**Hollywood Victory** Christian Blauvelt,2021-11-02 From the Turner Classic Movies Library: Film and history buffs alike will enjoy this engrossing story of Hollywood's involvement in World War II, as it's never before been told. Remember a time when all of Hollywood—with the expressed encouragement and investment of the government—joined forces to defend the American way of life? It was World War II and the gravest threat faced the nation, and the world at large. Hollywood answered the call to action. This is the riveting tale of how the film industry enlisted in the Allied effort during the second World War—a story that started with staunch isolationism as studios sought to maintain the European market and eventually erupted into impassioned support in countless ways. Industry output included war films depicting battles and reminding moviegoers what they were fighting for, home-front stories designed to boost the morale of troops overseas, and even musicals and comedies that did their bit by promoting the Good Neighbor Policy with American allies to the south. Stars like Carole Lombard—who lost her life returning from a war bond-selling tour—Bob Hope, and Marlene Dietrich enthusiastically joined USO performances and risked their own health and safety by entertaining troops near battlefronts; others like James Stewart and Clark Gable joined the fight themselves in uniform; Bette Davis and John Garfield created a starry haven for soldiers in their founding of the Hollywood Canteen. Filmmakers Orson Welles, Walt Disney, Alfred Hitchcock, and others took breaks from thriving careers to make films aiming to shore up alliances, boost recruitment, and let the folks back home know what beloved family members were facing overseas. Through it all, a story of once-in-a-century unity—of a collective need to stand up for humanity, even if it means risking everything—comes to life in this engrossing, photo-filled tale of Hollywood Victory.

**God in a Cup** Michaela Weissman,2011-06-01 Follow the ultimate coffee geeks on their worldwide hunt for the best beans. Can a cup of coffee reveal the face of God? Can it become the holy grail of modern-day knights errant who brave hardship and peril in a relentless quest for perfection? Can it change the world? These questions are not rhetorical. When highly prized coffee beans sell at auction for \$50, \$100, or \$150 a pound wholesale (and potentially twice that at retail), anything can happen. In God in a Cup, journalist and late-blooming adventurer Michaela Weissman treks into an exotic and paradoxical realm of specialty coffee where the successful traveler must be part passionate coffee connoisseur, part ambitious entrepreneur, part activist, and part Indiana Jones. Her guides on the journey are the nation's most heralded coffee business hotshots: Counter Culture's Peter Giuliano, Intelligentsia's Geoff Watts, and Stumptown's Duane Sorenson. With their obsessive standards and fiercely competitive baristas, these roasters are creating a new culture of coffee connoisseurship in America—a culture in which \$10 lattes are both a purist's pleasure and a way to improve the lives of third-world farmers. If you love a good cup of coffee—or a great adventure story—you'll love this unprecedented up-close look at the people and passions behind today's best beans. “Weissman illustrates how the origin, flavor compounds and socioeconomic impact of a cup of coffee are relevant now more than ever. . . . Tagging along behind the main characters in today's specialty coffee scene, [she] travels from the exotic to the expected to artfully deconstruct the connoisseur's cup of coffee.” —Publishers Weekly

**Where the Wild Coffee Grows** Jeff Koehler, 2017-11-14 Enchanting . . . An absorbing narrative of politics, ecology, and economics.--New York Times Book Review (Editor's Choice) A must-read for coffee enthusiasts.--Smithsonian (Best of the Year) Reads like an engaging multimystery detective novel.--Wall Street Journal Fascinating . . . How a local crop transformed into a global commodity.--Real Simple (Best of the Month) Coffee is one of the largest and most valuable commodities in the world. This is the story of its origins, its history, and the threat to its future, by the IACP Award-winning author of *Darjeeling*. Located between the Great Rift Valley and the Nile, the cloud forests in southwestern Ethiopia are the original home of Arabica, the most prevalent and superior of the two main species of coffee being cultivated today. Virtually unknown to European explorers, the Kafa region was essentially off-limits to foreigners well into the twentieth century, which allowed the world's original coffee culture to develop in virtual isolation in the forests where the Kafa people continue to forage for wild coffee berries. Deftly blending in the long, fascinating history of our favorite drink, award-winning author Jeff Koehler takes readers from these forest beginnings along the spectacular journey of its spread around the globe. With cafés on virtually every corner of every town in the world, coffee has never been so popular--nor tasted so good. Yet diseases and climate change are battering production in Latin America, where 85 percent of Arabica grows. As the industry tries to safeguard the species' future, breeders are returning to the original coffee forests, which are under threat and swiftly shrinking. The forests around Kafa are not important just because they are the origin of a drink that means so much to so many, writes Koehler. They are important because deep in their shady understory lies a key to saving the faltering coffee industry. They hold not just the past but also the future of coffee.

**Love is Served** Seizan Dreux Ellis, Café Gratitude, 2020-04-07 Bright, clean, and hip recipes to enchant vegans, vegetarians, and omnivores alike, from plant-based haven Café Gratitude. Before it was a fixture on the L.A. dining scene and a magnet for celebrity diners, Café Gratitude was founded in the Bay Area with the simple ethos that joy derives from loving and being grateful for food, health, and good company. The dishes are named to double as affirmations of self. I Am Fearless, I Am Humble, and I Am Open-Hearted nod to the restaurant's core belief that food is just as much about spirit as it is about appetite. Since then, the café has evolved quite a bit. It's changed locations, expanded, and been the backdrop for more paparazzi shots than one can count. But the founding principles have remained the same, and the food continues to celebrate the flavors of plants with organic, from-scratch, and healthful ingredients free of animal products, processed soy, and, in almost all cases, refined sweeteners. Now, with *Love is Served*, Seizan Dreux Ellis, executive chef at Café Gratitude, brings Gratitude-quality meals to your table and the soul and mission of the restaurant to your home. Indulge in café favorites I Am Awakening (Raw Key Lime Pie) and I Am Passionate (Black Lava Cake) while cooking up hearty, nourishing dishes like Grilled Polenta with Mushroom Ragout (I Am Warm-Hearted) and Radicchio, Roasted Butternut Squash, and Sundried Tomato Pesto Grain Salad (I Am Gracious). With unfussy methods and easy-to-access ingredients, this cookbook makes the wholesome satisfaction of the restaurant as accessible as ever for the home cook as it charms and inspires readers to change the way they look at food.

Fodor's Los Angeles' 25 Best Emma Stanford, 2010 A shirt-pocket guide to Los Angeles, this slim book includes an excellent map of the center of the city and essential information on its highlights, including restaurant recommendations and sightseeing.

1888 la Amalia a Coffee Novel by Maria Amalia Robbin Paula Fernandez Gaviria, Natalia Gómez Salazar, 2021-11-16 Nothing better than a good story! Especially when it's your own family's story and it's full of history, drama, romance, spies, love affairs, entrepreneurship, intrigue, passion and power! The story goes back 200 years

when some of the first coffee seeds arrived in Colombia and nobody knew how to plant them. The Ottoman Empire had had the monopoly on coffee for 300-400 years and therefore it took one of my ancestors approximately 15 years of trial and error in order to figure out the best way to plant the seeds that had Europe, The Middle East and North America captivated. Years later, my great grandparents perfected the technique and started their own plantation called La Amalia in 1888. In 1906, my great grandmother Amalia became a widow with 5 children. Everybody thought she should sell the plantation since she was a woman, but she declined. By 1920 she was one of the largest coffee exporters of Colombia!!! This coffee table book tells a little bit about our family history and also teaches many basic coffee making principles and recipes so that people can make the best coffee at home. I also included some fabulous baked goods recipes that go perfectly well with coffee so that people can practice making both (the coffee as well as the treats) and then sit and enjoy them while they read the rest of the books about my family which will be coming out soon!!!!
