) Mirsa Umiyati,I Nyoman Putu Budiarta,Ade Saptomo,Peter Verhezen,Siti Hafsyah Idris,Cesaltina Angela Soares,Eddy Lisdiyono,Faisal Santiago,Eddy Pratomo,Ahmad Sudiro,Anthon Freddy Susanto,2023-12-30 This is an open access book.Changes in law either from the meaning of normative substance, institutional, and legal culture are inevitably in line with the dynamics within various sectors of life society. Therefore, it is necessary to thoroughly discuss and analyze which sectors may have a significant impact on the business world and society today. By discussing comprehensively, comparatively and collaboratively, it is hoped that legal issues can be seen from various perspectives in the legal and social fields by finding fundamental problems in depth related to several topics of discussion, including in the telematics legal sector, natural resource management law, business legal culture, as well as the tourism sector. For this reason, APPTHI held a series of conferences in 3 cities to discuss and make it a meeting place for world law experts with law lecturers throughout Indonesia and invited lecturers from various countries, such as South Korea, India, Malaysia and Europe to take a part in this conference. The 1st APPTHI International Conference on Changing of Law (the series) is the first international conference series held in Indonesia by the Association of Indonesian Law College Leaders (APPTHI), inviting several legal experts from countries such as the USA, the Netherlands, Korea, Malaysia, India, as well as South Korea. This activity has 3 major themes each held in several cities, namely: in Jakarta which will be held at Trisakti University on 22 July 2023 with the theme Changing of Law in the digital era, while in Makassar it will take place at the Indonesian Muslim University/UMI) on July 24 2023 with the theme Changing of Law in the Energy sector and Natural Resources Management, as well as the last series of conferences in Bali on July 26 2023 at Warmadewa University, becoming a series of academic activities that have a broad spectrum and dimension of legal knowledge with various legal perspectives such as business law, corporate law, civil law, criminal law, intellectual property law, telematics law, agrarian law, environmental law, HTN/HAN etc. This event was carried out within the framework of the first round of the APPTHI international program which will continue to be held regularly every year. This program is also a form of implementation of various forms of international cooperation in several countries such as New York University, Utrecht University, National University of Malaysia, Hankuk University, and Jawaharlal Nehru University. In this event APPTHI collaborated with the international program organizer, PASQAPRO. For the activities of The First APPTHI International Conference on Changing Law, The Series, involving campuses as co-hosts in Jakarta (hosted by Trisakti University), including: Jakarta Islamic University, Universitas Suryakencana, cianjur, Lampung Mitra University, Palembang Law School STIHPADA, Islamic University Jakarta, Muhamadiyah University Jakarta, YARSI University, National University, Borobudur University, while co-hosted in Makassar (Host Indonesian Muslim University): Panca Bakti University, West Kalimantan, Sawerigading University, Christian University of Paulus, Makasar, Universitas Juanda, Bogor and Seventeen August University (UNTAG) Semarang, for Bali with the host university Warmadewa, assisted by co-hosts including: Caritas

College of Law, Papua. Hopefully this conference will not only be a scientific forum for APPTHI members and various foreign partner universities by providing outputs in the form of indexed proceedings and journals, but also an event that will contribute thoughts in the field of law for the Indonesian government in conducting studies on legal changes positively as well as being a think tank for the formation of state laws and policies.

Rich Forests, Poor People Nancy Lee Peluso,2023-09-01 Millions of Javanese peasants live alongside state-controlled forest lands in one of the world's most densely populated agricultural regions. Because their legal access and customary rights to the forest have been severely limited, these peasants have been pushed toward illegal use of forest resources. Rich Forests, Poor People untangles the complex of peasant and state politics that has developed in Java over three centuries. Drawing on historical materials and intensive field research, including two contemporary case studies, Peluso presents the story of the forest and its people. Without major changes in forest policy, Peluso contends, the situation is portentous. Economic, social, and political costs to the government will increase. Development efforts will by stymied and forest destruction will continue. Mindful that a dramatic shift is unlikely, Peluso suggests how tension between foresters and villagers can be alleviated while giving peasants a greater stake in local forest management.
