**Mastering the Law of Attraction** J.D. Rockefeller,2016-06-28 You get what you think. Like attracts like. You attract what you focus on. You have probably been hearing these statements again and again in the last two decades. Is it true? Although it sounds interesting, some skeptics believe that the law of attraction really works. Why shouldn't it? We always tend to get what we focus on. When we focus on the fact that a job interview is going to be a disaster, it usually does turn into one. When we think about how we are going to panic when we enter the examination hall, the likelihood is that that's exactly what's going to happen. These are experiences that many of us have gone through. As usual, most of us find it

easier to remember the negative events and not the positive events. If we focus on something negative and it happens, then we can surely focus on something positive and it will happen too. This is the general premise of the law of attraction. Made popular by the book *The Secret* and the movie by the same name, the law of attraction is quite simple. It just says that like attracts like. So, if you focus on bad things, you will attract disaster. If you focus on good things, you will attract happiness. But this is easier said than done. It seems to sound easy, but many people find it difficult when they try to follow this principle. They want something, they focus on the lack of it, and that's what they get...lack of it. This is where most people tend to go wrong. The law of attraction is about focusing on abundance and not on lack. So, if you focus on the fact that you already have what you desire, you will get it. But if you focus on the fact that you don't have something and would like to have it, you never get it. In that case, how can you use the law of attraction to manifest your desires and your dreams into reality? Many people have been successful in manifesting their desire for money, a soul mate, a house, a great career, and so on and so forth. You can too. Just read this guide that aims to help you understand how you can manifest your desires into reality and where you may go wrong.

*Law of Attraction* Michael Losier, 2009-06-08 Have you noticed that sometimes what you need just falls into place or comes to you from an out-of-the-blue telephone call? Or you've bumped into someone on the street you've been thinking about? Perhaps you've met the perfect client or life partner, just by fate or being at the right place at the right time. All of these experiences are evidence of the LAW OF ATTRACTION in your life. Have you heard about people who find themselves in bad relationships over and over again, and who are always complaining that they keep attracting the same kind of relationship? The LAW OF ATTRACTION is at work for them too. The LAW OF ATTRACTION may be defined as: "I attract to my life whatever I give my attention, energy and focus to, whether positive or negative." By reading this book you'll come to understand why and how this happens.

Total Law of Attraction David Che,2013-03-12 Now available as an eBook, a simple step-by-step guide that allows you to realistically apply the Law of Attraction to improve your life and achieve the next level of practical understanding. The Law of Attraction is one of the most popular topics in the area of self-help. At the same time, it is also one of the most misunderstood. Why is that? There are three main reasons: First, there are hundreds of Law of Attraction books available, and most either rehash the same information or completely differ on what they teach, which results in confusion. Second, the big-name experts on the Law of Attraction never teach the real secrets in their books, as they mainly try to convince you to enroll in their expensive courses, which supposedly teach the real secrets. And lastly, the majority of Law of Attraction books are either motivational and/or inspirational while lacking practicality. In this economic recession, people more than ever need the Law of Attraction to find a new job, earn more money, or simply to improve their lives. What exactly is the Law of Attraction? Plain and simple, it is the process of tapping into the hidden powers of our subconscious mind to manifest what we desire into our physical reality. Total Law Of Attraction explains in plain language that it's our emotions, not so much our thoughts, that play a greater role in attracting what we want. Total Law Of Attraction avoids the need to search through many different Law of Attraction books to get the most important information. In one book, Dr. David Che has made the most powerful secrets of the Law of Attraction accessible for any individual who seeks them.

**The Law of AttraCTION** AiR,2021-01-08 Many of us believe in the Law of Attraction. We believe that we can attract whatever we want in life by wishing for it and thinking about it, that we can realize our dreams through this magical, mystical law. But is this true? Then why is it that some people aren't able to translate their dreams into reality, despite believing in this law? It is because they do not look deeper to discover the 'real secret' within the Law of Attraction. It is the 'Law of Action', popularly known as Karma that actually works. This book will not only show us how to use the Law of Attraction and the Law of Action to make our dreams come true, but it will take us beyond this to reveal the secret of a blissful and peaceful life that is free of all misery and sorrow.

**Money, and the Law of Attraction** Esther Hicks,Jerry Hicks,2008-08-12 This Leading Edge work by Esther and Jerry Hicks, who present the teachings of the Non-Physical consciousness Abraham, explains that the two subjects most chronically affected by the powerful Law of Attraction are financial and physical well-being. This book will shine a spotlight on each of the most significant aspects of your life experience and then guide you to the conscious creative control of every aspect of your life, and also goes right to the heart of what most of you are probably troubled by: money and physical health. Not having enough money or not having good health puts you in the perfect position for creating more of that which you do not have. This book has been written to deliberately align you with the most powerful law in the universe - the Law of Attraction - so that you can make it work

specifically for you. Also included is a download link for free audio (excerpted from a live Abraham-Hicks workshop) that features the Art of Allowing your physical and financial well-being to come through.

*The Law of Attraction* Craig Beck, 2017-02-26 The Law of Attraction can easily be understood by becoming aware that 'like attracts like' or putting it another way 'you get back what you give out'. Sounds simple, but how do you make it an automatic part of your being? An essential component of the Law of Attraction is realizing that where you fix your attention can have a powerful impact on what happens to you. However, despite what you may have been told your ability to manifest the life of your dreams has nothing to do with positive thinking and affirmations. Think anything you want but unless you believe it, you will not be sending the right vibrations out into the universe to have it appear. You see, everything in the world is just energy vibrating at different frequencies. The sports car you want is just the same as you, a collection of atomic particles fluctuating at a precise frequency to generate its physical form. If you want the sports car in your life you simply have to send out the intention resonating at the exact same frequency. You may be wondering if this is all true then why do so many people continue to suffer with poverty, lack and want. Most people simply dismiss this theory as 'new age mumbo jumbo', but this is a law and just like any other it doesn't care whether you believe or not. The law of gravity applies its force on you regardless of what you believe and so does the law of attraction. Even though there is a great deal of value to even merely finding out what the Law of Attraction is, this profound book takes you to an advanced level of understanding. In short, if you implement everything you read in this book your life will change more positively and dramatically than you may have ever believed possible. You will come to be more attentive to underlying negativity and can begin to combat it with new beliefs and sensations that better reflect your constructive vision of the upcoming future. This ongoing focus on self-reflection also allows you to start seeing what you really want from your life, and you can then advance to developing clearer objectives with actionable steps at every stage. Broken down into seven powerful chapters, each dealing with an important area of your life. This book has the power to deliver the life of your dreams but remember whether you believe that claim or not, you are right! If you can open your mind to a concept that has already changed the lives of thousands then you have truly found the genie's lamp! - How to attract money using the law of attraction - Living in abundance - Find your soul mate and more love than you thought possible - Manifest perfect health and vitality - Ask believe receive - Becoming fearless [www.CraigBeck.com](http://www.CraigBeck.com)
