**The Quran** Allah,2023-12-16 The Quran is the central religious text of Islam, believed by Muslims to be a revelation from Allah.Muslims regard the Quran as Muhammad's most important miracle; a proof of his prophethood; and the culmination of a series of divine messages. The Quran describes itself as a book of guidance for mankind. It offers detailed accounts of specific historical events, and it often emphasizes the moral significance of an event over its narrative sequence.The Quran consists of 114 chapters of varying lengths, each known as a sūrah. Chapters are classified as Meccan or Medinan, depending on whether the verses were revealed before or after the migration of Muhammad to the city of Medina. Each sūrah consists of several verses, known as āyāt, which originally means a sign or evidence sent by God. The Quranic content is concerned with basic Islamic beliefs including the existence of God and the resurrection. Narratives of the early prophets, ethical and legal subjects, historical events of Muhammad's time, charity and prayer also appear in the Quran. The Quranic verses contain general exhortations regarding right and wrong and historical events are related to outline general moral lessons. In this edition of Quran the sūrahs are ordered chronologically.

*La transmission écrite du Coran dans les débuts de l'islam* François Déroche,2009-05-25 This book is based on a study of the peculiarities of one of the earliest Qurʾānic manuscripts preserved (the codex Parisino-petropolitanus, 7th century); it provides an analysis of the conditions of the written transmission of the Qurʾān and reconsiders the constitution of the canonical version. Ce livre, qui étudie les particularités d'un des plus anciens manuscrits coraniques conservés (le codex Parisino-petropolitanus, 7e siècle), analyse les conditions de la transmission écrite du Coran et reconsidère la façon dont s'est constituée la version canonique.

**The Koran (Al-Qur'an)** G. Margoliouth,J. M. Rodwell,2017-12-14 This is an English translation of the central religious text of Islam, which Muslims believe to be a revelation from God (Allah). It is widely regarded as the finest work in classical Arabic literature. The Quran is divided into chapters (surah in Arabic), which are then divided into verses (ayah). Muslims believe that the Quran was verbally revealed by God to Muhammad through the angel Gabriel (Jibril), gradually over a period of approximately 23 years, beginning on 22 December 609 CE, when Muhammad was 40, and concluding in 632, the year of his death. Muslims regard the Quran as the most important miracle of Muhammad, a proof of his prophethood, and the culmination of a series of divine messages that started with the messages revealed to Adam and ended with Muhammad. The word Quran occurs some 70 times in the text of the Quran, although different names and words are also said to be references to the Quran.

**The Quran** Muhammad,2018-09-30 The Quran is the central religious text of Islam, which Muslims believe to be a revelation from God (Allah). It is widely regarded as the finest work in classical Arabic literature. The Quran is divided into chapters (surah in Arabic), which are then divided into verses (ayah). Muslims believe that the Quran was verbally revealed by God to Muhammad through the angel Gabriel (Jibril),[6][7] gradually over a period of approximately 23 years, beginning on 22 December 609 CE, when Muhammad was 40, and concluding in 632, the year of his death. Muslims regard the Quran as the most important miracle of Muhammad, a proof of his prophethood, and the culmination of a series of divine messages that started with the messages revealed to Adam and ended with Muhammad. The word Quran occurs some 70 times in the text of the Quran, although different names and words are also said to be references to the Quran. According to the traditional narrative, several companions of Muhammad served as scribes and were responsible for writing down the revelations. Shortly after Muhammad's death, the Quran was compiled by his companions who wrote down and memorized parts of it. These codices had differences that motivated the Caliph Uthman to establish a standard version now known as Uthman's codex, which is generally considered the archetype of the Quran known today. There are, however, variant readings, with mostly minor differences in meaning. The Quran assumes familiarity with major narratives recounted in the Biblical scriptures. It summarizes some, dwells at length on others and, in some cases, presents alternative accounts and interpretations of events. The Quran describes itself as a book of guidance for mankind 2:185. It sometimes offers detailed accounts of specific historical events, and it often emphasizes the moral significance of an event over its narrative sequence. Hadith are additional oral and written traditions supplementing the Quran; from careful authentication they are believed to describe words and actions of Muhammad, and in some traditions also those closest to him. In most denominations of Islam, the Quran is

used together with hadith to interpret sharia (Islamic) law; in a small number of denominations, only the Quran is used as a source. During prayers, the Quran is recited only in Arabic. Someone who has memorized the entire Quran is called a hafiz. Quranic verse (ayah) is sometimes recited with a special kind of elocution reserved for this purpose, called tajwid. During the month of Ramadan, Muslims typically complete the recitation of the whole Quran during tarawih prayers. In order to extrapolate the meaning of a particular Quranic verse, most Muslims rely on exegesis, or tafsir.

**The Silent Qur'an and the Speaking Qur'an** Mohammad Ali Amir-Moezzi,2015-12-08 Two major events occurred in the early centuries of Islam that determined its historical and spiritual development in the centuries that followed: the formation of the sacred scriptures, namely the Qur'an and the Hadith, and the chronic violence that surrounded the succession of the Prophet, manifesting in repression, revolution, massacre, and civil war. This is the first book to evaluate the writing of Islam's major scriptural sources within the context of these bloody, brutal conflicts. Conducting a philological and historical study of little-known though significant ancient texts, Mohammad Ali Amir-Moezzi rebuilds a Shi'ite understanding of Islam's early history and the genesis of its holy scriptures. At the same time, he proposes a fresh interpretative framework and a new data set for theorizing the early history of Islam, isolating the contradictions between Shi'ite and Sunni sources and their contribution to the tensions that rile these groups today.

**What the Qur'an Meant** Garry Wills,2018-12-04 America's leading religious scholar and public intellectual introduces lay readers to the Qur'an with a measured, powerful reading of the ancient text Garry Wills has spent a lifetime thinking and writing about Christianity. In *What the Qur'an Meant*, Wills invites readers to join him as he embarks on a timely and necessary reconsideration of the Qur'an, leading us through perplexing passages with insight and erudition. What does the Qur'an actually say about veiling women? Does it justify religious war? There was a time when ordinary Americans did not have to know much about Islam. That is no longer the case. We blundered into the longest war in our history without knowing basic facts about the Islamic civilization with which we were dealing. We are constantly fed false information about Islam—claims that it is essentially a religion of violence, that its sacred book is a handbook for terrorists. There is no way to assess these claims unless we have at least some knowledge of the Qur'an. In this book Wills, as a non-Muslim with an open mind, reads the Qur'an with sympathy but with rigor, trying to discover why other non-Muslims—such as Pope Francis—find it an inspiring book, worthy to guide people down through the centuries. There are many traditions that add to and distort and blunt the actual words of the text. What Wills does resembles the work of art restorers who clean away accumulated layers of dust to find the original meaning. He compares the Qur'an with other sacred books, the Old Testament and the New Testament, to show many parallels between them. There are also parallel difficulties of interpretation, which call for patient exploration—and which offer some thrills of discovery. *What the Qur'an Meant* is the opening of a conversation on one of the world's most practiced religions.

*New Researches on the Quran: Why and How Two Versions of Islam Entered the History of Mankind* Dr. Seyed Mostafa Azmayesh,2016-01-07 This book focuses on the time before the Quran and the emergence of Islam. The research delves into the origin of the Quran, using its verses alongside investigative works which support various new theories. The Quran is a written document which, according to recent discoveries such as, the recently discovered world's oldest Quran manuscript at the University of Birmingham, can be traced to the lifetime of Prophet Mohammad. It focuses on the time preceding Islam and highlights the relationships that are pivotal for understanding the development of Islam. The danger posed by false interpretations of the Quran has become increasingly more serious from first appearance of Islam until today, the result of which we can see clearly in our current world. Hence the Quran itself is the most important document to be researched and studied for resolving the problems caused by its false interpretation.

*Qur'an and Woman* Amina Wadud,1999-06-10 Fourteen centuries of Islamic thought have produced a legacy of interpretive readings of the Qu'ran written almost entirely by men. Now, with *Qu'ran and Woman*, Amina Wadud provides a first interpretive reading by a woman, a reading which validates the female voice in the Qu'ran and brings it out of the shadows. Muslim progressives have long argued that it is not the religion but patriarchal interpretation and implementation of the Qu'ran that have kept women oppressed. For many, the way to reform is the reexamination and reinterpretation of religious texts. *Qu'ran and Woman* contributes a gender

inclusive reading to one of the most fundamental disciplines in Islamic thought, Qu'ranic exegesis. Wadud breaks down specific texts and key words which have been used to limit women's public and private role, even to justify violence toward Muslim women, revealing that their original meaning and context defy such interpretations. What her analysis clarifies is the lack of gender bias, precedence, or prejudice in the essential language of the Qur'an. Despite much Qu'ranic evidence about the significance of women, gender reform in Muslim society has been stubbornly resisted. Wadud's reading of the Qu'ran confirms women's equality and constitutes legitimate grounds for contesting the unequal treatment that women have experienced historically and continue to experience legally in Muslim communities. The Qu'ran does not prescribe one timeless and unchanging social structure for men and women, Wadud argues lucidly, affirming that the Qu'ran holds greater possibilities for guiding human society to a more fulfilling and productive mutual collaboration between men and women than as yet attained by Muslims or non-Muslims.

L'autorité religieuse et ses limites en terres d'islam ,2013-03-15 Through various case studies in Central Asia, throughout the Ottoman Empire, in the Balkans and in Turkey, this book discusses the religious authority exercised by different actors and the limits, whether theological, political, social or institutional, they are confronted with. A travers différents cas d'étude en Asie centrale, dans l'Empire ottoman, les Balkans et en Turquie, ce livre analyse l'autorité religieuse exercée par différents acteurs ainsi que les limites théologiques, politiques, sociales ou institutionnelles auxquelles ils se heurtent.

**La Bible, le Coran et la science** Maurice Bucaille,2003-01-29 Grâce à une étude objective des textes, Maurice Bucaille bouleverse nombre d'idées reçues sur l'Ancien Testament, les Évangiles et le Coran, cherchant à distinguer dans cet ensemble ce qui appartient à la Révélation de ce qui est entaché d'erreurs ou d'interprétations humaines. Son examen éclaire d'un jour nouveau les Livres saints. Au terme d'une lecture passionnante, il place le croyant devant un point capital : la continuité d'une Révélation émanant d'un même Dieu, avec des modes d'expression différents dans le temps. Ce qui conduit à méditer les facteurs qui, de nos jours, devraient spirituellement unir et non pas diviser juifs, chrétiens et musulmans.

**Quran: A Simple English Translation (Goodword ! Koran)** Maulana Wahiduddin Khan (Translator) ,2013-12-19 The Quran, a book which brings glad tidings to mankind along with divine admonition, stresses the importance of man's discovery of truth on both spiritual and intellectual planes. Every book has its objective and the objective of the Quran is to make man aware of the Creation plan of God. That is, to tell man why God created this world; what the purpose is of settling man on earth; what is required from man in his pre-death life span, and what he is going to confront after death. The purpose of the Quran is to make man aware of this reality, thus serving to guide man on his entire journey through life into the after-life. The main themes of the Quran are enlightenment, closeness to God, peace and spirituality. The Quran uses several terms, tawassum, tadabbur, and tafakkur, which indicate the learning of lessons through reflection, thinking and contemplation on the signs of God scattered across the world. The present translation of the Quran and its explanatory notes are written keeping in mind these very themes. Koran, Qur'an, Coran, Kuran, Islam, Prophet Muhammad

**Befriending the Quran** Ayesha Syahira, In life, we always have that one friend whom we turn to in times of happy and sad, good or bad. As Muslims, can that 'friend' be our Quran? Can the Quran be the one that you turn to when you need to be uplifted, comforted and are in need of answers? \*\*\* In this book, author Ayesha Syahira shares the journey she took when she decided to make the Quran the companion she loves and trusts. Building a relationship with the Quran cannot happen in one day. It will take years. It will require patience, and persistence. Each of us will have our own personal journey of connecting with the Quran and nurturing love towards the Quran. The steps and stories might vary from one person to another but the goal is the same —to always be close to your Quran.
