Confessions of a Crabgrass Cowboy:from L William Schwarz,2007-09 Confessions Of a Crabgrass Cowboy is a tale about coming of age in a fresh and eccentric environment called suburbia. As a personal memoir, the book details the vicissitudes of replacing playground bullies with Playboy Playmates, while simultaneously preparing daily for the Armageddon we were promised was right around the corner. Confessions Of a Crabgrass Cowboy also chronicles the cultural quirks of the era itself-Dick and Jane, CONELRAD, Charles Atlas, Tupperware(R), X-Ray spectacles, coon skin caps, and anatomically correct dolls are but a handful-that we now so closely and warmly associate with this distinctive period in American history. Were Dick and Jane the only children in American without a surname? Did Battle Creek, Michigan really exist? Were the prodigious privates of John Dillinger really placed briefly on display at the world-renowned Smithsonian Institute? Were the lyrics of the Kingsmen's 1963 one-hit-wonder Louie Louie as obscenity-laced as many believed? What hapless sitcom blew the lid off the unspoken toilet taboo by exposing millions of viewers to the interior of an American bathroom for the first time? So saddle up for a leisurely ride back in time and discover what all the fuss was really about.

Pain Woman Takes Your Keys, and Other Essays from a Nervous System Sonya Huber,2017-03-01 Rate your pain on a scale of one to ten. What about on a scale of spicy to citrus? Is it more like a lava lamp or a mosaic? Pain, though a universal element of human experience, is dimly understood and sometimes barely managed. Pain Woman Takes Your Keys, and Other Essays from a Nervous System is a collection of literary and experimental essays about living with chronic pain. Sonya Huber moves away from a linear narrative to step through the doorway into pain itself, into that strange, unbounded reality. Although the essays are personal in nature, this collection is not a record of the author's specific condition but an exploration that transcends pain's airless and constraining world and focuses on its edges from wild and widely ranging angles. Huber addresses the nature and experience of invisible disability, including the challenges of gender bias in our health care system, the search for effective treatment options, and the difficulty of articulating chronic pain. She makes pain a lens of inquiry and lyricism, finds its humor and complexity, describes its irascible character, and explores its temperature, taste, and even its beauty.
