*Sor Juana Inés de la Cruz* Pamela Kirk Rappaport, 1998 The seventeenth-century Mexican nun, scholar, and writer Sor Juana has inspired numerous literary studies, including works by Octavio Paz, George Tavard, M. Sayers Peden, Jean Franco, Alan Trueblood, E. Arenal, and A. Powell. In contrast, Kirk offers a theological analysis of the less frequently studied religious writings that comprise two-thirds of Sor Juana's oeuvre. -- Back cover.

**Speaking (La Parole)** Georges Gusdorf, 1965 Speaking is an introduction to the philosophy of language from an existential and phenomenological point of view. Gusdorf's central concern is to analyze speech within the context of human reality. Speech is an abstraction, but speaking is not, he says. Speaking expresses the experimental and dialectical relation of man, nature, and society. It is through speaking that nature is sublimated into the meant and expressive world of human reality.

**The Unthought Debt** Marlène Zarader, 2006 Drawing on Heidegger's corpus, the work of historians and biblical specialists, and contemporary philosophers like Levinas and Derrida, Zarader brings to light the evolution of an *impensé*—or unthought thought—that bespeaks a complex debt at the core of Heidegger's hermeneutic ontology. Zarader argues forcefully that in his interpretation of Western thought and culture, Heidegger manages to recognize only two main lines of inheritance: the Greek line of philosophical thinking, and the Christian tradition of faith. From this perspective, Heidegger systematically avoids any explicit or meaningful recognition of the contribution made by the Hebraic biblical and exegetical traditions to Western thought and culture. Zarader argues that this avoidance is significant, not simply because it involves an inexcusable historical oversight, but more importantly because Heidegger's own philosophical project draws on and develops themes that appear first, and fundamentally, within the very Hebraic traditions that he avoids, betraying an unthought debt to Hebraic tradition.

The Bible and Poetry Michael Edwards, 2023-08-15 A fresh, provocative look at the link between poetry and Christianity, both as it relates to the Bible itself as well as to Christian and religious life, by an accomplished scholar. The Bible is full of poems. In the Old Testament, there are the Psalms and the Song of Songs, the great exhortations and lamentations of the Prophets, and passages of poetry woven in throughout. In the New Testament, Jesus describes the kingdom of heaven with poetic epithets such as “a treasure hid in a field,” calling the Son of God “the true vine,” “the light of the world,” “the good shepherd,” and “the way, the truth, and the life.” The Gospels reverberate with allusions to the poetry of the Old Testament; the last book of all is Revelation, a visionary poem. The Bible, in other words, asks to be read poetically from start to end, and yet readers have rarely considered what that might mean, much less heeded that call. In *The Bible and Poetry*, the poet and scholar Michael Edwards reshapes our understanding of the Bible and religious belief, arguing that poetry is not an ornamental or accidental feature but is central to both. He speaks

personally of his early, unanticipated, transformative encounters with scripture. He offers close, insightful, and resonant readings of biblical passages. Poetry, as he sees it, is the vital and necessary medium of the Creator's word, and the truth of the Bible is not a question of precepts and propositions but of a direct experience of its poetry, its power.

*Playthings in Early Modernity* Allison Levy, 2017-02-22 An innovative volume of fifteen interdisciplinary essays at the nexus of material culture, performance studies, and game theory, *Playthings in Early Modernity* emphasizes the rules of the game(s) as well as the breaking of those rules. Thus, the titular plaything is understood as both an object and a person, and play, in the early modern world, is treated not merely as a pastime, a leisurely pursuit, but as a pivotal part of daily life, a strategic psychosocial endeavor.

**Interrupting Tradition** Lieven Boeve, 2003-06-30 Not so long ago it would have been fair to say that the Catholic Church and the Catholic faith determined human life and social existence, more or less unquestioned, in Flanders and in a large part of Western Europe. The Catholic faith community in Flanders today, however, is struggling with the fact that the transmission of the Christian tradition has been flagging in recent years. This has not only led to diminished faith engagement and a massive decline in church attendance, it has also had its effects in the cultural domain: culture has become de-traditionalised; 'traditional' Christian culture is worn out. Even convinced Christians are having problems reflecting on the plausibility of their faith, precisely because of the chasm that has opened up between faith and culture. The author of the present study argues that every new context challenges the Christian tradition to recontextualise its presentation of meaning and purpose in a cogent and credible fashion. Christians today do themselves a disservice when they withdraw into a world of absolute self-justification. At the same time, however, the author avoids any form of appeal for an extensive adaptation to the postmodern context. Only a new dialogue between tradition and culture, respectful of (and indeed thanks to) the growing division between both, can claim to offer a future. In the first part of the book the author provides a pithy description of the vicissitudes of the Christian tradition in modernity and postmodernity. Against this background, he attempts to clarify the situation in which the Christian tradition finds itself today. The second part of the book is devoted to an analysis of the actual context with a view to establishing points of intersection on the basis of which the dialogue between faith and culture may be revived. The third part of the book endeavours to provide this dialogue with concrete form. The reader is introduced to a challenging image of Jesus, an image that is contextual and theologically motivated, prior to being

invited by the author into a reopened reflection on God. The volume concludes by drawing renewed attention to the place of the Christian faith in relation to the other world religions. The results of Boeve's study reveal that Christians do indeed have the capacity to reflect on their faith in a credible and relevant manner in relation to the actual context in which they find themselves and without relapsing into the extremes of traditionalism or relativism. Lieven Boeve is professor of Fundamental Theology at the Faculty of Theology, K.U.Leuven (Belgium). He is also co-ordinator of the research group Theology in a postmodern context.

**Miraculous Realism** Niels Niessen, 2020-03-01 At the 1999 Cannes Film Festival, two movies from northern-Francophone Europe swept almost all the main awards. Rosetta by the Walloon directors Jean-Pierre and Luc Dardenne won the Golden Palm, and L'humanité by the French director Bruno Dumont won the Grand Prize; both won acting awards as well. Taking this miracle of Cannes as the point of departure, Niels Niessen identifies a transregional film movement in the French-Belgian border region—the Cinéma du Nord or cinema of the North. He examines this movement within the contexts of French and Belgian national cinemas from the silent era to the digital age, as well as that of the new realist tendency in world cinema of the last three decades. In addition, he traces, from a northern perspective, a secular-religious tradition in Francophone-European film and philosophy from Bresson and Pialat, via Bazin, Deleuze, and Godard, to the Dardennes and Dumont, while critiquing this tradition for its frequent use of a humanist vocabulary of grace for a secular world. Once a cradle of the Industrial Revolution, the Franco-Belgian Nord faced economic crisis for most of the twentieth century. Miraculous Realism demonstrates that the Cinéma du Nord's rise to prominence resulted from the region's endeavor to reinvent itself economically and culturally at the crossroads of Europe after decades of recession.

**Chartier in Europe** Emma Cayley, Ashby Kinch, 2008 The significance of the works of Alain Chartier in the development of European literature.

**Joy Renewed** Benjamin Fischer, Cedric Kanana, 2021-07-23 Countless Americans suffer from chronic joylessness through meaningless work and the loss of significant human connection. Often called an age of despair, late modernity desperately needs joy, and although Christians are the ones who have access to it, many have tragically forgotten how to find it. Joy Renewed takes a hard look at what afflicts Western society, including Christians, and provides a reorientation of life that opens the heart to God's good design. Fischer and Kanana bring together truth from biblical narratives with glittering insights from the experience of East African suffering to dissect contemporary social ills and offer a layered prescription for rediscovering joy.

**William Shakespeare Complete Works Second Edition** William Shakespeare, 2022-05-03 The newly revised, wonderfully authoritative First Folio of William Shakespeare's Complete Works, edited by acclaimed Shakespearean scholars and endorsed by the world-famous Royal Shakespeare Company Skillfully assembled by Shakespeare's fellow actors in 1623, the First Folio was the original Complete Works—arguably the most important literary work in the English language. But starting with Nicholas Rowe in 1709 and continuing to the present day, Shakespeare editors have mixed Folio and Quarto texts, gradually corrupting the original Complete Works with errors and conflated textual variations. The second edition of the Complete Works features annotations and commentary from Jonathan Bate and Eric Rasmussen—two of today's preeminent Shakespeare scholars—as well as cutting-edge textual design, on-page glossaries for contemporary readers, stage directions from RSC directors, a sixteen-page insert of photographs from RSC

production shorts, a timeline of the plays and poems, and family trees for the Histories. Combining innovative scholarship with brilliant commentary and textual analysis that emphasizes performance history and values, this landmark edition is indispensable to students, theater professionals, and general readers alike.
