**The Crimson Lake Series** Candice Fox,2024-02-27 This ebundle of the Crimson Lake series includes: Crimson Lake, Redemption Point, and

Gone by Midnight. “Complex, human characters, and a dark, meaty story, and fine writing, and a great sense of place—this is one of the best crime thrillers of the year. Sign me up as a big-time Fox fan!”—#1 New York Times bestselling author Lee Child (on Crimson Lake) In award-winning author Candice Fox’s Crimson Lake thrillers, Australian ex-police detective Ted Conkaffey left Sydney in disgrace to find redemption in a Queensland rainforest town. But as he struggles to put his life back together, he finds himself drawn into the criminal cases of eccentric private investigator Amanda Pharrell, herself a convicted murderer. Crimson Lake — Accused but not convicted of a brutal abduction, Ted is now a free man—and public enemy number one. Maintaining his innocence, he flees north to keep a low profile amidst the steamy, croc-infested wetlands of Crimson Lake. There, Ted’s lawyer introduces him to eccentric private investigator Amanda Pharrell, herself a convicted murderer. Not entirely convinced Amanda is a cold-blooded killer, Ted agrees to help with her investigation, a case full of deception and obsession, while secretly digging into her troubled past. The residents of Crimson Lake are watching the pair’s every move . . . and the town offers no place to hide. Redemption Point — When former police detective Ted Conkaffey was wrongly accused of abducting Claire Bingley, he hoped the Queensland rainforest town of Crimson Lake would be a good place to disappear. But nowhere is safe from Claire’s devastated father. Dale Bingley has a brutal revenge plan all worked out - and if Ted doesn’t help find the real abductor, he’ll be its first casualty. Meanwhile, it’s Detective Inspector Pip Sweeney’s first homicide investigation - complicated by the arrival of private detective Amanda Pharrell to ‘assist’ on the case. For Ted and Amanda, the hunt for the truth will draw them into a violent dance with evil. Redemption is certainly on the cards - but it may well cost them their lives . . . Gone by Midnight — When Sara Farrow’s son goes missing from a locked hotel room, she frantically turns for help to Crimson Lake’s unlikeliest private investigators—disgraced cop Ted Conkaffey and convicted killer Amanda Pharrell. The disappearance couldn’t have come at a worse time for Ted; he has just this one week with Lillian, the daughter he barely knows...but the clock is ticking for the lost boy. Amanda and Ted’s search dredges up the area’s worst characters, and the danger they uncover could well put Ted’s own child in deadly peril. Raising Expectations (and Raising Hell) Jane McAlevey, Bob Ostertag, 2014-05-06 This “breath-taking trip through the union-organizing scene of America in the 21st century” reveals the victories and unconventional strategies of a renowned—and notorious—militant union organizer (Barbara Ehrenreich, author of Nickel and Dimed) In 1995, in the first contested election in the history of the AFL-CIO, John Sweeney won the presidency of the nation’s largest labor federation, promising renewal and resurgence. Today, less than 7 percent of American private-sector workers belong to a union, the lowest percentage since the beginning of the twentieth century, and public employee collective bargaining has been dealt devastating blows in Wisconsin and elsewhere. What happened? Jane McAlevey is famous—and notorious—in the American labor movement as the hard-charging organizer who racked up a string of victories at a time when union leaders said winning wasn’t possible. Then she was bounced from the movement, a victim of the high-level internecine warfare that has torn apart organized labor. In this engrossing and funny narrative—that reflects the personality of its charismatic, wisecracking author—McAlevey tells the story of a number of dramatic organizing and contract victories, and the unconventional strategies that helped achieve them. Raising Expectations (and Raising Hell) argues that labor can be revived, but only if the movement acknowledges its mistakes and fully commits to deep organizing, participatory education, militancy, and an approach to workers and their communities that more resembles the campaigns of the 1930s—in short, social movement unionism that involves raising workers’ expectations (while raising hell).

*Chipped* José Vadi,2024-04-16 A memoir-in-essays about how skateboarding re-defines space, curates culture, confronts mortality, and affords new perspectives on and off the board Chipping a board—where small pieces of deck and tape break off around the nose and tail—is a natural part of skateboarding. Novice or pro, you'll see folks riding chipped boards as symbols of their stubborn dedication toward a deck, a toy, and aging bodies that will also reach their inevitable end. In *Chipped*, José Vadi personalizes and expands upon this symbol. Written after finishing his debut collection *Inter State: Essays From California*, Vadi used these essays to explore his own empathy in aging, and to elaborate on the impact skateboarding has had on culture, power, and art. From tracing a critical mass skater takeover of San Francisco's streets, to an analysis of visceral '90s skate videos and soundtracks, to the solace found skating a parking lot during a global pandemic, Vadi expands our understanding of the ways skateboarding can alter one's life. Vadi acts as a "ethnographer on a skateboard," writing, living, and animating an object, likening the board and skate ephemera to the fear of being discarded, wanting to be seen as useful, functional, living. These essays analyze the legacy of seminal texts like *Thrasher Magazine*, influential programming giants like MTV, and skateboard artists like Ed Templeton. They imagine jazz composer Sun Ra as a skateboarder to explore sonic connections between skateboarding and jazz, obsessively follow bands, chronicle tours, and discover the creative bermuda triangle Southern California suburbs have to offer. *Chipped* is an intimate, genre-pushing meditation on skateboarding and the reasons we continue to get up after every fall life throws our way.

*Maximum PC* ,2007-01 Maximum PC is the magazine that every computer fanatic, PC gamer or content creator must read. Each and every issue

is packed with punishing product reviews, insightful and innovative how-to stories and the illuminating technical articles that enthusiasts crave.

*Sticker* Henry Hoke, *Object Lessons* is a series of short, beautifully designed books about the hidden lives of ordinary things. Stickers adorn our first memories, dot our notebooks and our walls, are stuck annoyingly on fruit, and accompany us into adulthood to announce our beliefs from car bumpers. They hold surprising power in their ability to define and provoke, and hold a strange steadfast presence in our age of fading physical media. Henry Hoke employs a constellation of stickers to explore queer boyhood, parental disability, and ancestral violence. A memoir in 20 stickers, *Sticker* is set against the backdrop of the encroaching neo-fascist presence in Hoke's hometown of Charlottesville, Virginia, which results in the fatal terrorist attack of August 12th and its national aftermath. *Object Lessons* is published in partnership with an essay series in *The Atlantic*.--

**The Comics Journal #304** Gary Groth, Simon Hanselmann, 2019-09-25 *The Comics Journal #304* features Gary Groth in conversation with outspoken Tasmanian cartoonist Simon Hanselmann, who discusses how his tragicomedy webcomic starring a witch, a cat, and an owl became an internationally acclaimed, best-selling phenomenon, collected in books such as *Megahex* and *Bad Gateway*. This issue also highlights the labor and economics issues facing the medium — the past and future of organizing a comics union, work-for-hire contracts, and how comic conventions can better serve creators — with the Journal's hallmark candor. Other features include an exclusive look at the unfinished graphic novel that Eisner and Geisel Award winner Geoffrey Hayes was working on before his untimely death in 2017, a peak inside the lush sketchbook of Sophie Franz, a timely work by Brazilian cartoonist Laura Lannes, a reconsideration of the comics canon by Skin Horse cartoonist Shaenon K. Garrity, and more!

[So You Think You're American](#) Iriowen Thea Ojo, 2014-07-22 Ekina was made in America with African parts, but unfortunately this has never made him indestructible. Precocious at ten years old, Ekina knows that physical strength won't help him fend off his overbearing parents, cruel teachers, and one-sided romance. It won't help him save his baby sister from their traditionally-misogynist father or protect his little brother from their mother's expectations either, although it might've helped him master an adagio—if he hadn't quit ballet class. Nigerian boys don't wear pointe shoes, and anyway, who does he think he is...an American? "So You Think You're American" is a novel about growing up in that world between foreign and native cultures. Poignant, funny, and sometimes hopelessly heartbreaking, "So You Think You're American" will evoke profound emotions, tears or laughter, in even the most stoic of readers.
