Learning Mandarin Chinese Characters Volume 1 Yi Ren, 2017-02-28 Reinforce your written Chinese with this practice book for the best-selling Tuttle Learning Chinese Characters. Learning Mandarin Chinese Characters helps students quickly learn the basic Chinese characters that are fundamental to the language. Intended for self-study and classroom use, this character workbook presents 178 Chinese characters and over 534 common words using these characters. These are the characters and words students need to know if they plan to take the official Chinese government HSK Level 1 Exam or the Advanced Placement (AP) Chinese Language and Culture Exam. Each character is presented in a very simple and clear way. A step-by-step diagram shows how to write the character, and boxes are provided for freehand writing practice. The meaning and pronunciation are given along with the key vocabulary compounds and an example sentence. Review exercises reinforce the learning process and an index at the back allow you to look up the characters according to their English meanings or romanized Hanyu Pinyin pronunciation. Key features of this Chinese workbook include: Designed for HSK Level 1 and AP exam prep Learn the 178 most basic Chinese characters Example sentences and over 534 vocabulary items Step-by-step writing diagrams and practice boxes

Easy Way to Learn Chinese Through English in 30 days Shelly Verma, SHELLY VERMA is a Guest-Lecturer at University of Delhi and also a Chinese language faculty at Bhartiya Vidya Bhawan. She did Post Graduation in Management (Marketing & HR) from All India Management Association. Simultaneously she did Advanced Diploma in Chinese language from Department of East Asian Studies, University of Delhi. She has also completed an Advanced Diploma in Chinese language from Bhartiya Vidya Bhawan. She also did B.Ed. from MDU, Rohtak. Her keen interest in Chinese language made her qualify HSK Level 5. After completing her studies in Chinese language, she was selected by CBSE as a Master trainer of Chinese language. Later, she taught Mandarin in various institutes and international schools. With an experience of almost 8 years, she went to Taiwan for an Advanced Teacher Training programme.

Her purpose of writing this book is to meet the needs of a layman interested in learning Chinese language with basic grammar and sentence constructions in the shortest possible time. This book covers basic to intermediate Chinese grammar for sentence formation, greeting people, time, family, business communication, commonly used vocabulary, conversations- in hotel, at the airport, at the railway station, in the market, during telephone calls, etc. Chinese characters, Romanization and English sentences are given in each lesson to make it easier for the students to communicate with confidence.

Hacking Chinese Olle Linge, 2016-03-26 Learning Chinese can be frustrating and difficult, partly because it's very different from European languages. Following a teacher, textbook or language course is not enough. They show you the characters, words and grammar you need to become proficient in Chinese, but they don't teach you how to learn them! Regardless of what program you're in (if any), you need to take responsibility for your own learning. If you don't, you will miss many important things that aren't included in the course you're taking. If you study on your own, you need to be even more aware of what you need to do, what you're doing at the moment and the difference between them. Here are some of the questions I have asked and have since been asked many times by students: How do I learn characters efficiently? How do I get the most out of my course or teacher? Which are the best learning tools and resources? How can I become fluent in Mandarin? How can I improve my pronunciation? How do I learn successfully on my own? How can I motivate myself to study more? How can I fit learning Chinese into a busy schedule? The answers I've found to these questions and many others form the core of this book. It took eight years of learning, researching, teaching and writing to figure these things out. Not everybody has the time to do that! I can't go back in time and help myself learn in a better way, but I can help you! This book is meant for normal students and independent language learners alike. While it covers all major areas of learning, you won't learn Chinese just by reading this book. It's like when someone on TV teaches you how to cook: you won't get to eat the delicious dish just by watching the program; you have to do the cooking yourself. That's true for this book as well. When you apply what you learn, it will boost your learning, making every hour you spend count for more, but you still have to do the learning yourself. This is what a few readers have said about the book: The book had me nodding at a heap of things I'd learnt the hard way, wishing I knew them when I started, as well as highlighting areas that I'm currently missing in my study. - Geoff van der Meer, VP engineering This publication is like a bible for anyone serious about Chinese proficiency. It's easy for anyone to read and written with scientific precision. - Zachary Danz, foreign teacher, children's theatre artist About me I started learning Chinese when I was 23 (that's more than eight years ago now) and have since studied in many different situations, including serious immersion programs abroad, high-intensity programs in Sweden, online courses, as well as on the side while working or studying other things. I have also successfully used my Chinese in a graduate program for teaching Chinese as a second language, taught entirely in Chinese mostly for native speakers (the Graduate Institute for Teaching Chinese as a Second Language at National Taiwan Normal University). All these parts have contributed to my website, Hacking Chinese, where I write regularly about how to learn Mandarin.

Learn Mandarin Chinese for Beginners Lerin Fires, 2021-03-31 Learn the Chinese Mandarin language with this flawlessly represented book, Ideal for the entire family, highlights 100 words to utilize while voyaging, from food and transport, to animals and climate. Remembering Simplified Hanzi 1 James W. Heisig, Timothy W. Richardson, 2008-10-31 The approach that has helped thousands of learners memorize Japanese kanji has been adapted to help students with Chinese characters. Remembering Simplified Hanzi covers the writing and meaning of the 1,000 most commonly used characters in the traditional Chinese writing system, plus another 500 that are best learned at an early stage. Of critical importance to the approach found in these pages is the systematic arranging of characters in an order best suited to memory. In the Chinese writing system, strokes and simple components are nested within relatively simple characters, which can, in turn, serve as parts of more complicated characters and so on. Taking advantage of this allows a logical ordering, making it possible for students to approach most new characters with prior knowledge that can greatly facilitate the learning process.--BOOK JACKET.

Talk Mandarin Chinese Enhanced eBook (with audio) - Learn Mandarin Chinese with BBC Active Alwena Lamping, Feixia Yu, 2016-05-11 Talk Mandarin Chinese Enhanced eBook (with audio) - Learn Mandarin Chinese with BBC Active The bestselling way to make learning Mandarin Chinese easy Determined to learn the language but no time for nightschool? Let's Learn Mandarin Chinese Ebook Li Yu, 2016-03-08 Let's Learn Mandarin Chinese Kit is a complete language learning tool specially designed to introduce young children to the basic sounds, words, characters and phrases of Mandarin Chinese in a fun and interactive way. This Chinese language kit is perfect for use in a classroom setting, for home schooling, on vacation, or anywhere else that learning takes place. It contains: 64 Chinese flash cards An audio CD with recordings of songs, games and activities A wall chart showing the main words and phrases at a glance A 32-page learning guide for parents and teachers The flash cards present 64 basic words and phrases representing the full range of sounds in Mandarin Chinese and organized into thematic categories, including: Basic Etiquette and Daily Routines Introducing Family Members Identifying Objects Identifying Body Parts Learn the Multiplication Table Tell Me What You Like or Do Not Like Tell Me What You Like to Do Each word is illustrated with a picture that serves as an effective visual aid to learning and remembering the word. The words often reflect cultural objects and can be studied in any order. Learners may focus on one theme at a time or mix them up for greater variety. Simple example sentences are given for each word to show how they are used. The audio CD gives native-speaker pronunciations for all the words and sentences and also contains songs, games and other activities which promote interactive language learning. Finally, the kit includes a wall chart featuring all the pictures and words, and a booklet explaining how to use the flash cards, audio CD and wall chart and how to play the games and activities.

Tuttle Learning Chinese Characters Alison Matthews, Laurence Matthews, 2011-12-20 This user-friendly book is aimed at helping students of Mandarin Chinese learn and remember Chinese characters. At last—there is a truly effective and enjoyable way to learn Chinese characters! This book helps students to learn and remember both the meanings

and the pronunciations of over 800 characters. This otherwise daunting task is made easier by the use of techniques based on the psychology of learning and memory. Key principles include the use of visual imagery, the visualization of short stories, and the systematic building up of more complicated characters from basic building blocks. Although *Learning Chinese Characters* is primarily a book for serious learners of Mandarin Chinese, it can be used by anyone with an interest in Chinese characters, without any prior knowledge of Chinese. It can be used alongside (or after, or even before) a course in the Chinese language. All characters are simplified (as in mainland China) but traditional characters are also given, when available. Key features: Specially designed pictures and stories are used in a structured way to make the learning process more enjoyable and effective, reducing the need for rote learning to the absolute minimum. The emphasis throughout is on learning and remembering the meanings and pronunciations of the characters. Tips are also included on learning techniques and how to avoid common problems. Characters are introduced in a logical sequence, which also gives priority to learning the most common characters first. Modern simplified characters are used, with pronunciations given in pinyin. Key information is given for each character, including radical, stroke-count, traditional form, compounds, and guidance on writing the character. This is a practical guide with a clear, concise and appealing layout, and it is well-indexed with easy look-up methods. The 800 Chinese characters and 1,033 compounds specified for the original HSK Level A proficiency test are covered.

Easy Mandarin Chinese Haohsiang Liao, Ph.D., 2016-10-25 Concise and user-friendly, *Easy Mandarin Chinese* is designed for anyone who wants to learn Mandarin Chinese—whether on their own or with a teacher. This language learning book introduces the learner to all the basics of the Chinese language and teaches practical daily conversations and vocabulary. It enables users to begin communicating effectively from the very first day and its compact size makes it a great tool for travelers or business people looking to learn Chinese on the road without giving up on any content. This Mandarin language learning book includes: Useful notes on the Chinese script, pronunciation, sentence structure, vocabulary, and grammar Sections covering greetings, requests, idiomatic expressions and common situations Cultural information about Chinese etiquette as well as do's and don'ts A glossary of the most commonly-used Mandarin Chinese words and phrases An enclosed CD-ROM with many hours of native-speaker recordings of the dialogues, vocabulary and exercises.

Whether you're just starting to learn Mandarin Chinese or you want to brush up, there's no easier way to learn.

How to Learn Chinese Freya Yang, 2018-03-01 An easy way to learn Chinese – with games and activities Most people will tell you understanding Chinese is hard, but we've made learning this increasingly important language as simple as can be with fun games and activities. With simple tracing, diagrams, stories and memorable phrases, this book for the absolute beginner will have you mastering pinyin, so you can write and pronounce Chinese words, understanding perfect pitch and tone, simple grammar rules and basic vocabulary. This practical, useful guide will easily equip you with the fundamentals of Mandarin Chinese, covering all the material needed to pass HSK Chinese Proficiency Test Level 1. Discover Chinese characters, practise writing them and explore the stories behind the ancient graphics. Fall in love with this fascinating language and ignite a passion for a captivating culture. There are chapters on People: how to refer to yourself and others; Time: indicating and asking about time; Encounters: Greetings, interactions and introductions; Travelling: Transport and places; Food and Drink: Eating and shopping; Home: Around the house and describing locations; Activities: Actions and activities; Descriptions: How to describe things, including the weather; Work and Study: Learning and jobs. Each chapter includes a language lesson with Longlong the Dragon and Xiongmao the Panda, as well as an activity and an in-depth look at the basic characters. Written by Freya Yang, a native speaker and enthusiastic teacher of the language with experience of teaching both children and adults. Her use of original, engaging and easy-to-follow activities means learning is so simple, you won't even know you're doing it! Using simple, easy-to-understand games and activities and a friendly conversational style as well as fun illustrations, this modern language book is perfect for enthusiastic beginners.

Learn Chinese in 23 Minutes Marcus Lee, 2007 This is the first phrasebook in the market that comes with full color pages illustrations. It's easy & fun! Every Chinese word you learn is complement with English and Pronunciation.

Learn Chinese Through English Dr. Anita, 2006

Learning Chinese Language and Culture Weijia Huang, Qun Ao, 2020-03-15 *Learning Chinese Language and Culture* is an intermediate level textbook, which was intended to be used throughout the entire school year and designed mainly for students who have completed introductory courses of Chinese as a foreign language. Written in English, Traditional and Simplified Chinese, this book illustrates Chinese language knowledge and introduces Chinese culture in twentytwo lessons, covering a variety of cultural content, including customs and manners, holidays and festivals, poems and idioms, calligraphy and couplets, myths and legends, feng shui and superstitions, and historical relics and sceneries and many others. In every lesson, the authors have strived to maintain a clear topic and a coherent structure. They have also endeavored to keep the contents lively and achieve a fluent writing style while closely controlling the structure and grammar of every lesson.

This ebook is a condensation of the most important steps to take to become fluent and literate in Mandarin Chinese. What books to buy, when and how to use them, how long it takes and other important aspect are pinned down from a practical point of view. Content: My experience with Mandarin Chinese How to tackle Chinese Characters, books reviews How to not forget Chinese Characters, Anki What to do after single characters Main areas of consensus about Mandarin self- learning Conclusion If you look at becoming fluent and literate in Mandarin Chinese quickly, efficiently and quite effortlessly, you cannot go wrong with this book.

The Way of the Linguist Steve Kaufmann, 2005-11 *The Way of The Linguist*, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or

continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist, A language learning odyssey*, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

FAQs About Learn Chinese Books

What is a Learn Chinese PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting

of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Learn Chinese PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Learn Chinese PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Learn Chinese PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Learn Chinese PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and

local laws.
