How to Defend Your Lair Keith Ammann, 2022-11-29 Defend yourself and protect your assets in a lair that feels as real and alive as your monsters with advice from Keith Ammann, author of *The Monsters Know What They're Doing: Combat Tactics for Dungeon Masters*. The world is a dangerous place—especially when you're up to no good. Whether you're a rampaging monster, a calculating mastermind, or the current possessor of the Golden MacGuffin, someone's going to come at you. Probably more than one someone. You can't know when, but you can choose where. You need to be ready. You need a lair. In *How to Defend Your Lair*, gamemaster Keith Ammann pulls back the curtain on an underrated but crucial part of any tabletop roleplaying game: the theater of battle. Say goodbye to encounters in randomly generated dungeons and hello to a game in which where the fight takes place is just as important as who is doing the fighting. This book teaches you how to use real-world principles of building security and area defense to create strongholds infused with flavor, informed by narrative, and complex enough to force your players to think strategically. You'll look at the strengths and weaknesses of both defenders and potential attackers, creating spaces that are strong enough to keep out ordinary intruders...and to provide thrilling challenges to extraordinary ones. Including more than a dozen fleshed-out sample strongholds, *How to Defend Your Lair* is a crucial resource for any RPG gamemaster who wants to push players to think about how to solve problems before running at them head-on.

Dungeon Keeper Official Secrets Bart Farkas, Melissa Tyler, 1997

Tired of being a hero? How about a turn as the monster? In this twist on the standard, the player is the evil monster guarding his dungeon and treasure from those bothersome hero types. This book profiles the best weapons to use against them, how to set up ambushes, and how to choose and control your own monster minions. Maps are included, as well as a special section on network play.

The Wolf King's Lair 1 Devan Drake, 2021-03-09 Dave Smith is having a bad day, week, month, maybe even year. Freshly unemployed, facing eviction and now he's been transported to a fantasy world. A wish come true for many a geek, if only he hadn't

died less than a day after he arrived. Now trapped in this fantasy realms version of purgatory, he faces the prospect of trying to navigate a new existence as a dungeon. That wouldn't be so bad, except ending dungeons seems to be the path out for many of the other denizens of these Proving Grounds. To make matters worse the deities of this place have taken a special interest in complicating his stay, for their own, as yet unstated reasons. On the upside he has a new buff and studly avatar and any sexy fantasy ladies who happen to fall in his dungeon are his to keep, to strengthen his dungeon obviously. Nudge, nudge, wink wink. Downside, most of the raiders in his region are bearded dudes or ugly and orc like. What's a guy whose life experiences include gaming and working a series of crummy customer service jobs to do. Answer. Work the system, be as obnoxiously obstinate as he can be and bend every rule like it's made of rubber. Oh and whine, just a little bit, well it is all very unfair. (This content is for mature adults, it includes explicit sex with multiple female partners, violence, profanity, actions and opinions that contravene current societal norms and legality. As well as a bit of juvenile humour, stats, levelling eventually. Contains Gamelit and Haremlit elements)

The Monsters Know What They're Doing Keith

Ammann, 2019-10-29 From the creator of the popular blog *The Monsters Know What They're Doing* comes a compilation of villainous battle plans for *Dungeon Masters*. In the course of a *Dungeons & Dragons* game, a *Dungeon Master* has to make one decision after another in response to player behavior—and the better the players, the more unpredictable their behavior! It's easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring slugfest, with enemies

running directly at the player characters and biting, bashing, and slashing away. In *The Monsters Know What They're Doing*, Keith Ammann lightens the DM's burden by helping you understand your monsters' abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don't whip out their field manuals for the first time when they're already under fire, a DM shouldn't wait until the PCs have just encountered a dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, *The Monsters Know What They're Doing* is essential reading for every DM.

your own choices. You will fight monsters, manage resources, grab treasure, dodge traps, find clues, and even accept quests from the monsters themselves. Your characters will level up, becoming more powerful with each game... IF THEY SURVIVE.

Civilization's hopes rested on an infant prince, and to protect him Gil and Rudy had to draw on newfound powers—she as a warrior, and he as a wizard. Dungeon Crawler Carl Matt Dinniman,2020-09-21 The apocalypse will be televised! A man. His ex-girlfriend's cat. A sadistic game show unlike anything in the universe: a dungeon crawl where survival depends on killing your prey in the most entertaining way possible. In a flash, every human-erected construction on Earth--from Buckingham Palace to the tiniest of sheds--collapses in a heap, sinking into the ground. The buildings and all the people inside have all been atomized and transformed into the dungeon: an 18-level labyrinth filled with traps, monsters, and loot. A dungeon so enormous, it circles the entire globe. Only a few dare venture inside. But once you're in, you can't get out. And what's worse, each level has a time limit. You have but days to find a staircase to the next level down, or it's game over. In this game, it's not about your strength or your dexterity. It's about your followers, your views. Your clout. It's about building an audience and killing those goblins with style. You can't just survive here. You gotta survive big. You gotta fight with vigor, with excitement. You gotta make them stand up and cheer. And if you do

have that it factor, you may just find yourself with a following. That's the only way to truly survive in this game--with the help of the loot boxes dropped upon you by the generous benefactors watching from across the galaxy. They call it Dungeon Crawler World. But for Carl, it's anything but a game.
