Learning Mandarin Chinese Characters Volume 1 Yi Ren, 2017-02-28 Reinforce your written Chinese with this practice book for the best-selling Tuttle Learning Chinese Characters. Learning Mandarin Chinese Characters helps students quickly learn the basic Chinese characters that are fundamental to the language. Intended for self-study and classroom use, this character workbook presents 178 Chinese characters and over 534 common words using these characters. These are the characters and words students need to know if they plan to take the official Chinese government HSK Level 1 Exam or the Advanced Placement (AP) Chinese Language and Culture Exam. Each character is presented in a very simple and clear way. A step-by-step diagram shows how to write the character, and boxes are provided for freehand writing practice. The meaning and pronunciation are given along with the key vocabulary compounds and an example sentence. Review exercises reinforce the learning process and an index at the back allow you to look up the characters according to their English meanings or romanized Hanyu Pinyin pronunciation. Key features of this Chinese workbook include: Designed for HSK Level 1 and AP exam prep Learn the 178 most basic Chinese characters Example sentences and over 534 vocabulary items Step-by-step writing diagrams and practice boxes

Hacking Chinese Olle Linge, 2016-03-26 Learning Chinese can be frustrating and difficult, partly because it's very different from European languages. Following a teacher, textbook or language course is not enough. They show you the characters, words and grammar you need to become proficient in Chinese, but they don't teach you how to learn them! Regardless of what program you're in (if any), you need to take responsibility for your own learning. If you don't, you will miss many important things that aren't included in the course you're taking. If you study on your own, you need to be even more aware of what you need to do, what you're doing at the moment and the difference between them. Here are some of the questions I have asked and have since been asked many times by students: How do I learn characters efficiently? How do I get the most out of my course or teacher? Which are the best learning tools and resources? How can I become fluent in Mandarin? How can I improve my pronunciation? How do I learn successfully on my own? How can I motivate myself to study more? How can I fit learning Chinese into a busy schedule? The answers I've found to these questions and many others form the core of this book. It took eight years of learning, researching, teaching and writing to figure these things out. Not everybody has the time to do that! I can't go back in time and help myself learn in a better way, but I can help you! This book is meant for normal students and independent language learners alike. While it covers all major areas of learning, you won't learn Chinese just by reading this book. It's like when someone on TV teaches you how to cook: you won't get to eat the delicious dish just by watching the program; you have to do the cooking yourself. That's true for this book as well. When you apply what you learn, it will boost your learning, making every hour you spend count for more, but you still have to do the learning yourself. This is what a few readers have said about the book: The book had me nodding at a heap of things I'd learnt the hard way, wishing I knew them when I started, as well as highlighting areas that I'm currently missing in my study. - Geoff van der Meer, VP engineering This publication is like a bible for anyone serious about Chinese proficiency. It's easy for anyone to read and written with scientific precision. - Zachary Danz, foreign teacher, children's theatre artist About me I started learning Chinese when I was 23 (that's more than eight years ago now) and have since studied in many different situations, including serious immersion programs abroad, high-intensity programs in Sweden, online courses, as well as on the side while working or studying other things. I have also successfully used my Chinese in a graduate program for teaching Chinese as a second language, taught entirely in Chinese mostly for native speakers (the Graduate Institute for Teaching Chinese as a Second Language at National Taiwan Normal University). All these parts have contributed to my website, Hacking Chinese, where I write regularly about how to learn Mandarin.

Easy Way to Learn Chinese Through English in 30 days Shelly Verma, SHELLY VERMA is a Guest-Lecturer at University of Delhi and also a Chinese language faculty at Bhartiya Vidya Bhawan. She did Post Graduation in Management (Marketing & HR) from All India Management Association. Simultaneously she did Advanced Diploma in Chinese language from Department of East Asian Studies, University of Delhi. She has also completed an Advanced Diploma in Chinese language from Bhartiya Vidya Bhawan. She also did B.Ed. from MDU, Rohtak. Her keen interest in Chinese language made her qualify HSK Level 5. After completing her studies in Chinese language, she was selected by CBSE as a Master trainer of Chinese language. Later, she taught Mandarin in various institutes and international schools. With an experience of almost 8 years, she went to Taiwan for an Advanced Teacher Training programme.

Her purpose of writing this book is to meet the needs of a layman interested in learning Chinese language with basic grammar and sentence constructions in the shortest possible time. This book covers basic to intermediate Chinese grammar for sentence formation, greeting people, time, family, business communication, commonly used vocabulary, conversations- in hotel, at the airport, at the railway station, in the market, during telephone calls, etc. Chinese characters, Romanization and English sentences are given in each lesson to make it easier for the students to communicate with confidence.

Let's Learn Mandarin Chinese Ebook Li Yu, 2016-03-08 Let's Learn Mandarin Chinese Kit is a complete language learning tool specially designed to introduce young children to the basic sounds, words, characters and phrases of Mandarin Chinese in a fun and interactive way. This Chinese language kit is perfect for use in a classroom setting, for home schooling, on vacation, or anywhere else that learning takes place. It contains: 64 Chinese flash cards An audio CD with recordings of songs, games and activities A wall chart showing the main words and phrases at a glance A 32-page learning guide for parents and teachers The flash cards present 64 basic words and phrases representing the full range of sounds in Mandarin Chinese and organized into thematic categories, including: Basic Etiquette and Daily Routines Introducing Family Members Identifying Objects Identifying Body Parts Learn the Multiplication Table Tell Me What You Like or Do Not Like Tell Me What You Like to Do Each word is illustrated with a picture that serves as an effective visual aid to learning and remembering the word. The words often reflect cultural objects and can be studied in any order. Learners may focus on one theme at a time or mix them up for greater variety. Simple example sentences are given for each word to show how they are used. The audio CD gives native-speaker pronunciations for all the words and sentences and also contains songs, games and other activities which promote interactive language learning. Finally, the kit includes a wall chart featuring all the pictures and words, and a booklet explaining how to use the flash cards, audio CD and wall chart and how to play the games and activities.

Tuttle Learning Chinese Characters Alison Matthews, Laurence Matthews, 2011-12-20 This user-friendly book is aimed at helping students of Mandarin Chinese learn and remember Chinese characters. At last—there is a truly effective and enjoyable way to learn Chinese characters! This book helps students to learn and remember both the meanings and the pronunciations of over 800 characters. This otherwise daunting task is made easier by the use of techniques based on the psychology of learning and memory. Key principles include the use of visual imagery, the visualization of short stories, and the systematic building up of more complicated characters from basic building blocks. Although Learning Chinese Characters is primarily a book for serious learners of Mandarin Chinese, it can be used by anyone with an interest in Chinese characters, without any prior knowledge of Chinese. It can be used alongside (or after, or even before) a course in the Chinese language. All characters are simplified (as in mainland China) but traditional characters are also given, when available. Key features: Specially designed pictures and stories are used in a structured way to make the learning process more enjoyable and effective, reducing the need for rote learning to the absolute minimum. The emphasis throughout is on learning and remembering the meanings and pronunciations of the characters. Tips are also included on learning techniques and how to avoid common problems. Characters are introduced in a logical sequence, which also gives priority to learning the most common characters first. Modern simplified characters are used, with pronunciations given in pinyin. Key information is given for each character, including radical, stroke-count, traditional form, compounds, and guidance on writing the character. This is a practical guide with a clear, concise and appealing layout, and it is well-indexed with easy look-up methods. The 800 Chinese characters and 1,033 compounds specified for the original HSK Level A proficiency test are covered.

Easy Peasy Chinese DK, 2021-11-11 Do you want to learn the world's most spoken language? This easy-to-use beginner's e-guide and audio app will get you speaking basic Mandarin in no time. With useful tips, practice exercises, and fascinating insights into Chinese culture, Easy Peasy Chinese teaches you how to read, write, and speak Mandarin Chinese step by step. The accompanying audio app covers all the vocabulary in the book, helping you perfect your pronunciation and quickly get to grips with the Mandarin tones. Aimed at children aged 8+, but of appeal to beginners of all ages, it will teach you all the words and phrases you'll need to get by in China, so you can introduce yourself, read and write numbers, and chat about the weather, food, and interests. What's more, you can give yourself a Chinese name, haggle over shop prices, and learn all about the national culture. The ebook covers Pinyin, the system used to spell out Chinese characters using Roman letters, and introduces the Chinese writing system, identifying more than 200 of the most frequently used Chinese characters. Bold illustrations and photographs, and a compact, super-stylish design help make the process of learning fun and accessible. There is no Great Wall stopping you from learning now.

Easy Mandarin Chinese Haohsiang Liao, Ph.D., 2016-10-25 Concise and user-friendly, Easy Mandarin Chinese is designed for anyone who wants to learn Mandarin Chinese—whether on their own or with a teacher. This language learning book introduces the learner to all the basics of the Chinese language and teaches practical daily conversations and vocabulary. It enables users to begin communicating effectively from the very first day and its compact size makes it a great tool for travelers or business people looking to learn Chinese on the road without giving up on any content. This Mandarin language learning book includes: Useful notes on the Chinese script, pronunciation, sentence structure, vocabulary, and grammar Sections covering greetings, requests, idiomatic expressions and common situations Cultural information about Chinese etiquette as well as do's and don'ts A glossary of the most commonly-used Mandarin Chinese words and phrases An enclosed CD-ROM with many hours of native-speaker recordings of the dialogues, vocabulary and exercises.

The Way of the Linguist Steve Kaufmann, 2005-11 The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist, A language learning odyssey*, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

Learning Chinese Language and Culture Weijia Huang,Qun Ao,2020-03-15 Learning Chinese Language and Culture is an intermediate level textbook, which was intended to be used throughout the entire school year and designed mainly for students who have completed introductory courses of Chinese as a foreign language. Written in English, Traditional and Simplified Chinese, this book illustrates Chinese language knowledge and introduces Chinese culture in twentytwo lessons, covering a variety of cultural content, including customs and manners, holidays and festivals, poems and idioms, calligraphy and couplets, myths and legends, feng shui and superstitions, and historical relics and sceneries and many others. In every lesson, the authors have strived to maintain a clear topic and a coherent structure. They have also endeavored to keep the contents lively and achieve a fluent writing style while closely controlling the structure and grammar of every lesson.

Teaching and Learning Chinese as a Foreign Language Janet Zhiquan Xing,2006-01-01 This book provides a research-based account of how to teach and learn Chinese as a foreign language. In addition to the discussion of relevant second/foreign language research, this volume gives detailed information on ways to develop a pedagogical modelthat is uniquely suited to teaching Chinese in five key areas: pronunciation (tones and pinyin), characters and words, sentences (when and why different sentence structures are used), discourse and pragmatic competence (coherence and genre), and cultural competence. Specially written for Chinese language teachers, student teachers and applied linguists, this is the first book written in English that systematically addresses all major aspects involved in teaching and learning Chinese as a foreign language. This book covers all the fundamental grammar elements in Chinese, explains their functions in discourse and communication, and explores different strategies for teaching and engaging students in learning the language.

Learn Chinese Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Learn Chinese free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Learn Chinese free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Learn Chinese free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Learn Chinese. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Learn Chinese any PDF files. With these platforms, the world of PDF downloads is just a click away.
